Strategy Of Japanese Business:

Choose and Focus Ulrike Schaede, 2011-01-15 Between 2002 and 2008 Japan's economy saw constant expansion a record among the world's advanced economies and Japan's longest period of economic growth since World War II This remarkable achievement came about because of a transformation of Japanese business practices This transformation was guided by strategies that enabled Japan's leading corporations previously diversified to an exceptionally high degree to become leaner more nimble and more competitive at home and in the global economy In *Choose and Focus* the first in depth account of this strategic inflection point in Japanese business Ulrike Schaede argues that the emerging practices and attitudes have created a New Japan Drawing on profiles of several corporations including Panasonic Takeda and Astellas Softbank kakaku.com and SBI E Trade Schaede explains how the fundamental principles of Japan's economy have been overturned *Choose and focus* strategies whereby corporations concentrate on core areas and spin off unrelated businesses have completely altered the strategic logic of Japan's previous industrial architecture These surprisingly aggressive moves Schaede finds have created new market opportunities for start up enterprises and foreign investors as well as a wave of mergers acquisitions and hostile takeovers that have shaken Japanese companies out of complacency Unlike the advances made by Japanese firms in the 1970s and 1980s the current transformation is taking root in component and materials industries rather than in consumer products Because of the relative obscurity of the changes and the overshadowing story of China's ascent the Japanese corporate revolution has gone largely unnoticed among Western observers *Choose and Focus* is required reading for anyone doing business in Japan or trying to understand how contemporary Japanese business works and how Japanese corporations have reinvented themselves to face the challenges and realize the opportunities of the 21st century

The Mind of the Strategist Ken'ichi Ōmae, Kenichi Ohmae, 1983 **Business Strategies for Japan** Boston Consulting Group, James C. Abegglen, 1971 **The Strategy of Japanese Business** James C. Abegglen, 1984 **The Mind of the Strategist** Ken'ichi Ōmae, 1982 *Anatomy of Japanese Business* Kasuo Sato, 2019-07-12 This volume collects eleven essays written by Japanese experts on various aspects of Japanese business management and is a sequel to the volume *Industry and Business in Japan* It examines the mechanisms for Japan's phenomenal economic growth since the Second World War by analyzing Japanese management business groups production systems and business strategy

Japan: Doing Business and Investing in Japan Guide Volume 1 Strategic, Practical Information and Contacts IBP, Inc., 2015-06 *Japan Doing Business and Investing in Guide Volume 1 Strategic Practical Information Regulations Contacts* [Routledge Handbook of Japanese Business and Management](#) Parissa Haghirian, 2016-01-29 The *Routledge Handbook of Japanese Business and Management* provides a comprehensive overview of management and business processes and practices in Japanese companies The contributors combine theoretical findings and research results with a practical and contemporary view on how corporations and firms are managed in Japan The handbook is divided into eight sections covering historical perspectives on Japanese

management structure and theory of the Japanese firm the corporate environment in Japan the Japanese work environment the Japanese market manufacturing and logistics interaction and communication the future of Japanese management This book is an essential reference resource for students and scholars working on Japanese companies the Japanese market place Japanese consumers or management processes in the Japanese firm The book also provides an interesting and informative read for managers who need to deepen their knowledge on Japanese business processes Japanese Business Success Takeshi Yuzawa,1994 The growth of Japanese business to a dominant world position in the post war era has attracted many Western studies and analyses of Japanese management methods in comparison with those of the West This is an inside account by leading Japanese experts of the way in which individual Japanese firms came to dominate world markets The text charts the rise of household names such as Canon and Toyota against the background of growth and restructuring that took place in Japan after the war It should interest anyone who wishes to understand the strategies by which Japanese business has achieved its success The Internationalization Of Japanese Business Malcolm Trevor,2019-07-16 This book examines the progress of internationalisation of European and Japanese business in four different fields the commodities and service trade capital transfers enterprise management and information and culture Restructuring Japanese Business for Growth Raj Aggarwal,2012-12-06 Restructuring Japanese Business for Growth consists of eighteen previously unpublished invited chapters by experts on Japanese business It will attract both commercial and academic interest Japanese business can be expected to continue to be of great importance in global and Asian economics especially as the Japanese economy is the dominant economy in Asia being larger than all other Asian economies combined Policymakers and business people interested in understanding Japanese financial markets will find this book useful In addition this book should be a valuable resource for undergraduate graduate and executive development courses in international business global finance and Japanese business *Japan Business Law Handbook Volume 1 Strategic Information and Basic Laws* IBP, Inc.,2012-02-22 *Japan Business Law Handbook Strategic Information and Basic Laws* Risk Management Strategies of Japanese Companies in China Kristin Vekasi,2019-06-14 In the context of political tensions and rising economic interdependence between Japan and China this book studies how Japanese multinational companies try to minimize damages and manage their own fear and uncertainty to sustain their business interests Using a qualitative approach including over 150 interviews with Japanese and Chinese business and industry leaders combined with statistical analysis of unique firm level data this book brings a firm level view to this crucial case of political conflict amid economic interdependence It argues that there is wide variation in the degree of material damages Japanese multinationals sustain in the aftermath of political disputes and how threatening they perceive the risks of political conflict to be This book then goes on to evaluate the different responses to risk from promoting Japan s culture through privately funded tactics and building common cause with the government to diversifying a portion of assets abroad and even leaving China entirely Presenting a new angle on economic globalization in

