Taking Ancient Mythology Economically:

Taking Ancient Mythology Economically Morris Silver, 2023-08-21 The primary objective of this study is to decipher the codes or polysemous signs of many prominent myths of the Graeco Roman and Near Eastern worlds and thereby to expose their hidden economic meaning The study is highlighted by analyses of the following themes Birth of Athena from Zeus Head Perseus and the Gorgon and Gilgamesh in the Cedar Forest Oedipus of Thebes and the biblical myth of the Five Golden Tumors Semele the daughter of Kadmos Heroic Twins Labors of Herakles Cain Janus and the Rainbow Dogs as Merchants and Male Prostitutes Virgin Priestesses in Treasuries Danae and the Birth of Perseus and the biblical myth of the House of Rahab Circuited Gods Contest Between Athena and Poseidon for Supremacy in Athens and Hermes versus Apollo David and his Lyre at King Saul's Court and Gilgamesh the Infernal Musician A striking result of these studies is the extent to which ancient myths are saturated by economic content especially commercial idioms and the standardized gestures required of contractors It becomes quite clear that the ancients were far more aware of and interested in the economy than many contemporary scholars give them credit for

Myth as Argument Laurie L. Patton, 2014-05-14 No detailed description available for Myth as Argument

Ancient and Medieval Economic Ideas and Concepts of Social Justice Todd Lowry, Barry Gordon, 2023-03-20 On March 17 2015 Brill was informed that the article by Francisco Gomez Camacho S J Later Scholastics Spanish Economic Thought in the XVIth and XVIIth Centuries in *Ancient and Medieval Economic Ideas and Concepts of Social Justice* ed S Todd Lowry and Barry Gordon Leiden Brill 1998 pp 503 561 suffers from serious citation problems and that in some cases the original sources are never mentioned at all It goes without saying that Brill strongly disapproves of such practices which represent a serious breach of publication integrity Brill condemns any violation of the authors rights and the copyrights of the publishers and distances itself from these practices As a result Brill cannot stand behind the noted material as originally contained in this volume and for these reasons formally retracts the article by Francisco Gomez Camacho and also the volume The volume will no longer be available in its current form

Blurb 13 scholars contribute to this survey of past discussions of the workings of economic structures and of justice in interpersonal relations cultural institutions and the social order They investigate the sources in each historic period from the world of the Old Testament and the ancient Greeks through to Spanish scholasticism and its offshoots in the Spanish Americas of the 18th century and relate the ideas of writers from the past to modern discussions

Economic Structures of Antiquity Morris Silver, 1995-02-14 The economy of the ancient Middle East and Greece is reinterpreted by Morris Silver in this provocative new synthesis Silver finds that the ancient economy emerges as a class of economies with its own laws of motion shaped by transaction costs the resources used up in exchanging ownership rights The analysis of transaction costs provides insights into many characteristics of the ancient economy such as the important role of the sacred and symbolic gestures in making contracts magical technology the entrepreneurial role of high born women the elevation of familial ties and other departures from impersonal economics

reliance on slavery and adoption and the insatiable drive to accumulate trust capital The peculiar behavior patterns and mindsets of ancient economic man are shown to be facilitators of economic growth In recent years our view of the economy of the ancient world has been shaped by the theories of Karl Polanyi Silver confronts Polanyi's empirical propositions with the available evidence and demonstrates that antiquity knew active and sophisticated markets In the course of providing an alternative analytical framework for studying the ancient economy Silver gives critical attention to the economic views of the Assyriologists I M Diakonoff W F Leemans Mario Liverani and J N Postgate of the Egyptologists Jacob J Janssen and Wolfgang Helck and of the numerous followers of Moses Finley Silver convincingly demonstrates that the ancient world was not static periods of pervasive economic regulation by the state are interspersed with lengthy periods of relatively unfettered market activity and the economies of Sumer Babylonia and archaic Greece were capable of transforming themselves in order to take advantage of new opportunities This new synthesis is essential reading for economic historians and researchers of the ancient Near East and Greece

Myth and Method Laurie L. Patton, Wendy Doniger, 1996 In confronting these tensions they provide an outline of the most troubling questions in the field and offer a variety of responses to them

Ancient Greek History and Contemporary Social Science Mirko Canevaro, 2018-06-06 The first full length academic study to deal exclusively with female stardom in British cinema

Slave-Wives, Single Women and "Bastards" in the Ancient Greek World Morris Silver, 2018-01-31 Greek scholars have produced a vast body of evidence bearing on nuptial practices that has yet to be mined by a professional economist By standing on their shoulders the author proposes and tests radically new interpretations of three important status groups in Greek history the pallas the nothos and the hetaira It is argued that legitimate marriage by loan of the bride to the groom was not the only form of legal marriage in classical Athens and the ancient Greek world generally Pallakia marriage by sale of the bride to the groom was also legally recognized The pallas wifery transaction is a sale into slavery with a restrictive covenant mandating the employment of the sold woman as a wife In this highly original and challenging new book economist Morris Silver proposes and tests the hypothesis that the likelihood of bride sale rises with increases in the distance between the ancestral residence of the groom and the father's household Nothoi the bastard children of pallasai lacked the legal right to inherit from their fathers but were routinely eligible for Athenian citizenship It is argued that the basic social meaning of hetaira companion is not prostitute or courtesan but single woman a woman legally recognized as being under her own authority kuria The defensive adaptation of single women is reflected in Greek myth and social practice by their grouping into packs most famously the Danaids and Amazons

