Hulme,2010-02-18 Dmitri Shostakovich 1906 75 was one of the greatest composers of the 20th century as well as the first major Soviet composer In the fourth edition of *Dmitri Shostakovich Catalogue The First Hundred Years and Beyond* Derek C Hulme names and describes all known musical compositions of the Russian composer More than 175 major works are annotated and discussed including such comprehensive details as titles and subtitles dates of composition instrumentation and duration information on dedications and premieres arrangements by the composer and others publication details notes on bibliographical references and the location of the autograph score and comprehensive chronological lists of vinyl compact disc and visual recordings The entries are presented chronologically and by opus number while indexes of names and compositions provide full accessibility Several appendixes supplement the volume guiding readers to further information in published sources and providing information on the composer s film radio television and theatre productions his abandoned projects and obscure works and his recordings including box sets and special USSR recordings An appendix also discusses the monogram DSCH a musical motif based on his name that permeates his compositions This new edition also includes a comprehensive chronological chart of Shostakovich s works and historical events and several plates of memorabilia     **String Quartets, Opp. 19 and 29** Friedrich Dotzauer, Cellist Friedrich Dotzauer 1783 1860 though best remembered for his pedagogical legacy was also a prolific and successful composer and a pioneering string quartet performer in Leipzig and Dresden In addition to many solo works for his own instrument Dotzauer wrote some twenty five string quartets and numerous other chamber works many of which feature the cello in a prominent role This edition presents four of Dotzauer s quartets that together demonstrate the versatility of his writing The three quartets of opus 19 with their more modest technical demands

and the conventional distribution of material between the four instruments was likely intended for amateur private music making whereas the opus 29 quartet which features more virtuosic writing for the first violin and cello was probably conceived for the public concert sphere Both opuses reveal Dotzauer's noteworthy compositional skills through their comprehensive development of motives and sophisticated treatment of texture and form

**My Trio Book (Mein Trio-Buch) (Suzuki Violin Volumes 1-2 arranged for three violins)** Kerstin Wartberg, 2002-02-27 This series contains all of the pieces from Volumes 1 and 2 of the Suzuki Violin School arranged for three violins Suzuki Violin Volume 1 serves as the violin 1 part The pieces can be played with or without piano accompaniment which expands their performance possibilities Another advantage is that students at different playing and reading levels can make music together The score contains a chart that lists the level of difficulty of each piece and each part so that the teacher can easily assign parts All of the parts were purposely kept as simple as possible A table listing the reading skills required for each piece is found in the back of the violin 2 and violin 3 books

**The Galitzin Quartets of Beethoven** Daniel K. L. Chua, 2014-07-14 This study is an analysis of the first three of Beethoven's late quartets Opp 127 132 and 130 commissioned by Prince Nikolai Galitzin The five late quartets usually considered as a group were written in the same period as the Missa solemnis and the Ninth Symphony and are among the composer's most profound musical statements Daniel K L Chua believes that of the five quartets the three that he studies trace a process of disintegration whereas the last two Opp 131 and 135 reintegrate the language that Beethoven himself had destabilized Through analyses that unearth peculiar features characteristic of the surface and of the deeper structures of the music Chua interprets the Galitzin quartets as radical critiques of both music and society a view first proposed by Theodore Adorno From this perspective the quartets necessarily undo the act of analysis as well forcing the analytical traditions associated with Schenker and Schoenberg to break up into an eclectic mixture of techniques Analysis itself thus becomes problematic and has to move in a dialectical and paradoxical fashion in order to trace Beethoven's logic of disintegration The result is a new way of reading these works that not only reflects the preoccupations of the German Romantics of that time and the poststructuralists of today but also opens a discussion of cultural political and philosophical issues Originally published in 1995 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
