Neville,1992-01-01 Discussions of modernism and postmodernism in philosophy and the arts are usually based on a narrow reading of the Western tradition and are not conscious of the narrowness The modern period beginning with the European Renaissance spawned many developments not just the modernist one in terms of which the tradition has been read From the standpoint of the highroad around modernism both modernism and post modernism look like nothing more than two late modern movements perhaps too preoccupied with themselves and their historical place to engage a swiftly changing world containing more than the Western tradition The Highroad Around Modernism develops and defends an explicitly non modernist and non postmodernist extension of modernity applicable to the problems of world wide cultural interactions The Mirror of Literature, Amusement, and Instruction ,1839 Facsimile of a photogenic drawing of ferns done on the block as a plate printed in rust to imitate the photogenic drawing Also A Treatise on Photogenic Drawing reprinted from the Magazine of Natural History p 234 44 The facsimile of the photogenic drawing done directly from an exposure on the block is the first photographic image published The finished example is printed directly from the block in a reddish brown to match the color of Talbot s first salt print photograms Hanson Collection catalog p 6 **The Mirror of Literature,Amusement,and Instruction: VOL.XXXIII** The Mirror of Literature,Amusement,and Instruction: VOL.XXXIII,1839 Beyond Talent John C.
