of gas lit foggy streets and a top hatted sinister figure carrying a Gladstone bag From the outset the murderer attained almost mythical status merely by virtue of his name and his uncanny ability to avoid detection The legend of Jack the Ripper was born Peter Hodgson s detailed and entertaining overview of Ripper lore in fact film and fiction analyses the fiend s awesome legacy He explores the institutions and the individuals the Jewish community and their rituals with meat the scandal prone royal family the Victorian police and their simplistic methods of investigation the streetwalkers and their trade This book compares the fiction with the reality of those ghastly events and clearly shows how the real killer has been transformed into a creature of the mind the other Jack the Ripper Examination of the victims mutilations reveals the true nature of Jack s grotesque fantasies This aspect coupled with his elementary anatomical knowledge is used in conjunction with the FBI s appraisal of the case to construct a unique psychological profile From the long list of candidates the author reveals his prime suspect for the role of the world s most infamous serial killer Book reviews online PublishedBestsellers website