WealthWatch Michael S. Moore, 2011-05-12 The purpose of this book is to help postmodern Westerners understand what the Bible has to say about wealth and possessions basing itself on the presumption that a nobody can understand themselves apart from some recognition of their spiritual roots and b that these roots sink deeper into the pages of the Bible than most Westerners realize Focusing upon that part of the Bible most widely recognized to be its ideological core that which is called

Torah by some Pentateuch by others it interprets this great text against other great texts in its literary historical environment including a some epic poems from Mesopotamia b some Jewish texts from Syria Palestine and c some Nazarene parables from the Greek New Testament

Economic Persuasions Stephen Gudeman, 2009-06-01 As the transition from socialism to a market economy gathered speed in the early 1990s many people proclaimed the final success of capitalism as a practice and neoliberal economics as its accompanying science But with the uneven achievements of the transition the deepening problems of development persistent unemployment the widening of the wealth gap and expressions of resistance the discipline of economics is no longer seen as a mirror of reality or as a unified science How should we understand economics and more broadly the organization and disorganization of material life In this book international scholars from anthropology and economics adopt a rhetorical perspective in order to make sense of material life and the theories about it Re examining central problems in the two fields and using ethnographic and historical examples they explore the intersections between these disciplines contrast their methods and epistemologies and show how a rhetorical approach offers a new mode of analysis while drawing on established contributions *Money and Market in the Economy of All Times* Liviu C.

Andrei, 2011-02-18 This is economics see monetary economics and corresponding economic history and focuses on what the book title suggests money and market developing from their very beginnings First some crucial hot historical points are here identified the market picture before money entering history then getting national and international through what was the gold standard money out of its metal base or cover money as national and international after gold Second a substantial debate reaches another level of developments representative versus fiat money Third how about international money as different from national scale money in context *The Poverty of Clio* Francesco Boldizzoni, 2011-07-05 The Poverty of Clio

challenges the hold that cliometrics an approach to economic history that employs the analytical tools of economists has exerted on the study of our economic past In this provocative book Francesco Boldizzoni calls for the reconstruction of economic history one in which history and the social sciences are brought to bear on economics and not the other way around Boldizzoni questions the appeal of economics over history which he identifies as a distinctly American attitude exposing its errors and hidden ideologies and revealing how it fails to explain economic behavior itself He shows how the misguided reliance on economic reasoning to interpret history has come at the expense of insights from the humanities and has led to a rejection of valuable past historical research Developing a better alternative to new institutional economics and the rational choice approach Boldizzoni builds on the extraordinary accomplishments of twentieth century European historians and social thinkers to offer fresh ideas for the renewal of the field Economic history needs to rediscover the true relationship between economy and culture and promote an authentic alliance with the social sciences starting with sociology and anthropology It must resume its dialogue with the humanities but without shrinking away from theory when constructing its models The Poverty of Clio demonstrates why history must exert its own creative power on economics **Ownership**

Economics Gunnar Heinsohn, Otto Steiger, 2013-04-02 This book presents the first full length explanation in English of Heinsohn and Steiger's groundbreaking theory of money and interest which emphasizes the role played by private property rights Ownership economics gives an alternative explanation of money and interest proposing that operations enabled by property lead to interest and money rather than exchange of goods Like any other approach it has to answer economic theory's core question what is the loss that has to be compensated by interest Ownership economics accepts neither a temporary loss of goods as in neoclassical economics nor Keynes's temporary loss of already existing exogenous money as the cause of interest Rather money is created as a non physical title to property in a credit contract secured by a debtor's collateral and the creditor's net worth This book is an edited English translation of a highly successful German text and offers the first book length treatment of a theory which has received much interest since its first appearance in articles in the late 1970s

Egyptian Deportations of the Late Bronze Age Christian Langer, 2021-09-20 Egyptian Deportations of the Late Bronze Age explores the political economy of deportations in New Kingdom Egypt ca 1550-1070 BCE from an interdisciplinary angle The analysis of ancient Egyptian primary source material and the international correspondence of the time draws a comprehensive picture of the complex and far reaching policies The dataset reveals their geographic scope economic and demographic impact in Egypt and abroad as well as their interconnection with territorial expansion international relations and labour management The supply chain profiting institutions and individuals in Egypt as well as the labour tasks origins and the composition of the deportees are discussed in detail A comparative analytical framework integrates the Egyptian policies with a review of deportation discourses as well as historical premodern and modern cases and enables a global and diachronic understanding of the topic The study is thus the first systematic investigation of deportations in ancient Egyptian history and offers new insights into Egyptian governance that revise previous assessments of the role of forced migration and unfree labour in ancient Egyptian society and their long term effects Reflections of a Bankruptee on Debt,

