Streetwise Berlin:

Billy Wilder Joseph McBride, 2021-10-26 The director and cowriter of some of the world's most iconic films including *Double Indemnity*, *Sunset Blvd*, *Some Like It Hot* and *The Apartment*, Billy Wilder earned acclaim as American cinema's greatest social satirist. Though an influential fixture in Hollywood, Wilder always saw himself as an outsider. His worldview was shaped by his background in the Austro-Hungarian Empire and work as a journalist in Berlin during Hitler's rise to power, and his perspective as a Jewish refugee from Nazism lent his films a sense of the peril that could engulf any society. In this critical study, Joseph McBride offers new ways to understand Wilder's work stretching from his days as a reporter and screenwriter in Europe to his distinguished as well as forgotten films as a Hollywood writer and his celebrated work as a writer-director. In contrast to the widespread view of Wilder as a hardened cynic, McBride reveals him to be a disappointed romantic. Wilder's experiences as an exile led him to mask his sensitivity beneath a veneer of wisecracking that made him a celebrated caustic wit. Amid the satirical barbs and exposure of social hypocrisies, Wilder's films are marked by intense compassion and a profound understanding of the human condition. Mixing biographical insight with in-depth analysis of films from throughout Wilder's career as a screenwriter and director of comedy and drama, and drawing on McBride's interviews with the director and his collaborators, this book casts new light on the full range of Wilder's rich, complex, and distinctive vision.

Nazis, Women and Molecular Biology Gunther Stent, 2019-01-22 What prompts a well-renowned scientist in molecular biology to write memoirs about a part of his life? In the case of Gunther Stent, it was not to reflect on his career as a scientist but to come to an understanding of his own soul. In his seventies, he had come to see that he had been throughout his life an emotional sleepwalker, especially as regards women, and in addition that he had been troubled by Jewish self-hatred. His story may have more to do with St. Augustine's *Confessions* than with a scientist's memoirs. Stent provides insight into the power of political correctness and the ability of a government to establish a perverse vision of reality. For readers interested in bioethics, Stent's memoirs help to explain how Germany could have been the first country to enact an all-encompassing protection for human research subjects while it was also the country that produced the medical experiments of the Nazis and the greatest perversion of medical morality in history. Stent is a person of intelligence and subtlety, an accomplished writer, a deep and wise man, and a loyal friend. His narrative is centered emotionally on a youth spent in Berlin in the Nazi period. As a boy of fourteen, he was an eyewitness of the horrors of the Kristallnacht pogrom. On New Year's Eve 1938, he escaped from Germany across the green frontier. He came to America in his teens only to return to Berlin at the end of World War II as a scientific consultant for the U.S. Military. On his return to the States, Stent participated in the exciting early scientific breakthroughs of molecular biology that transformed the twentieth-century life sciences. His *Nazis, Women and Molecular Biology* is a piercing self-examination and, as its review in *Science Newsletter* says, an act of self-exposure, abnegation, contrition, and expiation. It will be of keen interest to those who have inhabited Stent's worlds or shared his experiences as

well as those who wish to learn more about them Gunther S Stent is professor emeritus of neurobiology at the University of California Berkeley He is the author of such classic texts as *Molecular Biology of Bacterial Viruses* and *Molecular Genetics* as well as philosophical books such as *The Coming of the Golden Age* *Paradoxes of Progress* and most recently *2002 Paradoxes of Free Will* **Berlin In Your Pocket** , [Introducing Language and Society](#) Rodney H.
