Toy Soldiers Duane Christian, 2010-04-30 In today s urban society the American dream seems to be about money drugs women and cars One aspect ties into another Longevity is out the door The Get Rich or Die Trying anthem is prevailing This seems to happen at any cost Many want the street fame but don t truly understand what it takes to get there and to keep it With today s youth recklessness is common It appears as if either they don t fear or truly understand the consequences of their actions until or if their families are involved That s where this story takes place Enter Tre the next upcoming thing on the streets Tre is quickly on his way to becoming the next general within his organization with the help of his best friend and right hand man Derrick Together they seem to have it all figured out until the dreadful night when Derrick is killed Like anyone else it s natural to want to bring the killer to justice But Tre s justice is street justice The dilemma comes in when street justice has to be placed on Tre s younger brother Kory who just might happen to be the killer Kory who lived with his mother across town idolized Tre and thought that his forming his own gang would give him the street cred his brother had The trouble is Kory s street affiliation automatically places him as his brother s rival Can Tre take revenge out on his brother or let his best friend s death go without retaliation Without

taking action his own members and leader will take action against him How can he get out of a situation and go on to live the positive life like he and Derrick dreamed of secretly Can he truly carry out this command or is he really just a Toy Soldier

absence of clutter Paul Stephens, 2020-03-24 An exploration of minimal writing texts generally shorter than a sentence as complex powerful literary and visual works In the 1960s and 70s minimal and conceptual artists stripped language down to its most basic components the word and the letter Barbara Kruger Jenny Holzer Carl Andre Lawrence Weiner and others built lucrative careers from text based art Meanwhile poets and writers created works of minimal writing visual texts generally shorter than a sentence One poem by Aram Saroyan reads in its entirety eyeeye In absence of clutter Paul Stephens offers the first comprehensive account of minimal writing arguing that it is equal in complexity and power to better known more commercial text based art Minimal writing Stephens writes can be beguilingly simple on the surface but can also offer iterative reading experiences on multiple levels from the fleeting to the ponderous absence of clutter for example the entire text of a poem by Robert Grenier is both expressive and self descriptive Stephens first sets out a theoretical framework for reading and viewing minimal writing and then offers close readings of works of minimal writing by Saroyan Grenier Norman Pritchard Natalie Czech and others He reverse engineers recent works by Jen Bervin Craig Dworkin and Christian B k that draw on molecular biology and explores print on demand books by Holly Melgard code poetry by Nick Montfort Twitter based work by Allison Parrish and the use of Instagram by Hans Ulrich Obrist and Saroyan Text it seems is becoming ever more prevalent in visual art meanwhile poems are getting shorter When reading has become scanning a screen and writing tapping out a text absence of clutter invites us to reflect on how we read see and pay attention
