Studien Zur Alttestamentlichen Vorstellung Vom Plan Jahwes:

Studien zur alttestamentlichen Vorstellung vom Plan Jahwes Wolfgang Werner, 2018-11-05 Keine ausführliche Beschreibung für Studien zur alttestamentlichen Vorstellung vom Plan Jahwes verfügbar Auf den Spuren der schriftgelehrten Weisen Irmtraud Fischer, Ursula Rapp, Johannes Schiller, 2013-02-06 Der Sammelband anlässlich der Emeritierung von Johannes Marböck Professor am Institut für Alttestamentliche Bibelwissenschaft der Karl Franzens Universität Graz ist dem wichtigsten Arbeitsfeld des Geehrten gewidmet der Weisheitsliteratur des Alten Testaments In den zahlreichen Beiträgen namhafter Wissenschaftlerinnen und Wissenschaftler wird dieses Thema aus höchst unterschiedlichen Perspektiven immer neu in den Blick genommen **Isaiah 1-5 (ICC)** Hugh Williamson, 2006-09-16 For over years International Critical Commentaries have had a special place among works on the Bible They bring together all the relevant aids to exegesis linguistic textual archaeological historical literary and theological to help the reader understand the meaning of the books of the Old and New Testaments **A Redactional Study of the Book of Isaiah 13-23** Jongkyung Lee, 2018 This book argues that a series of programmatic additions were made to the oracles concerning the nations in Isa 13-23 during the late exilic period by the same circle of writers who were responsible for Isa 40-55 These additions were made to create continuity between the ancient oracles against the nations from the Isaiah tradition The Book of Amos Jorg Jeremias, 1998-02-01 In this volume Jeremias suggests that the book of Amos was produced through various stages over time While he does write from a critical perspective his creativity offers a sensitivity to literary issues within the text that is often missing from critical work The Old Testament Library provides fresh and authoritative treatments of important aspects of Old Testament study through commentaries and general surveys The contributors are scholars of international standing

Poetry, Catastrophe, and Hope in the Vision of Isaiah Francis Landy, 2023-06-21 The book of Isaiah is one of the longest and strangest books of the Hebrew Bible composed over several centuries and traversing the catastrophe that befell the two kingdoms of Israel and Judah in the 8th and 6th centuries BCE Francis Landy's book tells the story of the poetic response to catastrophe and the hope for a new and perfect world on the other side The study traces two parallel developments the displacement of the Davidic promise onto the Persian Empire Israel and the prophet himself and the transition from exclusively male images of the deity to the matching of male and female prototypes whereby YHWH takes the place of the warrior goddess Poetry Catastrophe and Hope in the Book of Isaiah consists of close readings of individual passages in Isaiah commencing with Chapter One and the problems of beginning and ending with Deutero Isaiah composed subsequent to the Babylonian exile The volume is arranged thematically as well as sequentially the first chapter following the introduction concerns gender the second death the third the Oracles about the Nations At the centre there is what Landy calls the constitutive enigma Isaiah's commission in his vision to speak so that people will not understand This renders the entire book potentially incomprehensible the more we try to understand it the greater the difficulty For Landy this creates a

model of reading and writing the challenge and the risk of going up blind alleys of trying to make sense of a disastrous world

Isaiah's commission pervades the book Throughout there is a promise of an age of clarity as well as social and political transformation which is always deferred beyond the horizon Hence it is a book without an ending or with multiple endings In the final chapters the author turns to the central Chapter Thirty Three a *mise en abyme* of the book and a prayer for deliverance and the issues of exile and the possibility of return Like every poetic work particularly in an era of cultural collapse it is a critique of the past and a hope for a new humanity

Creation and Judgement Stefan Paas, 2021-10-11 This book explores how the books of Amos Hosea and Isaiah use language of creation This is done by a religion of history approach of ancient Israel with respect to its belief in YHWH as a Creator and by an exegetical survey of the relevant texts in the prophets mentioned It is established that creation language was introduced in Israel long before the Exile and is used in a flexible manner depending on context and situation Elaborate attention is given to its use in contexts of judgement This study is relevant for students of the prophets who are looking for a thorough discussion of many texts and a critical examination of some popular views on creation in the Bible

The Stele of YHWH in Egypt Csaba Balogh, 2011-09-20 Attempts to reconstruct the compositional history of the book of Isaiah confine themselves mainly to chapters 1 12 and 28 39 supposed to shroud the basic core of any early collection of Isaianic texts Other investigations which verge on the group of prophecies concerning the nations in Isa 13 23 rarely delve into exegetical details to the extent that the reader of Isaiah would feel convinced to stand here on familiar grounds Even others overtly restricted to a small pericope inside Isa 13 23 often neglect the significance of this larger context This book provides a thorough analysis of Isaiah 18 20 concerned with Egypt and Kush from the earliest stages to their final contextualisation within the developing corpus of the Isaianic prophecies regarding the nations

Biblical & Near Eastern Essays Carmel McCarthy, John F. Healey, 2004-03-11 This collection of essays contains a wide range of topics reflecting the depth and breadth of interest of the scholar in whose honour they were commissioned Kevin J. Cathcart The central focus is Near Eastern and covers a range of philological linguistic exegetical historical and interpretative issues The Near Eastern languages examined include Akkadian Arabic Aramaic Ethiopic Hebrew Septuagintal Greek Syriac and Ugaritic while exegetical and text critical topics include treatments of issues in Deuteronomy 1 Kings Isaiah Amos Psalms and the Song of Songs Hermeneutical and historical essays touch on Ancient Israel's history and its interpretation as well as on the significance of such individuals as the consular official John Dickson E. H. Palmer in the Cambridge Libraries William Lithgow of Lanark and the contribution to Semitic epigraphy of the explorer Julius Euting This is volume 375 in the *Journal for the Study of the Old Testament Supplement* series

Biblical Hebrew, Biblical Texts Ada Rapoport-Albert, Gillian Greenberg, 2001-01-01 This collection focuses on the Hebrew Bible its ancient versions and textual history These are the fields in which the late Dr Weitzman had made his name and the volume commemorates his lifetime's work so prematurely ended But it also stands on its own as an authoritative statement of

current research in these and closely related fields Contributors include Edward Ullendorff Andrew Macintosh Robert Gordon Hugh Williamson Gillian Greenberg Jan Joosten Sebastian Brock Michael Knibb Philip Alexander George Brooke and Alison Salvesen
