Study In Wittgensteins Tractatus:

A Study in Wittgenstein's Tractatus Alexander Maslow, 2022-09-23 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1961 [A Study in Wittgenstein's Tractatus \(Classic Reprint\)](#) Alexander Maslow, 2017-11-30 Excerpt from A Study in Wittgenstein's Tractatus This study in Wittgenstein's Tractatus is substantially as it was written in 1933 By the time I had finished my study the importance of the Tractatus in philosophical circles was on the wane probably because Of Wittgenstein's deprecating attitude toward his own book But the recent revival of interest in the Tractatus leads me now to think that the essay may be of interest to contemporary philosophers and so I have decided to publish it Strangely no book in English dealt exclusively with the Tractatus until 1959 when Miss G E M Anscombe brought out her Introduction to Wittgenstein's Tractatus largely concerned with logical details of the Tractatus and especially valuable I think because it shows the essential connections of Wittgenstein with Frege Russell and Ramsey Another book Wittgenstein's Tractatus by E Stenius has lately been announced for publication and there are rumors Of still Others on the way It is unfortunate that Friedrich Waismann who was so close to Wittgenstein shortly after the Tractatus was finished has not published his book though it was announced about thirty years ago About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *A Study in Ludwig Wittgenstein's Tractatus Logico-Philosophicus* Alexander Parfeni Maslow, 1933 **The Enchantment of Words** Denis McManus, 2006-06-29 Presenting a study of Wittgenstein's early masterpiece The Tractatus Logico-Philosophicus this work offers readings of its major themes and focuses on issues in metaphysics ethics and the philosophies of mind language and logic **Wittgenstein's Tractatus** Peter Sullivan, Michael Potter, 2013-02-28 This volume of newly written chapters on the history and interpretation of Wittgenstein's Tractatus represents a significant step beyond the polemical debate between broad interpretive approaches that has recently characterized the field Some of the contributors might count their approach as new or resolute while others are more traditional but all are here concerned primarily with understanding in detail the structure of argument that Wittgenstein presents within the Tractatus rather than with its final self renunciation or with the character of the understanding that renunciation might leave behind The volume makes a strong case that close investigation both biographical and textual into

the composition of the Tractatus and into the various influences on it still has much to yield in revealing the complexity and fertility of Wittgenstein's early thought. Amongst these influences Kant and Kierkegaard are considered alongside Wittgenstein's immediate predecessors in the analytic tradition. The themes explored range across the breadth of Wittgenstein's book and include his accounts of ethics and aesthetics as well as issues in metaphysics and the philosophy of mind and aspects of the logical framework of his account of representation. The contrast of saying and showing and Wittgenstein's attitude to the inexpressible is of central importance to many of the contributions. By approaching this concern through the various first level issues that give rise to it rather than from entrenched schematic positions the contributors demonstrate the possibility of a more inclusive constructive and fruitful mode of engagement with Wittgenstein's text and with each other.

Tractatus Logico-Philosophicus Ludwig Wittgenstein, 2010-01-01 Austrian philosopher LUDWIG WITTGENSTEIN 1889-1951 was hugely influential on 20th century philosophy and here he constructs a series of carefully and precisely numbered propositions on the relationship between language logic and reality using a numbering system to show nested relationships between the propositions. Considered one of the major recent works of philosophy a reputation enhanced undoubtedly by Bertrand Russell's glowing introduction this edition is a reproduction of the translation by C. K. Ogden first published in 1922 for which Wittgenstein himself assisted in the preparation of the English language manuscript. Students of philosophy and those fascinated by the history of ideas will want a copy of this essential volume.

Tractatus Logico-Philosophicus Ludwig Wittgenstein, Charles Kay Ogden, 1998-01-12 In his proposal of the solution to most philosophic problems by means of a critical method of linguistic analysis Wittgenstein sets the stage for the development of logical positivism. Introduction by Bertrand Russell.

Wittgenstein's Tractatus Ludwig Wittgenstein, 1998 This text is a dynamic new translation of Wittgenstein's most famous work one of the most influential philosophy works of the Twentieth Century.
