Benton White,2011-02-15

The time is 1931 The three places we first visit are Iowa South Africa and Alabama The characters finally end up as neighbors in Alabama and the story is about three young men whose growing up years were typical for that place and that era What makes it different is that rather than be in a culture that accepted racial bias as a way of life these three young men simply did not accept the status quo One of the young men was the son of the local minister who had originally come from the Midwest and moved to Birmingham when his father became a minister there The second friend was a native South African and arrived in Birmingham when his mother who was a nanny accompanied a family which had immigrated to the South The third whose father had been an alcoholic causing his mother to divorce him and who was raising her two children alone The boys met and eventually became close friends and classmates Each family has a fascinating history in the own right but after the boys meet the story becomes more about them as a trio The boys became fast friends The first two boys became star athletes and entered the University of Alabama on football scholarships They all entered the University together pledged the same fraternity and continued their lives together In their early teen years the boys had become friends with some young Black men their own age living near them and that friendship has something to do with later developments in the story That part of the story is intriguing Each character has a story of their own but the story of the three helps explain who they were and what they became It is reflective of the times more than some would want to remember You will enjoy the journey into their lives and perhaps better understand the tensions of a society which had not yet faced the dark side of its culture It is truly reflective of those times in the South times that in some places might still be trying to exist [A Strategy for Reading Biblical Texts](#) Johnson T. K. Lim,2002 A Strategy of Reading Biblical Texts provides a fresh impetus to the ongoing debate of hermeneutics and methods in biblical scholarship by examining three core hermeneutical strategies These are author oriented text oriented and reader oriented approaches It also critiques the contributions and limitations of each strategy and argues for a hermeneutical strategy that takes into account the micro and macro biblical corpora Readers are challenged to apply basic hermeneutical protocols when reading biblical texts A theological reading of the biblical texts is crucial and vital because the Bible is a theological document This book also addresses some of the pivotal but nagging questions of meaning authority and the reader's context **Forsaking the Fall** Daniel H. Spencer,2023-03-31 Forsaking the Fall argues along exegetical theological and philosophical lines that the doctrines of the Fall and Original Sin need not be understood as integral components of orthodox Christianity By engaging biblical studies systematic theology and analytic philosophy the book provides a comprehensive understanding of the most important issues at play in the Original Sin debate as well as offers a set of tools for helping readers to think critically about the essence of the Christian faith and its relation to

**Mormon Hermeneutics** Jeffrey S. Krohn,2022-05-13 Bible readers are often preoccupied with themselves At times they neglect the original ancient context of the biblical writings The novelty of the modern is leveraged to trump the ancient Mormon hermeneutics seems to say more about the modern LDS church than any ancient biblical meaning Positively the LDS is to be applauded for their emphasis on the living out of their faith However through various approaches to the Bible the LDS Church seems to neglect the ancient horizon of the biblical text Any interpretation of the Bible LDS or otherwise should be held accountable This book is an attempt to categorize Mormon hermeneutics and utilizes numerous hermeneutical voices from the field of philosophical hermeneutics Tell the Truth Will Metzger,2002-10-31 How to share the Christian Faith in a God Centered way **The Saturday Review of Politics, Literature, Science and Art** ,1906 *Evangelical Bible Doctrine* Dr. Keith Sherlin,2015-12-10 Over twenty one faithful evangelical Bible teachers have joined together in this work to both honor the legacy of Dr Mal Couch as well as to promote a solid sacred and safe theological manual for the body of Christ Colleagues and friends of Dr Couch such as Dr Wayne House Dr Norman Geisler Dr Arnold Fruchtenbaum Dr Timothy Demy and more along with many of Mals students and disciples set forth in this work a biblical and practical theology The first half of the book covers all twelve of the major biblical doctrines of Christianity The last half covers some of the hottest theological topics and practical issues that present day believers ought to be aware of in order to properly defend the faith In chapter 25 you will meet many of the disciples in Christ that Mal taught over the years as they express their gratitude for this godly giant of the faith So if you are curious about what a holistic evangelical faith looks like and even curious as to how dispensationalism fits within orthodox evangelicalism this book will provide for you a solid resource for many years to come

The Word of God? Keith Ward, 2010-01-21 Keith Ward introduces this volume on the world's greatest ever bestseller by suggesting that the Bible is neither a book dictated by God as some believe nor just a set of out dated taboos and politically slanted histories as those at the opposite extreme maintain Rather it is a very mixed set of documents by many different writers from many different times which records the struggle of many people in one particular religious tradition to respond to their discernments of a transcendent spiritual power What makes the Bible distinctive among other religious books is that the dominant image of transcendence of spirituality that slowly develops in its pages is the image of a power that helps humans to seek a moral goal in history even when such a thing would seem impossible to achieve were it not for the power of grace The Bible is in short a spiritual text
