Strauss Richard

Derrick Puffett

Strauss Richard:

The Life of Richard Strauss Bryan Gilliam, 1999-08-19 Richard Strauss saw an empire come and go survived two world wars witnessed the rise and fall of the Weimar Republic endured the period of National Socialism and died the year that Germany was officially divided into two separate states All the while he enjoyed a successful career as composer as conductor of international stature as organizer for the rights of composers and as colleague of and collaborator with some of the most important composers writers and artists of his day This biography covers Strauss s early musical development his emergence as a tone poet in the late nineteenth century his turn to the stage at the beginning of the twentieth century the successes and failures of the post World War I era the turbulent 1930s and the period of the Second World War and its aftermath

Richard Strauss Norman Del Mar, 2013-12-19 Norman Del Mar 1919 1994 was universally recognised as a leading authority on the music of Richard Strauss and his masterly three volume study of his life and works remains a classic Volume I deals with the years from the composer s birth 1864 to *Der Rosenkavalier* 1912 discussing the early orchestral and chamber music the tone poems and the operas *Guntram* *Feuersnot* *Salome* and *Elektra* Deploying a well nigh encyclopaedic knowledge Mr Del Mar acquits himself brilliantly of his task of disentangling and reassembling the numerous strands that make up the backcloth of poetry and philosophy which Strauss while not always understanding every intricacy yet needed as a constant reference map for his composing The three volumes of this magnificent book should be studied by all lovers of the late romantic music amateurs and professionals alike a monumental achievement *Times Literary Supplement* A brilliant and copiously analytical study a constant fascination *Guardian*

Richard Strauss Alan Jefferson, 1975 *Richard Strauss* Michael Kennedy, 1996 And other works that hold the stage to this day His brilliant tone poems for orchestra include such staples of the repertory as *Death and Transfiguration* *Don Juan* *Ein Heldenleben* *Till Eulenspiegel* s Merry Pranks and *Also sprach Zarathustra* source of the famous sunrise music used in the film 2001 A distinguished composer of songs chamber music and ballets as well Strauss was also one of the outstanding conductors of his time directing opera companies in

Correspondence Between Richard Strauss and Hugo Von Hofmannsthal Richard Strauss, Hugo von Hofmannsthal, 1927

Richard Strauss Norman Del Mar, 2009-04 Norman Del Mar 1919 1994 was universally recognised as a leading authority on the music of Richard Strauss and his masterly three volume study of his life and works remains a classic Volume I deals with the years from the composer s birth 1864 to *Der Rosenkavalier* 1912 discussing the early orchestral and chamber music the tone poems and the operas *Guntram* *Feuersnot* *Salome* and *Elektra* Deploying a well nigh encyclopaedic knowledge Mr Del Mar acquits himself brilliantly of his task of disentangling and reassembling the numerous strands that make up the backcloth of poetry and philosophy which Strauss while not always understanding every intricacy yet needed as a constant reference map for his composing The three volumes of this magnificent book should be studied by all lovers of the late romantic music amateurs and professionals alike a monumental achievement *Times Literary Supplement* A brilliant and

copiously analytical study a constant fascination Guardian **Richard Strauss, the Man and His Work** Ernst Krause, 1969

Richard Strauss Bryan Gilliam, 1997 As we approach the fiftieth anniversary of Richard Strauss's death scholarly interest in the composer continues to grow Despite what was once a tendency by musicologists to overlook or deny Strauss's importance these essays firmly place the German composer in the musical mainstream and situate him among the most influential composers of the late nineteenth and early twentieth centuries Originally published in 1992 this volume examines Strauss's life and work from a number of approaches and during various periods of his long career opening up unique corridors of insight into a crucial time in German history Contributors discuss Strauss as a young composer steeped in a conservative instrumental tradition as a brash young modernist tone poet of the 1890s as an important composer of twentieth century German opera and as a cultural icon manipulated by the national socialists during the 1930s and early 1940s Individual essays use Strauss's creative work as a framework for larger musicological questions such as the tension between narrative and structure in program music the problem of extended tonality at the turn of the century stylistic choice versus stylistic obligation and conflicting perspectives of progressive versus conservative music This collection will interest Strauss scholars musicologists and those interested in the artistic and cultural life of Germany from 1880 through the Second World War Contributors Kofi Agawu G nter Brosche Bryan Gilliam Stephen Hefling James A Hepokoski Timothy L Jackson Michael Kennedy Lewis Lockwood Barbara A Peterson Pamela Potter Reinhold Schl tterer R Larry Todd Richard Strauss Michael Kennedy, 1999-01-13 Was Richard Strauss the most incandescent composer of the twentieth century or merely a bourgeoisie artist and Nazi sympathizer For the fifty years since his death on September 8 1949 Richard Strauss has remained dogmatically elusive in the wider body of musical and historical criticism Lauded as nothing less than the greatest musical figure of his time by Canadian musician Glenn Gould in 1962 Strauss also has attracted his share of posthumous epithets in summary an artist who lived off his own fat during his later years As recently as 1995 the English critic Rodney Milnes wrote the court of posterity is still reserving judgment In *Richard Strauss Man Musician Enigma* biographer Michael Kennedy demonstrates that the many varying shades of criticism that have painted this figure in the past half century resemble the similar understandings and misunderstandings held by his contemporaries perceptions that touched almost every aspect of Strauss life and career Introducing his detailed work more as a broad explication than a firm answer to the Straussian riddle Kennedy's scope includes the exuberant extroverted Strauss of young adulthood as well as the phlegmatic and aloof middle aged man who resembled a prosperous bank manager the arch fiend of modernism and the composer who redefined the term a man who professed to lack all spiritual curiosity and a musician who penned the touching ballet *Der Kometentanz* an at times almost humble family man and an artist who claimed to be as interesting as Napoleon and Alexander the Great Kennedy clearly elucidates his enigmatic subject by building his analysis around the few constants in Strauss life his profound admiration for German culture his dependence on his own family for guidance and his Nietzschean total absorption

