Information Systems Outsourcing Rudy Hirschheim, Armin Heinzl, Jens Dibbern, 2007-06-13 Four years have been passed away since the first edition of this book has

been published While certain key issues on IS sourcing like determinants and application service provision have become more mature from an academic and industry perspective additional topics have arisen on the horizon In particular offshoring and business process outsourcing have led to numerous insightful publications which offer a valuable and indispensable holistic sourcing perspective Thus the second edition of our outsourcing book deals with enduring themes new perspectives and global challenges In addition to classical themes like Sourcing Determinants Part I Relationship Aspects Part II and Experiences Part III we felt it worthwhile to add three new parts They cover information systems outsourcing from a Vendor and Individual Perspective Part IV Application Service Providing Part V as well as Offshoring and Global Outsourcing Part VI Again we have thoughtfully tried to arrange a compilation of contemporary outsourcing research as a primer and a platform for scientific discourse In contrast to the first edition this book is not the outcome of an International Conference but rather an update of important and relevant perspectives Since the Third International Conference on Outsourcing of Information Services will take place 2007 in Heidelberg Germany it may be considered as an epilogue for further interactions and discussions

Strategic Management of Information Systems Keri E. Pearlson, Carol S. Saunders, 2012-11-06 This brief but complete paperback builds a basic framework for the relationships among business strategy information systems and organizational strategies Readers will learn how IT relate to organizational design and business strategy how to recognize opportunities in the work environment and how to apply current technologies in innovative ways
