Taking America Off Drugs Stephen Ray Flora, 2012-02-01 In this highly provocative book Stephen Ray Flora maintains that we have been deceived into believing that whatever one's psychological problem from anxiety anorexia bulimia depression phobias sleeping and sexual difficulties to schizophrenia there is a drug to cure us In contrast he argues that these problems are behavioral not chemical and he advocates behavioral therapy as an antidote He makes the controversial claim that for virtually every psychological difficulty behavioral therapy is more effective than drug treatment Not only that but the side effects of behavioral therapy rather than being harmful like many drugs are actually beneficial often facilitating self empowerment through learning functional life skills

Taking America Back for God Andrew L. Whitehead, Samuel L. Perry, 2020-02-03 Why do white Protestants in America embrace a president who seems to violate their basic standards of morality The answer Andrew Whitehead and Samuel Perry argue is Christian nationalism the belief that the United States is and should be a Christian nation Knowing someone's stance on Christian nationalism this book shows tells us more about his or her political beliefs than race religion or political party Drawing on national survey data and interviews with Americans across the political spectrum *Taking America Back for God* illustrates the tremendous influence of Christian nationalism on debates about the most contentious issues dominating American public life

The Patriot's Guide to Taking America Back Charles Kraut, 2011 Every American over the age of fifteen needs to read this book the Constitution of the United States is the most important political document in the history of the human race it enshrines natural rights instead of the terribly destructive human rights which are being forced upon us Very few Americans Understand The Constitution which is why our government has been able to trample and discard it with little or no protest The Patriot's Guide to Taking America Back explains in simple clear language exactly how far we have moved from the Constitution and why America faces so many problems today most of which have been caused by our government The Patriot's Guide offers a plan by which Americans may take America back To The Constitution and regain the sacred freedoms we seem to be willing to throw away If you think something is terribly wrong in America today you're right The Patriot's Guide will help you Understand The problem And The solution

Gundamentalism and Where It Is Taking America James E. Atwood, 2017-01-09 Gundamentalism and Where It Is Taking America is the work of James Atwood a retired Presbyterian pastor and an avid deer hunter for half a century who has also been in the forefront of the faith community's fight for two constitutional rights the right to keep and bear arms and the right to live in domestic tranquility free of gun violence He explains why guns mystically control so many Americans and exposes the fallacies of the gun industry's spurious claim that firearms actually protect us He

argues there are no bona fide scientific studies that show defensive guns save us from harm while there is voluminous research showing a defensive gun puts the owner and his or her family at greater risk Atwood s book which details his learning of a lifetime in the struggle for reasonable gun laws in America puts dependable social and theological analysis of our unique national epidemic into your hands along with scientific data that will provoke honest reflection and discussion for the building of a safer and saner America Questions for group discussion and suggestions for action are included
