**The Geography Of Illegal Drugs** George F Rengert,2018-03-05 The nightly news and other media provide a constant reminder of illegal drug transport over American borders and along routes between various U S cities The general public is well aware that law enforcement efforts to address the foreign supply and trafficking of illegal drugs into the United States is an ongoing battle This useful and readable compendium gives a fascinating account of how illegal drugs are transported into and around the United States and throughout its neighborhoods Criminologist and geographer George F Rengert takes a unique approach to the problem of illegal drug distribution and U S drug markets Using maps and charts to illustrate his findings Rengert applies spacial diffusion models to the illegal drug trade and explains why certain drugs are transported and found in different parts of the country For example the highest concentration of marijuana plants is not on either coast but rather across the middle of the United States throughout what is known as the corn belt At the local level Rengert assesses the patterns and processes that interconnect drug sales and neighborhood deterioration and change The book also addresses the important issues of how illegal drugs in this country operate on wholesale and retail levels and ways in which law enforcement at the federal state and local levels contend with this widespread problem Using ethnographic material to provide real life examples Rengert explores how drug dealers on the street expand spatially and predictably in their neighborhoods He illustrates how this knowledge helps law enforcement in efforts to get these drugs off the streets      *Drug Abuse: Prevention and Treatment* Mangai Natarajan,2017-05-15 Ever since the Shanghai convention in 1909 the threat posed to human well being by drug abuse has led countries around the world to take action to deal with their drug problems There are wide variations in the policies pursued but most countries try to reduce both the supply of and the demand for drugs Unfortunately there is little research consensus on the respective merits of these two approaches or about the best ways to pursue them Consequently control and prevention policies are mostly driven by political considerations economic realities and cultural expectations though research has played an important part in formulating and evaluating treatments for drug addiction This volume reviews studies on drug abuse prevention and treatment strategies under five main areas 1 Reducing supply strategies to control the flow of drugs from production to retail distribution 2 Reducing demand prevention of drug use at all stages of involvement and consumption levels 3 Reducing harm promoting situational risk reduction practices for

regular users addicts and recreational users 4 Reducing addiction drug treatment options for various groups in various settings and 5 Drug policies and prescriptions focused on debates about prohibition and legalization Juvenile Justice Richard Lawrence, Craig Hemmens, 2008-03-13 Juvenile Justice combines a text with carefully selected accompanying readings The readings will have a policy orientation giving them a real world applied character The book contains extensive coverage of the juvenile justice system focusing on law enforcement court and correctional responses to juvenile offending with an overview of the causes of delinquency This unique approach of combining a text and a reader will provide students with an understanding of the juvenile justice system and an introduction to some of the best original research articles by experts in the field **Digital Transformations of Illicit Drug Markets** Meropi Tzanetakis, Nigel South, 2023-08-16 The ebook edition of this title is Open Access and freely available to read online The digital revolution has transformed the selling and buying of illicit substances upending how the market is policed and regulated as explored in this book *The NIJ Publications Catalog* National Institute of Justice (U.S.), 1997 Police Innovation David Weisburd, Anthony A.
