**Strategy and Program: Two Essays Toward a New American Socialism** Staughton Lynd, Gar Alperovitz, 1973  
Monograph presenting some of the social reforms and strategies of new left socialism in the USA maintains that the political system of the future should emphasize such goals as decentralization community development broad political participation greater control of economic resources etc References *Strategy and Program: Two Essays Toward a New American Socialism* Staughton Lynd, Gar Alperovitz, 1973-01-01

**The Writing of American History** Michael Kraus, Davis D. Joyce, 1990-01-01 Events which become historical says Michael Kraus do not live on because of their mere occurrence They survive when writers re create them and thus preserve for posterity their otherwise fleeting existence Paul Revere s ride for example might well have vanished from the records had not Longfellow snatched it from approaching oblivion and given it a dramatic spot in American history Now Revere rides on in spirited passages in our history books In this way the recorder of events becomes almost as important as the events themselves In other words historiography the study of historians and their particular contributions to the body of historical records must not be ignored by those who seriously wish to understand the past When the first edition of Michael Kraus s Writing of American History was published a reviewer for the New York Herald Tribune wrote No serious study of our national origins and development can afford not to have such an aid as this at his elbow The book quickly came to be regarded as one of the few truly standard general surveys of American historiography invaluable as a reference book as a textbook and as a highly readable source of information for the interested general reader This new edition with coauthor Davis D Joyce confirms its position as the definitive work in the field Concise yet comprehensive here is an analysis of the writers and writings of American history from the Norse voyages to modern times The book has its roots in Kraus s pioneering History of American History published in 1937 a unique and successful attempt to cover in one volume the entire sweep of American historical activity Kraus revised and updated the book in 1953 when it was published under the present title Now once again the demand for its revision has been met Davis D Joyce with the full cooperation and approval of Kraus has thoroughly revised and brought up to date the text of the 1953 edition The clarity and evenhandedness of Kraus s text has been carefully preserved The last three chapters add entirely new material surveying the massive and complex body of American historical writing since World War II Consensus American Historical Writing in the 1950s Conflict American Historical Writing in the 1960s and Complexity American Historical Writing in the 1970s and Beyond Michael Kraus Professor Emeritus at City College of New York received the Ph D from Columbia University and in his long career established himself as one of America s foremost historiographers Davis D Joyce is Professor Emeritus of History East Central University Ada Oklahoma and is the author of HOWARD ZINN A RADICAL AMERICAN VISION and ALTERNATIVE OKLAHOMA CONTRARIAN VIEWS OF THE SOONER STATE He teaches part time at Rogers State University Claremore Oklahoma

**The New Left and Labor in 1960s** Peter B. Levy, 2024-04-22 It is a powerful story the

relationship between the 1960s New Left and organized labor was summed up by hardhats confronting students and others over US involvement in Vietnam But the real story goes beyond the Love It or Leave It signs and melees involving blue collar types attacking protesters Peter B Levy challenges these images by exploring the complex relationship between the two groups Early in the 1960s the New Left and labor had cooperated to fight for civil rights and anti poverty programs But diverging opinions on the Vietnam War created a schism that divided these one time allies Levy shows how the war combined with the emergence of the black power movement and the blossoming of the counterculture drove a permanent wedge between the two sides and produced the polarization that remains to this day

**Overcoming Capitalism** Tom Wetzel,2022-06-28 Overcoming Capitalism is a book about strategy particularly how the powerless can get the upper hand And it s written for everyone not a specialized self selected audience Tom Wetzel carefully explains how capitalism works and how the structure is stacked against us with an eye toward where power lies and how we can tip the scales The book is a twenty first century reworking of the approach to unionism The United States has a dramatic history of workers organizing on the job In the last 70 odd years labor organizations have made peace with owners and wages various protections and safety has diminished All during an era that despite its ups and downs has been extremely profitable for the ownership class Wetzel provides a solution to that failure by showing how a democratic outcome can be built into the method of struggle for social change giving working people the means to ensure they will end up in control of the labor process and

the larger society But this isn't the old white guy in a hard hat unionism of the previous century The working class has changed Life under capitalism has changed How we think about unionism must also change While the political and capitalist class wring their hands over the environmental crisis and economic inequality we can see the immediate appeal of a union movement with an expanded mission to wrest control from the wealthy and powerful before they cost shift us into extinction

