Queer Ancient Ways Zairong Xiang,2018 Queer Ancient Ways advocates a profound unlearning of colonial modern categories as a pathway to the discovery of new forms and

theories of queerness in the most ancient of sources In this radically unconventional work Zairong Xiang investigates scholarly receptions of mythological figures in Babylonian and Nahua creation myths exposing the ways they have consistently been gendered as feminine in a manner that is not supported and in some cases actively discouraged by the texts themselves An exercise in decolonial learning to learn from non Western and non modern cosmologies Xiang s work uncovers a rich queer imaginary that had been all but lost to modern thought in the process critically revealing the operations of modern colonial systems of gender sexuality and knowledge formation that have functioned from the Conquista de America in the sixteenth century to the present to keep these systems in obscurity At the heart of Xiang s argument is an account of the way the unfounded feminization of figures such as the Babylonian co creatrix Tiamat and the Nahua creator figures Tlaltecuhltli and Coatlicue is complicit with their monstification This complicity tells us less about the mythologies themselves than about the dualistic system of gender and sexuality within which they have been studied underpinned by a consistent tendency in modern colonial thought to insist on unbridgeable categorical differences By contextualizing these deities in their respective mythological linguistic and cultural environments through a unique combination of methodologies and critical traditions in English Spanish French Chinese and Nahuatl Xiang departs from the over reliance of much contemporary queer theory on European post modern thought Much more than a queering of the non Western and non modern Queer Ancient Ways thus constitutes a decolonial and transdisciplinary engagement with ancient cosmologies and ways of thought which are in the process themselves revealed as theoretical sources of and for the queer imagination
