into two parts Stretch and Challenge focuses on different ways of thinking about and implementing this model in school Debbie Light begins by helping teachers to create a culture of high expectations in their classroom by setting challenging learning objectives creating opportunities for students to develop independence and supporting students as they become resilient learners The second half of the book advises teachers how to create an inclusive learning environment where all children feel challenged by encouraging teacher questioning designing tasks grouping students and effectively using teaching assistants Filled with honest experienced and undeniably helpful advice Debbie Light's Stretch and Challenge is a must have guide for all teachers who want to collectively maximise their students learning and achievement The book provides a set of ready to use training plans to help you train your colleagues and is accompanied by PowerPoint slides available to download online for free It offers 19 hours of CPD equating to a cost of just 1.20 per hour of training
