Human Nature, Cultural Diversity, and the French Enlightenment Henry Vyverberg, 1989-08-17 In this work Henry Vyverberg traces the evolution and consequences of a crucial idea in French Enlightenment thought the idea of human nature Human nature was commonly seen as a broadly universal unchanging entity though perhaps modifiable by geographical social and historical factors Enlightenment empiricism suggested a degree of cultural diversity that has often been underestimated in studies of the age Evidence here is drawn from Diderot s celebrated Encyclopedia and from a vast range of writing by such Enlightenment notables as Voltaire Rousseau and d Holbach Vyverberg explains not only the age s undoubted fascination with uniformity in human nature but also its acknowledgment of significant limitations on that uniformity He shows that although the Enlightenment s historical sense was often blinkered by its notions of a uniform human nature there were also cracks in this concept that developed during the Enlightenment itself

Public Passion Rebecca Kingston, 2011-09-13 Taking a broad historical perspective Public Passion traces the role of emotion in political thought from its prominence in classical sources through its resuscitation by Montesquieu to the present moment Combining intellectual history philosophy and political theory Rebecca Kingston develops a sophisticated account of collective emotion that demonstrates how popular sentiment is compatible with debate pluralism and individual agency and shows how emotion shapes the tone of interactions among citizens She also analyzes the ways in which emotions are shared and transmitted among citizens of a particular regime paying particular attention to the connection between political institutions and the psychological dispositions that they foster Public Passion presents illuminating new ways to appreciate the forms of popular will and reveals that emotional understanding by citizens may in fact be the very basis through which a commitment to principles of justice can be sustained
