## **Strategies For Increasing Access And Performance In Higher Education:**

Strategies for Increasing Access and Performance in Higher Education Jan Karel Koppen, Wolff-Dietrich Webler, 1993

Recent social changes have resulted in a rising demand for higher education in greater heterogeneity of student population and in new challenges in adapting academic and professional training to the needs of the European labor market National and institutional policies in most European countries are directed towards facilitating access to higher education and towards diversifying the educational provision However policy results show marked differences between countries and are limited by the relatively low effectiveness and efficiency of the system The further development of higher education faced with this challenge requires more and specific knowledge of the relations between system characteristics student characteristics and educational outcomes This book with selected contributions on access and performance supports this goal Strategies for Increasing Access and Performance in Higher Education Wolff-Dietrich Webler, 1993 **Higher Education Benchmarking**

**Higher Education System Performance** OECD, 2019-06-11 The project on benchmarking higher education system performance provides a comprehensive and empirically rich review of the higher education landscape across OECD countries taking stock of how well they are performing in meeting their education research and engagement responsibilities

Higher Education and Development in Africa Pedro

Uetela, 2017-01-19 This book critically addresses concepts and analyses related to the higher education and development nexus in Africa. The study explores the expansion of higher education in Africa and its impact on development, modernization and the economy to situate Africa within global debates on higher education governance and investment. Using concrete indicators from economic, social and political domains, the book demystifies dominant narratives which giant institutions have applied to disunite the relationship between universities and growth on the continent.

**Advancing Equity: Exploring EDI in Higher Education Institutes** Karan Singh Rana, Charlotte Rachael Flavell, Joanne Gough, Elizabeth Alvey, Aziza Mahomed, Nisha Dhanda, 2025-08-21 Higher education institutions (HEIs) are experiencing growing diversity amongst student populations due to global influences, neoliberal policies and efforts to broaden access. In this context, counteracting colonial legacies and addressing deficit-based attitudes requires a focus on cultural proficiency, inclusive teaching and transformative pedagogy. This Research Topic focuses on emphasising the urgent necessity for transformative discussions in higher education, centring on the critical exploration of advancing equity and exploring equality, diversity and inclusion in Higher Education Institutions. Our primary aim is to establish a scholarly forum wherein researchers, educators and practitioners can share pioneering research and reflective perspectives on interventions that explore inclusivity within higher education institutes. Our goal is to promote an inclusive dialogue that transcends conventional limits and addresses the issues faced by marginalised individuals within the higher education setting. Consequently, we endeavor to curate a collection of works that not only highlight the challenges but also showcase the successes of embedding inclusivity into higher education. By developing a comprehensive understanding of the obstacles and prospects in providing an equitable learning experience, this collection of work can potentially serve as a repository of best practices, thereby shaping the higher education landscape for the better.

**Research Anthology on Physical and Intellectual Disabilities in an Inclusive Society** Management Association, Information Resources, 2021-08-27 Discussions surrounding inclusivity have grown exponentially in recent years. In today's world, where diversity, equity and inclusion are the hot topics in all aspects of society, it is more important than ever to define what it means to be an inclusive society, as well as challenges and potential growth. Those with physical and intellectual disabilities, including vision and hearing impairment, Down syndrome, locomotor disability and more, continue to face challenges of accessibility in their daily lives, especially when facing an increasingly digitalized society. It is crucial that research is brought up to date on the latest assistive technologies, educational practices, work assistance and online support that can be provided to those classified with a disability. The Research Anthology on Physical and Intellectual Disabilities in an Inclusive Society provides a comprehensive guide of a range of topics relating to myriad aspects, difficulties and opportunities of becoming a more inclusive society toward those with physical or intellectual disabilities. Covering everything from disabilities in education, sports, marriages and more, it is essential for psychologists, psychiatrists, pediatricians
