Indigenous Screen Cultures in Canada Sigurjon Baldur Hafsteinsson, Marian Bredin, 2010-09-01 Indigenous media challenges the power of the state, erodes communication monopolies and illuminates government threats to Indigenous cultural, social, economic and political sovereignty. Its effectiveness in these areas, however, is hampered by government control of broadcast frequencies, licensing and legal limitations over content and ownership. *Indigenous Screen Cultures in Canada* explores key questions surrounding the power and suppression of Indigenous narrative and representation in contemporary Indigenous media. Focussing primarily on the Aboriginal Peoples Television Network, the authors also examine Indigenous language broadcasting in radio, television and film; Aboriginal journalism practices; audience creation within and beyond Indigenous communities; the roles of program scheduling and content acquisition policies in the decolonization process; the roles of digital video technologies and co-production agreements in Indigenous filmmaking and the emergence of Aboriginal cyber communities.

This magnificent treasury tells the story of America through 100 true tales. Some are tales of triumph: the midnight ride of Paul Revere, the Wright brothers taking to the air, Neil Armstrong's first steps on the moon. Stories about struggling for freedom again and again in so many ways. With full color illustrations on nearly every page and short exciting stories, this book is perfect for browsing by the entire family. Notes at the end of each story direct readers to related stories. And a guide to thematic story arcs offers readers and teachers an easy way to follow their particular interests throughout the book.