*Anti-Americanism* Paul Hollander, In its domestic manifestations anti Americanism may be equated with alienation or an embittered radical social criticism Abroad it may take the form of nationalism anti capitalism and protest against modernity This volume examines the phenomenon within American society and aboard especially among intellectuals My Country Is

the World Luke Stewart,2023-03-07 Staughton Lynd was one of the principal intellectuals and activists making the radical argument that the U S intervention in Vietnam was illegal under domestic and international law Lynd was uncompromising in his courageous stance that the U S should immediately withdraw from Vietnam and that soldiers and draftees should refuse to participate in the war based on their individual conscience and the Nuremberg Principles of 1950 Lynd did not just write about opposing the war he was one of the chief proponents of direct action and civil disobedience to confront the war machine at the university in the halls of power and in everyday life through refusing to pay income taxes As Staughton Lynd's speeches writings statements and interviews demonstrate there were coherent and persuasive arguments against the war in Vietnam based on U S and international law precedents from American history and moral and ethical considerations based on conscientious objection to war and an internationalism embraced by American radicals which said My country is the world my countrymen are all mankind *Common Worlds* Carl A. Maida,2018-11-23

*Common Worlds* Paths Toward Sustainable Urbanism explores expert and lay approaches to sustainable urbanism focusing on the politics and civic aesthetics of space and place project based learning and its consequences for the life chances of youth and the prospect of intergenerational civic engagement Extended case studies of sustainable urbanism describe areas undergoing demographic and socioeconomic change over the two decades since the end of the Cold War The case studies based upon participatory action research are framed through the lens of transformational anthropology which focuses on the structural factors and power relationships that contribute to social and economic disparities within a population This approach is based upon principles of personal and group transformation and it holds researchers responsible for collaborating with communities and groups in co constructing research thereby enhancing the constituents ability to carry out subsequent transformational change studies rooted in and shaped by the local community Each case also focuses on a movement in support of aesthetic improvement including preservation conservation and restoration efforts on behalf of parkland open space agricultural land and marine wetlands in the face of external threats to their sustainability **Leaders from the 1960s** David De Leon,1994-06-22

The throngs at Woodstock Jane Fonda in Hanoi I Have a Dream burning draft cards fire in the streets these images of the 1960s are still very much alive today What happened to the people and principles that dominated that decade Which leaders from those

turbulent years had the most lasting effect on our lives today How well have the principles for which those leaders fought so strongly withstood the test of time This thought provoking biographical dictionary allows the reader to study the leaders both conservative and liberal their ideals and their enduring influence With major sections on racial democracy peace and freedom sexuality and gender the environment radical culture and visions of alternative societies Leaders from the 1960s includes entries on a wide selection of nationally prominent activists of the 1960s In addition to those who dominated only the sixties the volume includes earlier activists who came into prominence in the 1960s and activists of the era who came into prominence since the 1960s Each entry provides a biographical sketch but the focus of the entries is on the person s basic concepts or the essence of his or her work and the public response it generated Included are extensive bibliographies on the individuals and the period *Catalog of the Peace Collection* Swarthmore College. Peace Collection,1982 **Living**

**Inside Our Hope** Staughton Lynd,2019-05-15 The photograph of three men spattered with red paint their arms linked marching to protest the Vietnam War is an icon of the 1960s movement for social justice David Dellinger is on one side Robert Moses on the other In the middle is Staughton Lynd chairperson of the first march on Washington against the war and former director of the Mississippi Freedom Schools Thirty years later Staughton Lynd here reaffirms ideas central to the New Left of the sixties nonviolence participatory democracy an experiential approach to education and anti capitalism In essays written between 1970 and 1995 he passionately defends the intellectual contribution of a movement often dismissed as mindlessly activist In addition he advocates direct sustained involvement in meeting the needs of the working class and the poor Each section of the book identifies major influences on Lynd s life as teacher historian lawyer and organizer In the section entitled Accompaniment Lynd suggests the relevance to the United States of the concepts of liberation theology which have revolutionized Central America In Socialism with a Human Face he expresses continued allegiance to the socialist ideals exemplified by Simone Weil and E P Thompson The final section Solidarity Unionism deals with the self activity of rank and file workers *Living Inside Our Hope* will reach out to everyone who remembers the ideals of the sixties with nostalgia and to those too young to remember who are seeking a foundation on which to build their own social activism
