Studies Voltaire 18th Century Volume 293:

Evolutionism in Eighteenth-century French Thought Mary Efrosini Gregory, 2008 This book examines how eighteenth century French theorists Maillet Montesquieu La Mettrie Buffon Maupertuis Diderot Rousseau and Voltaire addressed evolutionism Each thinker laid down a building block that would eventually open the door to the mutability of species and a departure from the long held belief that the chain of beings is fixed This book describes how the philosophes established a triune relationship among contemporary scientific discoveries random creationism propelled by the motive and conscious properties of matter and the notion of the chain of being along with its corollaries plenitude and continuity Also addressed is the contemporary debate over whether apes could ever be taught to speak as well as the issue of race and the family of man

The Jewish Eighteenth Century, Volume 2 Shmuel Feiner, 2023-03-07 The second volume of Shmuel Feiner's *The Jewish Eighteenth Century* covers the period from 1750 to 1800 a time of even greater upheavals tensions and challenges The changes that began to emerge at the beginning of the eighteenth century matured in the second half Feiner explores how political considerations of the Jewish minority throughout Europe began to expand From the Jew Bill of 1753 in Britain to the surprising series of decrees issued by Joseph II of Austria that expanded tolerance in Austria to the debate over emancipation in revolutionary France the lives of the Jews of Europe became ever more intertwined with the political social economic and cultural fabric of the continent *The Jewish Eighteenth Century Volume 2 A European Biography 1750 1800* concludes Feiner's landmark study of the history of Jewish populations in the period By combining an examination of the broad and profound processes that changed the familiar world from the ground up with personal experiences of those who lived through them it allows for a unique explanation of these momentous events

The Sublime Invention Michael R Lynn, 2015-10-06 Ballooning like the Enlightenment was a Europe wide movement and a massive cultural phenomenon Lynn argues that in order to understand the importance of science during the age of the Enlightenment and Atlantic revolutions it is crucial to explain how and why ballooning entered and stayed in the public consciousness

Ideas of poverty in the Age of Enlightenment Niall O'Flaherty, Robin Mills, 2024-04-16 This collection of essays examines the ways in which poverty was conceptualised in the social political and religious discourses of eighteenth century Europe It brings together experts with a wide range of expertise to offer pathbreaking discussions of how eighteenth century thinkers thought about the poor Because the theme of poverty played important roles in many critical issues in European history it was central to some of the key debates in Enlightenment political thought throughout the period including the controversies about sovereignty and representation public and private charity as well as questions relating to crime and punishment The book examines some of the most important contributions to these debates while also ranging beyond the canonical Enlightenment thinkers to investigate how poverty was conceptualised in the wider intellectual culture as politicians administrators and pamphlet writers grappled with the issue
