Taking The Tunnel:

Never Take No for an Answer Bill Shields, 2024-08-16 Embarking on a new business venture can be a daunting and unpredictable journey much like rolling the dice in a game of chance In 1967 two bold young men Les Marino and Kenny Anderson fearlessly stepped into the world of Heavy Construction boldly declaring that they would one day become the largest contracting firm in the world Oblivious to the challenges that lay ahead they hung their shingle on the door of a modest one room office in Cambridge Massachusetts unaware that their audacious prediction might actually come true in the not too distant future The path to success was far from a smooth highway instead it resembled a treacherous winding trail through a dark and perilous jungle Armed with perseverance dedication hard work and humility Les and Kenny navigated the obstacles eventually finding their way to the proverbial yellow brick road and the success they had envisioned This book takes you on a captivating journey detailing the trials tribulations and triumphs that shaped their remarkable story Join them on this thrilling ride but be sure to fasten your seatbelt securely as the road ahead is filled with unexpected twists and turns that will keep you on the edge of your seat Discover how two determined individuals transformed their dream into reality and learn valuable lessons that can be applied to your own entrepreneurial endeavors **Railway News, Finance and**