the Asia Pacific region Risk Management Strategies of Japanese Companies in China will be useful to students and scholars of Asian politics business and economics as well as international political economy *The Business Reinvention of Japan* Ulrike Schaede,2020-06-16 **Japanese Business Management** Harukiyo Hasegawa,Glenn D. Hook,2002-11-01 In this study the views of Japan s leading experts on the globalization of Japanese business management and industrial relations explain how traditional Japanese style management is responding to the changes following the collapse of the bubble economy The areas covered include the changes made in management itself inside Japan and also how it is adapting itself when transferred overseas The book demonstrates how management is moving towards a hybrid type in overseas operations and towards a western style in Japan where contractual principles are beginning to be given greater weight **Bridges to Japanese Business Etiquette** Philippe Huysveld,2025-04-14 **Japanese Business Operations in an Uncertain World** Anshuman Khare,Nobutaka Odake,Hiroki Ishikura,2021-12-19 This book looks at Japanese companies in manufacturing and services sectors and how they are trying to emerge from the prolonged uncertainty of the pandemic The chapters are written by those dealing with Japanese business under the shadow of the pandemic and being influenced by the continuous and rapid adoption of digital technologies in business and our daily lives This book brings together the experiences of big and small corporations while looking at how digital transformation and the pandemic combined have led to a transformation in the product production processes and services It highlights the role played by robots 3 D printing and renewable energy in manufacturing while the impact can be seen in the changes coming to future offices how we work and interact and how we relax through tourism and travel on the service side The services sector is as much impacted by digital transformation and the pandemic as any other field in business Aimed at academics researchers and practitioners Japanese Business Operations in an Uncertain World will provide valuable insights into how Japanese organizations are adapting to the dual impact of the pandemic and advancements in digital technologies **Modern Japanese Organization and Decision-Making** Ezra F. Vogel,2023-11-10 This book constitutes the first attempt of its kinds to probe the major features of modern Japanese organization that have played such a critical role in Japan s extraordinarily rapid economic development The contributors include prominent academic business consultants such as Peter Drucker of the United States and Kazuo Noda of Japan Japanese government officials such as Yoshihisa Ojimi former Administrative Vice Minister of the Ministry of International Trade and Industry and Taishiro Shirai a member of the Central Labor Relations Commission as well as outstanding Western experts on modern Japanese organization The essays deal not only with Japanese government and business but also with the structures of a newspaper and a university and with the role of Japanese intellectuals in modern organization The portrait of Japanese organization that emerges is much more dynamic and volatile than has been generally supposed One finds business and government managers creatively using so called traditional practices in novel ways and undertaking bold departures to achieve new purposes The findings contradict the view that decision stems from below Not only do executives have an

important role in initiating action but lower level officials function within a context defined by their superiors Far greater tensions and conflict exist within organizations than is commonly reported by outsiders especially in institutions like the university where conflicts often paralyze the decision making process Similarly there is far greater divergence of interest among different sectors of society than one might infer from the stereotypical view of Japan Inc And since the high level of consensus supporting the fundamental commitment to economic growth is now weakening increasing divergence may be anticipated in the future This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1975

Rediscovering Japanese Business Leadership Yozo Hasegawa, 2011-08-24 Who are Asia s biggest business leaders What kind of leadership skills and philosophies do they possess that have put them at the forefront of their respective industries What makes these business leaders in particular best equipped to meet the challenges of a 21st century global economy In Rediscovering Japanese Business Leadership we gain insights into the leadership strategies of Japan s most successful global brands including Toyota Canon and Nintendo This book will be the first title in a series on Asian business leaders leading companies and corporate philosophies in the 21st century The inaugural volume will focus on business leaders and strategies at Japanese companies that are not only driving and reshaping their respective industries in the 21st century but are demonstrating a knack for consistently meeting the various challenges of today s rapidly changing world
