Tales Of Magic Realism By Women Dreams In A Minor Key:

Tales of Magic Realism by Women Susanna J. Sturgis, 1991 **American Women Short Story Writers** Julie

Brown, 2014-05-01 This collection of original and classic essays examines the contributions that female authors have made to the short story. The introductory chapter discusses why genre critics have ignored works by women and why feminist scholars have ignored the short story genre. Subsequent chapters discuss early stories by such authors as Lydia Maria Child and Rose Terry Cooke. Others are devoted to the influences race, class, sexual orientation, education that have shaped women's short fiction through the years. Women's special stylistic, formal, and thematic concerns are also discussed in this study. The final essay addresses the ways our contemporary creative writing classes are stifling the voices of emerging young female authors. The collection includes an extensive five-part bibliography. **Latin American Women Writers** Kathy S.

Leonard, 2007-09-19 There is a wealth of published literature in English by Latin American women writers, but such material can be difficult to locate due to the lack of available bibliographic resources. In addition, the various types of published narrative—short stories, novels, novellas, autobiographies, and biographies—by Latin American women writers has increased significantly in the last ten to fifteen years. To address the lack of bibliographic resources, Kathy Leonard has compiled *Latin American Women Writers: A Resource Guide to Titles in English*. This reference includes all forms of narrative: short story, autobiography, novel, novel excerpt, and others by Latin American women dating from 1898 to 2007. More than 3,000 individual titles are included by more than 500 authors. This includes nearly 200 anthologies, more than 100 autobiographies, biographies, or other narrative, and almost 250 novels written by more than 100 authors from 16 different countries. For the purposes of this bibliography, authors who were born in Latin America and either continue to live there or have immigrated to the United States are included. Also, titles of pieces are listed as originally written in either Spanish or Portuguese. If the book was originally written in English, a phrase to that effect is included to better reflect the linguistic diversity of narrative currently being published. This volume contains seven indexes: Authors by Country of Origin, Authors' Titles of Work, Titles of Work, Authors' Autobiographies, Biographies, and Other Narrative, Anthologies, Novels, and Novellas in Alphabetical Order by Author, and Novels and Novellas by Authors' Country of Origin. Reflecting the increase in literary production and the facilitation of materials, this volume contains a comprehensive listing of narrative pieces in English by Latin American women writers not found in any other single volume currently on the market. This work of reference will be of special interest to scholars, students, and instructors interested in narrative. Catching Butterflies Maria Takolander, 2007

Magical realism was one of the most significant literary developments in the last century. It has become synonymous with the seductive fictions of writers such as Gabriel García Márquez, Salman Rushdie, Toni Morrison, Ben Okri, Jeanette Winterson, and Peter Carey. However, the genre has also become known for its theoretical indeterminacy. In fact, exoticist speculation inspired by the links between magical realist literature and the world's cultural or political margins has thrown the category into critical disrepute.

This book rescues magical realism from misreadings and misdemeanours tracing the historical development of the literary genre and analysing an original spectrum of magical realist texts from Latin America Africa India Canada the US the UK and Australia It asks such questions as How did magical realism come to take over the world What is the nature of its allure Also how does the marginal status of its authors inform the genre Does magical realism have a political agenda This book uses postcolonial theory to investigate notions of cultural identity and post structural theory to examine the narrative strategies of magical realism presenting a comprehensive historical and theoretical overview of the genre and a politically urgent argument about its subversive potentialities *Bibliographic Guide to Chicana and Latina Narrative* Kathy

Leonard,2003-08-30 There has been a dramatic increase in the amount of narrative work published by Chicana and Latina authors in the past 5 to 10 years Nonetheless there has been little attempt to catalog this material This reference provides convenient access to all forms of narrative written by Chicana and Latina authors from the early 1940s through 2002 In doing so it helps users locate these works and surveys the growth of this vast body of literature The volume cites more than 2 750 short stories novels novel excerpts and autobiographies written by some 600 Mexican American Puerto Rican Cuban American Dominican American and Nuyorican women authors These citations are grouped in five indexes an author title index title author index anthology index novel index and autobiography index Short annotations are provided for the anthologies novels and autobiographies Thus the user who knows the title of a work can discover the author the other works the author has written and the anthologies in which the author's shorter pieces have been reprinted along with information about particular works **Sinister Wisdom** ,1991 **Short Story Index** ,1994 AB Bookman's Weekly ,1997 A
