Jess Melvin, Sri Lestari Wahyuningroem, Annie Pohlman, 2023-08-31 *Resisting Indonesia's Culture of Impunity* examines the role of Indonesia's first truth and reconciliation commission the Aceh Truth and Reconciliation Commission or KKR Aceh in investigating and redressing the extensive human rights violations committed during three decades of brutal separatist conflict 1976-2005 in the province of Aceh. The KKR Aceh was founded in late 2016 as a product of the 2005 peace deal between the Indonesian government and the Free Aceh Movement GAM. It has since faced many challenges not least from Indonesia's security forces and former GAM leaders who have joined together in their determination to maintain impunity for their respective roles in the conflict. Indeed the commission would not have been established without the tireless work of civil society actors including non government organisations and other humanitarian groups. In *Resisting Indonesia's Culture of Impunity* the editors set out to amplify the role of these civil society actors in the KKR Aceh and in transitional justice in Indonesia. Each chapter has been written by a team of authors composed predominantly of commissioners and staff from the KKR Aceh itself, members of key civil society organisations and academics. Further the editors aim to scrutinise the KKR Aceh from the inside and analyse the establishment and operation of what is perhaps the only genuine state sponsored attempt to implement transitional justice in Indonesia today. **Truth Commissions and Procedural Fairness** Mark

Freeman, 2006-08-14 This is the first law book devoted entirely to the subject of truth commissions. The book sets forth standards of procedural fairness aimed at protecting the rights of those who come into contact with truth commissions: primarily victims and their families, witnesses and perpetrators. The aim of the book is to provide recommended criteria of procedural fairness for five possible components of a truth commission's mandate: the taking of statements, the use of subpoenas, the exercise of powers of search and seizure, the holding of victim centered public hearings and the publication of findings of individual responsibility in a final report, sometimes called the issue of naming names. The book draws on the experience of past and present truth commissions, analogous national and multilateral investigative bodies and international and comparative standards of procedural fairness. *Marine Safety Manual: Investigations* United States Coast Guard, 1985
