

The background of the cover is a vibrant, abstract composition. It features a central silhouette of a person in a running or athletic pose, rendered in dark brown. This silhouette is set against a backdrop of various shades of blue and green, with some areas appearing as if they are layered or torn, giving it a textured, collage-like feel. The overall color palette is bright and energetic, with yellow and green accents at the top and bottom edges.

Cultural Diversity and Suicide Mark M Leach, 2014-02-25 This book adds a vital and overlooked dimension diversity to suicide assessments and interventions The literature on the relationship between culture and suicide has historically been widely scattered and often difficult to find Cultural Diversity and Suicide summarizes that widespread literature so that counselors can begin to include diversity issues as important variables that can help them become even more effective when conducting suicide assessments or interventions For ease of reading Cultural Diversity and Suicide is divided into chapters based on ethnicity The book avoids broad generalizations whenever possible thus each chapter specifically discusses critical within group variables issues relating to gender age religion and sexuality that should be considered when conducting suicide assessments and interventions Each chapter includes at least one case study and incorporates clear headings that make it simple to find specific information Cultural Diversity and Suicide is not a book of cookie cutter approaches to suicide prevention nor is it a primer for the novice Rather it has been carefully designed to help

counselors and counselors in training gain a fuller understanding of the issues that may lead individuals from diverse backgrounds to consider suicide and the cultural aspects of an individual's heritage that can influence that person's decision. Written for professionals who have a pre-existing understanding of how to work with suicidal clients, the book begins with a concise but essential overview of traditional suicide risk factors and a brief assessment model, an excellent memory refresher, and then moves quickly into specific diversity issues relevant to European Americans, African Americans, Asian Americans, Hispanic Americans, and Native Americans. *Cultural Diversity and Suicide* explores ethnicity and its relationship to suicide, for example, suicide rate and reason differences based on ethnic group or ethnic identity, plus meaningful within-group variables such as lesbian, gay, bisexual issues and the increase in suicide rate based on sexual orientation and sexual identity, religious differences, suicide rates among various religious groups, religious differences in views of suicide, views of the afterlife, burial practices, and views of lesbian, gay, bisexual people. Cultural buffers such as extended family and religious practice, suicide prevention interventions based on cultural differences, essentially how traditional suicide prevention programs can be altered to include new variables. This book is essential reading for everyone doing the vital work of conducting suicide assessments and interventions. Please consider making it part of your professional teaching collection today.

Principles and Practice of Stress Management, Third Edition Paul M. Lehrer, Robert L. Woolfolk, Wesley E. Sime, 2007-08-16. Structured for optimal use as a clinical reference and text, this comprehensive work reviews effective stress management techniques and their applications for treating psychological problems and enhancing physical health and performance. Leading experts present in-depth descriptions of progressive relaxation, hypnosis, biofeedback, meditation, cognitive methods, and other therapies.
