Michael Eskin, 2024-11-14 *The Emprise of Poetry* analyzes the insidious entwinement of anti Americanism and antisemitism in modern and contemporary German culture through the writings of one of its most acclaimed literary figures Dresden native Durs Grünbein 1962 Michael Eskin offers an unprecedented view of the American cum Jewish discontents at the heart of modern and present day German culture through the exemplary lens of the work of Durs Grünbein the most widely translated and globally honored living German poet and the only one to have been hailed as the Berlin Republic's most qualified contemporary candidate for the office of German national poet Yet as Eskin outlines Grünbein's work contains a paradoxical and tension filled twofold self construction as an idiosyncratically American poet and Ezra Pound's vociferously philosemitic heir who merely happens to be writing in German as it were conjoined with an avidly anti American German poet who writes emphatically and not always savorily as a German and a self proclaimed heir to the legacies of Celan and Kafka most notably on matters American and Jewish Against the foil of these tensions Eskin traces and documents postwar German high culture's persisting inability to purge itself of ideological toxins that leach into the mainstream from centuries old prejudices and antagonisms revolving around Germany's love hate bond with America as well as its ostensibly enduring suspicion and antipathy toward Jews Eskin's deep dive into the American Grünbein's apparent philosemitism coupled with the German Grünbein's antisemitically inflected anti Americanism reveals the fault lines underlying the complex and contradictory legacies and contexts of postwar German culture
