**The Southern Sudan** Dunstan M. Wai, 2013-10-23 First Published in 1972 The purpose of this book is to further understand the problems of the Southern Sudan which have often been unfairly equated with the prevalent problems of national integration facing post Colonial Africa For greater understanding of the history and the contemporary manifestations of the conflict between North and South in the Sudan the focus here is upon the generic aspects of this problem **The Southern Sudan** ,1973 *Identity, Citizenship, and Violence in Two Sudans: Reimagining a Common Future* A. Idris, 2013-08-20 The 2011 split of Sudan and the conflicts that have followed make it a case of ongoing significance for understanding state building in Africa Examining both the north south divide and the spread of violence from Darfur this study shows how colonial legacies have shaped state formation and charts out a path to inclusive citizenship and democracy

*The Southern Sudan* Dunstan M. Wai, 1973 Compilation of essays on the nature of the conflict and civil war between Northern and Southern Sudan and the resulting political problems and obstacles to economic integration and social integration of the two regions covers religion and racial conflict social conflict cultural factors economic relations political aspects demands for independence in the southern region the education of southern sudanese refugees future political trends etc Map references and statistical tables **Self-Determination and Secession in Africa** Redie

Bereketeab, 2014-08-07 This book provides a unique comparative study of the major secessionist and self determination movements in post colonial Africa examining theory international law charters of the United Nations and the Organisation of African Unity OAU African Union s AU stance on the issue The book explores whether self determination and secessionism lead to peace stability development and democratisation in conflict ridden societies particularly looking at the outcomes in Eritrea and South Sudan The book covers all the major attempts at self determination and secession on the continent extensively analysing the geo political economic security and ideological factors that determine the outcome of the quest for self determination and secession It reveals the lack of inherent clarity in international law social science theories OAU AU Charter UN Charters and international conventions concerning the topic This is a major contribution to the field and highly relevant for researchers and postgraduate students in African Studies Development Studies African Politics and History and Anthropology *The Politics of Two Sudans* Deng D. Akol Ruay, 1994 This book gives a vivid account of the political history of Sudan from 1821 to 1969 It shows why Sudan is in reality two Sudans which differ in every substantive aspect geographical ethnic cultural and religious North and South Sudan became one sovereign state by colonial fiat Since 1821 the Turko Egyptian rules in Sudan sealed the fate of the Southern people From that time onwards Southern Sudan has been laid bare to foreign intervention and influence The Southern Sudanese have experienced all kinds of exploitation including the slave trade subjection to alien cultures and religions colonialism and finally outright annexation to the Arab North This foreign interference was and still is fiercely resisted by the Southerners This book traces analyzes and evaluates their

protracted struggle The analysis leads to the logical conclusion that the two Sudans will inevitably in the near future become separate sovereign states South Sudan: the Case for Independence & Learning from Mistakes LB Lokosang,2010-09-10 This work started some few years ago motivated by internet discussions involving a group of South Sudanese in the Diaspora A question was floated by the author Why must South Sudan become an independent state a number of forum discussants contributed with answers to this key question The contributions were substantial and provided the mould of this book I therefore want to salute the efforts of my compatriots Dr Charles Bakhiet Saki Mr Rogato Ohide and others who added some bits of answers to that key question Their individual intellectual contributions to the initial manuscript are invaluable If this Book scored some mileage these compatriots are part of the acclaim **South Sudan** Matthew Arnold,Matthew LeRiche,Fellow in Managing Humanitarianism at the Londonschool of Economics Matthew Leriche,2012-10-23 In July 2011 the Republic of South Sudan achieved independence concluding what had been Africa s longest running civil war A story of transformation and of victory against the odds this book reviews South Sudan s modern history Post-Referendum Sudan National and Regional Questions Wassara, Samson Samuel,Al-Abdin, Al-Tayib Zain,2015-03-02 The fate of Sudan by then the largest country in Africa was clearly decided when results of the referendum vote were announced in February 2011 Policy makers scholars and the international community began to grapple with critical issues that might arise after the independence of South Sudan and how different stakeholders were likely to react during the period of uncertainty Political developments in Sudan were long term outcomes of post cold war revolutions in the world system after the Soviet Union collapsed A domino effect of such events swept across Eastern Europe with some manifestations in the Horn of Africa The fall of Mengistu Haile Mariam marked the beginning of the redrawing of the map of Africa and posed a challenge to the long held principle of preservation of colonial borders that had been enshrined in the Charter of the Organisation of African Unity The precedent set by the independence of Eritrea seemed to encourage southern Sudan to press forward for independence through a two pronged approach of armed struggle and diplomacy led by the Sudan People s Liberation Army Movement This book attempts to understand national regional and continental dimensions of the unresolved issues that could result in the escalation of conflict in the Sudan It examines internal dynamics of the Sudan after secession of the south and how these dynamics might affect neighbouring countries in the geopolitical regions the Horn of Africa the Great Lakes Region and Central Africa A section of the book is dedicated to dynamics within South Sudan as a new state Post conflict South Sudan as country was marked by extreme poverty lack of infrastructure and prevalence of inter communal armed violence This book proposes possible policies to prevent the country from descending into a state of economic and social chaos The book provides the argument that equitable and rational transformative socio economic programmes and policies could greatly reduce potentials for conflict This book calls on policy makers to pursue policies that could lead to concrete projects planned to alleviate poverty and provision of basic social services such as education health and safe water The book comes to the

conclusion that political stability will depend on collective actions of stakeholders to ensure that peace prevails both in the north and the south to guarantee human security in the region

**The Root Causes of Sudan's Civil Wars** Douglas Hamilton Johnson, 2011 Sudan's post independence history has been dominated by political and civil strife Most commentators have attributed the country's recurring civil war either to an age old racial divide between Arabs and Africans or to recent colonially constructed inequalities This book attempts a more complex analysis briefly examining the historical political economic and social factors which have contributed to periodic outbreaks of violence between the state and its peripheries In tracing historical continuities it outlines the essential differences between the modern Sudan's first civil war in the 1960s and the current war It also looks at the series of minor civil wars generated by and contained within the major conflict as well as the regional and international factors including humanitarian aid which have exacerbated civil violence This introduction is aimed at students of North East Africa and of conflict and ethnicity It should be useful for people in aid and international organizations who need a straightforward analytical survey which will help them assess the prospects for a lasting peace in Sudan Douglas H Johnson is an independent scholar and former international expert on the Abyei Boundaries Commission
