Tales From The Pump Room Nine Hundred Years Of Bath:

The Image of Georgian Bath 1700-2000 Peter Borsay, 2000-07-06 This interdisciplinary study explores the evolution structure and uses of the image of Georgian Bath from its genesis in the eighteenth century to its renaissance in the twentieth century In recent decades there has been both a popular resurgence of interest in heritage and tradition and a growing academic awareness of the power of imagery in shaping the lives of individuals and societies There is perhaps no city in Britain so saturated in history and layered with historic imagery as Bath It therefore provides an ideal case study to investigate the dynamic fusion and impact of the forces of past and representation The dominant perception of Bath today is that of a classical and particularly Georgian city In this stimulating and scholarly study Peter Borsay examines the construction and development of this image Its principal components biography and architecture are explored together with the media through which it was constructed and transmitted as well as its commercial social political and psychological uses Dr Borsay concludes by relating the findings for Bath to current debates on towns heritage and the nature of history

Queen of the Courtesans Barbara White, 2014-06-02 Fanny Murray was an incomparable Georgian beauty and the most desired courtesan of the 1750s The daughter of an impoverished musician from Bath she took London society by storm not only as the most prized purchaseable beauty of her day but also as a fashion icon and muse to poets writers and artists She counted princes aristocrats and politicians among her friends and lovers but relished the company of rogues fraudsters and ne'er-do-wells Barbara White presents evidence to suggest that Fanny Murray participated spiritedly in the sexual antics of the notorious Monks of Medmenham the most infamous of the Hell fire Clubs After she retired from prostitution Fanny Murray reinvented herself entering a pragmatic marriage with the Scottish actor David Ross Surprisingly her virtues as a devoted and faithful wife became almost proverbial Even so Murray could not escape her disreputable past In 1763 a scurrilous poem dedicated to her caused a national scandal that ended in the infamous trial of the radical politician John Wilkes for obscene libel Barbara White's portrait of Fanny Murray takes readers from the brothels of Covent Garden to sex romps at Medmenham Abbey from refined drawing rooms in London to marital respectability in Edinburgh This is an illuminating contribution to the scholarly understanding and popular appreciation of a complex and intriguing period of British history Fanny Murray's triumph against almost insuperable odds is a remarkable story as rich in the telling as it is enthralling

Invalidism and Identity in Nineteenth-Century Britain Maria H. Frawley, 2010-11-15 Nineteenth century Britain did not invent chronic illness but its social climate allowed hundreds of men and women from intellectuals to factory workers to assume the identity of invalid Whether they suffered from a temporary condition or an incurable disease many wrote about their experiences leaving behind an astonishingly rich and varied record of disability in Victorian Britain Using an array of primary sources Maria Frawley here constructs a cultural history of invalidism She describes the ways that Evangelicalism industrialization and changing patterns of doctor patient relationships all converged to allow a culture of

invalidism to flourish and explores what it meant for a person to be designated or to deem oneself an invalid Highlighting how different types of invalids developed distinct rhetorical strategies her absorbing account reveals that contrary to popular belief many of the period's most prominent and prolific invalids were men while many women found invalidism an unexpected opportunity for authority In uncovering the wide range of cultural and social responses to notions of incapacity Frawley sheds light on our own historical moment similarly fraught with equally complicated attitudes toward mental and physical disorder

Tales from the Pump Room Thomas Hinde, 1988 No city in Britain has a history like Bath's Others have exploited their mineral waters and many have been holiday resorts But none has ever been the country's alternative capital as Bath was for almost a hundred years a place to which a large part of society came annually and just about everyone who was anybody visited at least once from writers and artists such as Samuel Pepys William Beckford Thomas Gainsborough Henry Fielding and Fanny Burney to actors and playwrights like Mrs Siddons and Richard Brinsley Sheridan James II's Queen to a bath in order to become pregnant lesser bathers hoped to cure gout or pox Eventually most were found at the Pump Room the heart of Bath's social scene There over glasses of the celebrated mineral water gossip was exchanged and duels or elopements arranged Thomas Hinde describes the most curious amusing and scandalous personalities and events with made this such a unique community in the eighteenth century and which still makes Bath such a popular city today back over

Sir Robert Walpole's Poets Tone Sundt Urstad, 1999 During Sir Robert Walpole's term as Prime Minister exorbitant amounts of money were spent on propaganda in support of his administration Since nearly all the major writers of the period adopted an anti government stance however historians have shown far more interest in the organization and contents of opposition propaganda than in its pro government counterpart This book is the first comprehensive study of the literature published in support of Walpole's administration and explores important pro government themes and also explains how the propaganda network was organized and what precisely the Old Corps Whig leadership hoped to achieve BOOK