in art This frame offers everyone from Straussian scholars to general readers an insightful and easy to follow biographical narrative Kennedy also deals at length with Strauss problematic relationship with Nazi authorities detailing his incompatible roles as the father in law of a Jewish woman and as one of the country s leading composers Michael Kennedy is the chief music critic of the London Sunday Telegraph and the author of many books about music

Richard Strauss's Orchestral Music and the German Intellectual Tradition Charles Youmans,2005-07-07 A study of Strauss s orchestral activity from the perspective of late 19th century German intellectual history

Richard Strauss Michael Kennedy,2006-11-02 This book re evaluates a figure whom the author considers to be the greatest composer of the twentieth century Kennedy deals fully with Strauss s life as leading composer and national figure in the Third Reich during which he was both f ted and cold shouldered by the authorities In putting this period into perspective he draws heavily on hitherto ignored material including Strauss s own letters and diaries In addition he reveals much about Strauss s long happy but tempestuous marriage to the soprano Pauline de Ahna as well as tracing the important relationships to his librettists Hugo von Hofmannsthal Stefan Zweig Joseph Gregor and Clemens Krauss Kennedy reassesses the man and the music revealing a picture of a level headed practical and extremely versatile musician a great conductor as well as a great composer

A Working Friendship Richard Strauss,1961

Richard Strauss Derrick Puffett,1989 The contributions to this handbook bring together a full length study of Elektra in English The volume examines the many facets of one of Richard Strauss s most complex operas First P E Easterling surveys the mythological background while Karen Forsyth discusses Hofmannsthal s adaptation of his sources The second part brings the music to the fore Derrick Puffett offers an introductory essay and synopsis Arnold Whittall considers the tonal and dramatic structure of the composition Tethys Carpenter explores the musical language of the work in detail with special focus given to part of the Klytaemnestra scene The third part of the volume offers two contrasting critical essays Carolyn Abbate provides an interpretation informed by her recent work on narrative and Robin Holloway analyses Strauss s orchestration of the opera The book also contains a discography and an appendix of excerpts from the Strauss Hofmannsthal correspondence

Strauss Laurenz Lütteken,2019-03-01 Laurenz L tteken s Strauss presents a new approach to the life and works of Richard Strauss cutting through the mystery and gossip surrounding the elusive German composer to reveal his complicated role as representative of modernity

The Cambridge Companion to Richard Strauss Charles Youmans,2010-11-18 Richard Strauss is a composer much loved among audiences throughout the world both in the opera house and the concert hall Despite this popularity Strauss was for many years ignored by scholars who considered his commercial success and his continued reliance on the tonal system to be liabilities However the past two decades have seen a resurgence of scholarly interest in the composer This Companion surveys the results focusing on the principal genres the social and historical context and topics perennially controversial over the last century Chapters cover Strauss s immense operatic output the electrifying modernism of his tone poems and his ever popular Lieder Controversial topics are explored

including Strauss's relationship to the Third Reich and the sexual dimension of his works Reintroducing the composer and his music in light of recent research the volume shows Strauss's artistic personality to be richer and much more complicated than has been previously acknowledged **Richard Strauss** Richard Strauss, Richard Strauss' complete song texts Richard Strauss, 2004 **A Confidential Matter** Richard Strauss, Stefan Zweig, 1977 The Ariadne auf Naxos of Hugo von Hofmannsthal and Richard Strauss Donald G. Daviau, George J. Buelow, 2020-05-01 This book presents in comprehensive fashion the extraordinary development of Ariadne auf Naxos from its conception to the final operatic version The unique collaboration of Hofmannsthal and Strauss is examined and the classical myths that served as a basis for the libretto are investigated The detailed analysis and interpretation of both the text and the music demonstrate that this work is epochal in the history of early nineteenth century opera and commands central importance in the overall production of its authors Richard Strauss: Salome Derrick Puffett, 1989-10-19 This first full length study of Salome in English since Lawrence Gilman's 1907 moves from historical and literary analysis to critical appraisal and includes a synopsis bibliography and discography

If you ally habit such a referred **Strauss Richard** books that will have the funds for you worth, acquire the very best seller from us currently from several preferred authors. If you want to humorous books, lots of novels, tale, jokes, and more fictions collections are moreover launched, from best seller to one of the most current released.

You may not be perplexed to enjoy every books collections Strauss Richard that we will certainly offer. It is not almost the costs. Its not quite what you compulsion currently. This Strauss Richard, as one of the most energetic sellers here will categorically be among the best options to review.
