If you've struggled to learn French in the past, this book is for you; you will succeed with this method. This book is split up into nine lessons, each of which will teach you a selection of useful words and phrases, and you'll learn how to put them together to form sentences, enabling you to communicate effectively in French from the very first lesson. You need no prior experience with French; you need no other materials; everything you'll need is contained within this book. You'll learn vocabulary that will be useful on any trips to France or any other French-speaking country. It's perfect for the holiday maker who wants to be able to communicate during their vacation. You'll have opportunity to practise what you've learnt thanks to hundreds of recap exercises, and you'll also learn about the 3 Minute Ideology and why extremely short bursts of study are much more effective for your overall learning than long drawn-out study sessions. Each word or phrase also comes with a useful pronunciation guide to show you how to say it in French. I wrote this book under the assumption that you know nothing about the French language; in fact, I wrote it under the assumption that you know nothing about languages full stop. This is because when I first started learning languages, I was always thrown off by specific grammar terms or strange rules that weren't really explained properly. I explain everything in an easy-to-follow manner so you won't get lost. So give *3 Minute French Course 1* a go today and start speaking this beautiful language.
