security in Africa there are few contemporary publications that explore this issue on an international scale This volume redresses that imbalance by examining religion s impact on human security across Africa Written by an international team of contributors this book looks in detail at the intersection of religion and security in a variety of African contexts Case studies from a diverse set of countries including Nigeria Ghana South Africa Burkina Faso and more are used to illustrate wider trends across the continent Acknowledging that religion can be used to incite violence as well as encourage peace the chapters employ an interdisciplinary exploration of the ethics sociology and politics around these issues This is much needed volume on religion s capacity to effect human security It will therefore be of significant interest to any scholar of religious studies African studies political science the sociology of religion and anthropology as well as peace conflict and reconciliation studies

After Such Knowledge Eva Hoffman,2011-08-02 As the Holocaust recedes in time the guardianship of its legacy is being passed on from its survivors and witnesses to the next generation How should they in turn convey its knowledge to others What are the effects of a traumatic past on its inheritors And what are the second generation s responsibilities to its received memories In this meditation on the long aftermath of atrocity Eva Hoffman a child of Polish Jews who survived the Holocaust with the help of neighbors but whose entire families perished probes these questions through personal reflections and through broader explorations of the historical psychological and moral implications of the second generation experience She examines the subterranean processes through which private memories of suffering are transmitted and the more willful stratagems of collective memory She traces the second generation s trajectory from childhood intimations of horror through its struggles between allegiance and autonomy and its complex transactions with children of perpetrators As she guides us through the poignant juncture at which living memory must be relinquished she asks what insights can be carried from the past to the newly problematic present and urges us to transform potent family stories into a fully informed understanding of a forbidding history

In Idi Amin's Shadow Alicia C. Decker,2014-11-15 In Idi Amin s Shadow is a rich social history examining Ugandan women s complex and sometimes paradoxical relationship to

Amin's military state Based on more than one hundred interviews with women who survived the regime as well as a wide range of primary sources this book reveals how the violence of Amin's militarism resulted in both opportunities and challenges for women Some assumed positions of political power or became successful entrepreneurs while others endured sexual assault or experienced the trauma of watching their brothers husbands or sons disappeared by the state's security forces In Idi Amin's Shadow considers the crucial ways that gender informed and was informed by the ideology and practice of militarism in this period By exploring this relationship Alicia C Decker offers a nuanced interpretation of Amin's Uganda and the lives of the women who experienced and survived its violence Each chapter begins with the story of one woman whose experience illuminates some larger theme of the book In this way it becomes clear that the politics of military rule were highly relevant to women and gender relations just as the politics of gender were central to militarism By drawing upon critical security studies feminist studies and violence studies Decker demonstrates that Amin's dictatorship was far more complex and his rule much more strategic than most observers have ever imagined

current pays Shares the deeper secrets of investing and pushes you to question what this means for your financial well being Explains why people so often abandon good sense and good behavior to follow the crowd Offers concrete advice on how you can avoid the public spectacle of modern finance The authors cautionary tale of bubble economies reveals how the gush of credit let loose by Alan Greenspan has wreaked havoc on our lives but their thoughtful and always entertaining approach also offers some sound investing principles for avoiding the pitfalls of the public spectacle thinking for yourself and protecting your money your sanity and your soul *Xenophon on Government* Xenophon,2007-05-17 Xenophon of Athens was a pupil of Socrates and a philosopher in his own right He wrote two of the texts included in this volume the Hiero On Tyranny and the Constitution of the Spartans The third the Constitution of the Athenians is found under Xenophon s name alongside the other two in the manuscripts The works represent three distinct types of government the rule of one man in tyranny and kingship the rule of law in the mixed constitution of the Spartans and the rule of the masses in the Athenian democracy but there are common features throughout This volume presents an introduction discussing Xenophon s views on government in the context of his general political thought drawing particularly on his Socratic work Memorabilia and a commentary on the Greek text of each work aimed primarily at advanced undergraduates and graduate students **Behind the Killing Fields** Gina Chon,Sambath Thet,2011-06-03 In recent history atrocities have often been committed in the name of lofty ideals One of the most disturbing examples took place in Cambodia s Killing Fields where tens of thousands of victims were executed and hastily disposed of by Khmer Rouge cadres Nearly thirty years after these bloody purges two journalists entered the jungles of Cambodia to uncover secrets still buried there Based on more than 1 000 hours of interviews with the top surviving Khmer Rouge leader Nuon Chea Behind the Killing Fields follows the journey of a man who began as a dedicated freedom fighter and wound up accused of crimes against humanity Known as Brother Number 2 Chea was Pol Pot s top lieutenant He is now in prison facing prosecution in a United Nations Cambodian tribunal for his actions during the Khmer Rouge rule when more than two million Cambodians died The book traces how the seeds of the Killing Fields were sown and what led one man to believe that mass killing was necessary for the greater good Coauthor Sambath Thet a Khmer Rouge survivor shares his personal perspectives on the murderous regime and how some victims have managed to rebuild their lives The stories of Nuon Chea and Sambath Thet collide when the two meet While Thet holds Chea responsible for the death of his parents and brother he strives for understanding over revenge in order to reveal the forces that destroyed his homeland in the name of creating utopia In this age of suicide bombers and terror alerts the world is still at a loss to comprehend the violence of zealots Behind the Killing Fields bravely confronts this challenge in an exclusive portrait of one man s political madness and another s personal wisdom Paris and the Marginalized Author Valérie K. Orlando,Pamela A. Pears,2018-10-15 This volume of essays explores what it is that has brought marginalized and often exiled writers seen as treacherous alienated and or queer by their societies and nations together by way of Paris Spanning from the inter war period of the late 1920s to the

present millennium this volume considers many seminal questions that have influenced and continue to shape the realm of exiled writers who have sought refuge in Paris in order to write Additionally the volume s essays seek to define alienation and marginalization as not solely subscribing to any single denominator sexual preference gender or nationality but rather as shared modes of being that allow authors to explore what it is to write from abroad in a place that is foreign yet freed of the constrictions of one s home space What makes Paris a particularly fruitful space that has allowed these authors and their writings to cross national ethnic racial religious and linguistic boundaries for over a century What is it that brings together writers such as Moroccan Abdellah Ta a Americans James Baldwin Richard Wright and most recently Ta Nehisi Coates and Shay Youngblood Algerian Nabile Far s Franco Algerian Leila Sebbar Canadian Nancy Huston French Jean Genet and French Vietnamese Linda L How do their representations and understanding of transgression and marginalization transcend national linguistic and ethnic boundaries leading ultimately to revolution both literary and literal How does their writing help us to trace the history of Paris as a literary and artistic capital that has been useful for authors exploration of the Self race and home country These are but a few of the many questions explored in this volume This book relies on an inherently intersectional approach which is not based in reified identities whether they be LGBT postcolonial ethnic national or linguistic Instead we posit that for example queer theory and a politics of difference i can help us investigate the dynamics of these multiple identity positions and hence provide a broader understanding of the lived experiences of these writers and perhaps their readers from the early 1940s to the present