Amnesty, Revolution, and History Frank T. De Angelis, Frank DeAngelis, 2001-04-29 A comprehensive enlightening book on debt bankruptcy law and the philosophical and historical background Professor De Angelis primarily a philosopher and humanitarian gives the most helpful information chock full of statistics along with a brilliant and insightful theoretical analysis Mythic Discourses Frog, Anna-Leena Siikala, Eila Stepanova, 2012-12-31 Mythic discourses in the present day

show how vernacular heritage continues to function and be valuable through emergent interpretations and revaluations At the same time continuities in mythic images motifs myths and genres reveal the longue durée of mythologies and their transformations The eighteen articles of Mythic Discourses address the many facets of myth in Uralic cultures from the Finnish and Karelian world creation to Nenets shamans offering multidisciplinary perspectives from twenty eastern and western scholars The mythologies of Uralic peoples differ so considerably that mythology is approached here in a broad sense including myths proper religious beliefs and associated rituals Traditions are addressed individually typologically and

in historical perspective The range and breadth of the articles presenting diverse living mythologies their histories and relationships to traditions of other cultures such as Germanic and Slavic all come together to offer a far richer and more developed perspective on Uralic traditions than any one article could do alone *The Folds of Parnassos* Jeremy McInerney, 2010-07-22 Independent city states poleis such as Athens have been viewed traditionally as the most advanced stage of state formation in ancient Greece By contrast this pioneering book argues that for some Greeks the ethnos a regionally based ethnic group and the koinon or regional confederation were equally valid units of social and political life and that these ethnic identities were astonishingly durable Jeremy McInerney sets his study in Phokis a region in central Greece dominated by Mount Parnassos that shared a border with the panhellenic sanctuary at Delphi He explores how ecological conditions land use and external factors such as invasion contributed to the formation of a Phokian territory Then drawing on numerous interdisciplinary sources he traces the history of the region from the Archaic age down to the Roman period McInerney shows how shared myths hero cults and military alliances created an ethnic identity that held the region together over centuries despite repeated invasions He concludes that the Phokian koinon survived because it was founded ultimately on the tenacity of the smaller communities of Greece Christ in Egypt D. M. Murdock, Acharya S, 2008-12 This comparative religion book contains a startling perspective of the extraordinary history of the Egyptian religion and its profound influence upon the later Christian faith The text demonstrates that the popular god Horus and Jesus possessed many characteristics and attributes in common Dowry and Daughters Anwesha Arya-Bhattacharya, 2023-05-10 This book studies the relevance of dowry as a customary practice in Indian marriages It examines the historical articulation between traditional cultural texts and modern statutory law to understand how daughters are valued and how dowry as a custom defines this value The author creates a conceptual link between modern medieval and ancient marriage rites that formulate and embed dowry behaviour and practice within Indian society This book also provides a critique of the cultural textual tradition of India and South Asia It asserts for the first time that Vedic materialism is at the core of an adequate understanding of how dowry as wealth comes to occupy such a central position in the field of marriage An important study into the custom and tradition of South Asia this book will be indispensable for students and researchers of cultural studies women's studies gender studies religion history law and South Asian studies **Experiencing the Apocalypse at the Limits of Alterity** Leif Hongisto, 2010-08-18 Applying current narrative criticism to the study of the Apocalypse Hongisto underscores the oral nature of the narrative vis-à-vis the roles of the readers/listeners EXPERIENCING THE APOCALYPSE AT THE LIMITS OF ALTERITY probes the interplay of meaning creation as readers/listeners encounter the narrative The author shows how readers/listeners alike partake in the narrative design and become constructors of the narrative given their own life experiences Thus the overarching reading context assists in the creation of a narrativity for the text The form of the Apocalypse along with its imagistic quality convey a message that is not primarily cognitive but is delivered and grasped by a sense of alterity encompassing the imaginary world

of the text and the real world of the readers listeners *Market and Society* C. M. Hann, Keith Hart, 2009-05-14 This volume considers how the work of Polanyi can contribute to our understanding of the relationship between market and society

Taking Ancient Mythology Economically Introduction

In the digital age, access to information has become easier than ever before. The ability to download Taking Ancient Mythology Economically has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Taking Ancient Mythology Economically has opened up a world of possibilities. Downloading Taking Ancient Mythology Economically provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Taking Ancient Mythology Economically has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Taking Ancient Mythology Economically. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Taking Ancient Mythology Economically. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Taking Ancient Mythology Economically, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Taking Ancient Mythology Economically has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Taking Ancient Mythology Economically Books

What is a Taking Ancient Mythology Economically PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Taking Ancient Mythology Economically PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Taking Ancient Mythology Economically PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Taking Ancient Mythology Economically PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Taking Ancient Mythology Economically PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
