Jews and Heretics in Catholic Poland Magda Teter, 2005-12-26 Jews and Heretics in Catholic Poland takes issue with historians common contention that the Catholic Church triumphed in Counter reformation Poland In fact the Church s own sources show that the story is far more complex From the rise of the Reformation and the rapid dissemination of these new ideas through printing

the Catholic Church was overcome with a strong sense of insecurity. The infidel Jews, enemies of Christianity, became symbols of the Church's weakness and simultaneously instruments of its defence against all of its other adversaries. This process helped form a Polish identity that led in the case of Jews to racial anti-Semitism and to the exclusion of Jews from the category of Poles. This book portrays Jews not only as victims of Church persecution but as active participants in Polish society who, as allies of the nobles placed in positions of power, had more influence than has been recognised.
