Testament At The Creation Of The State Of Israel:

Christian Attitudes Towards the State of Israel Paul Charles Merkley, 2001 During the 1947 United Nations debate on the future of Palestine world opinion was powerfully affected by news of the Holocaust and the plight of Jewish refugees creating a momentary humanitarian advantage that helped mobilize support for the creation of the state of Israel However almost as soon as it became clear that the Jews had won their war for independence anti Zionists within Christianity reasserted themselves A pro Arab bloc of Western missionaries at the World Council of Churches echoed the anti Zionism that has always characterized those churches which today constitute the Middle East Council of Churches while the Roman Catholic Church never friendly to Zionism advocated the internationalization of Jerusalem to diminish the Jewish presence in the heart of the Holy Land Mainstream Protestantism championed Palestinian nationalism and still does not hesitate to portray Israel as an oppressor but most evangelical Christians see Israel s restoration as a part of God s plan In *Christian Attitudes towards the State of Israel* Paul Merkley demonstrates that polarized opinion continues to affect how Israel is perceived today [The Religion of Israel to the Fall of the Jewish State](#) A. Kuenen, 1883 **Justice and Only Justice** Ateek, Naim , 2014-06-30 [Can a 'History of Israel' Be Written?](#) Lester L. Grabbe, 1997-07-01 This Symposium asks whether a history of Israel can be written and if it can how Can the Hebrew Bible be used as a source for such history The question of writing the history of ancient Israel has become fiercely debated in recent years It is a debate that seems to generate more heat than light because of quite different concepts of historical methodology The European Seminar on Methodology in Israel s History was founded specifically to address this problem Members of the Seminar hold a variety of views but all agree that there is a problem to be tackled The first meeting of the Seminar held in Dublin in 1996 was devoted to some broad questions 1 Can a history of ancient Israel or Palestine Syria the Levant etc be written 2 If so how What place does the Hebrew Bible have as a source in writing this history This first volume contains the main papers that were prepared to set the stage for the discussion along with an introduction to the Seminar its aims and its membership The editor also provides a concluding chapter summarizing and reflecting on the debate **The Present State of Old Testament Studies in the Low Countries** Klaas Spronk, 2016-08-15 In *The Present State of Old Testament Studies in the Low Countries* fifteen leading scholars from Belgium and the Netherlands give an overview of their work This collection celebrating the seventy fifth anniversary of the Oudtestamentisch Werkgezelschap brings together the results of high quality research on many fields from computer assisted analysis to biblical theology from the archaeology of Palestine to early rabbinic exegesis from logotechnical analysis to delimitation criticism It shows that Old Testament research in Belgium and the Netherlands is multifaceted and innovative [The Jewish People, the Holy Land, and the State of Israel](#) Richard C. Lux, 2010 Over forty years have passed since the 1965 Second Vatican Council s groundbreaking declaration *Nostra Aetate* which promoted an ongoing and necessary relationship between the Catholic Church and the Jewish people Gathering together the fruits of this

interreligious dialogue Richard C Lux reflects on future possibilities and new directions for this relationship by considering the religious significance of the Holy Land This presentation includes an historical overview that traces important developments a paradigmatic shift in understanding to resolve the two covenant versus one covenant model of the Jewish Christian relationship the significance of the Holy Land for Palestinian Christians and Palestinian Muslims and new ways in thinking about a theological model for the modern State of Israel Stimulus Books are made possible by the generous support of the Stimulus Foundation for the publication of books to further the mutual understanding between Jews and Christians

Book jacket Daniel Colin Chapman,2025-04-17 To say that Daniel is a difficult book would be an understatement We can easily be seduced by seemingly intelligent but actually misguided interpretations of Daniel s esoteric visions Or we can be tempted to just give up trying to understand them There is a better way In this informed and readable book Colin Chapman guides us towards making good sense of the Book of Daniel Far from being impenetrable or irrelevant Chapman shows us how to hear its important message for the people of God today

Zionism and the State of Israel The Rev Dr Michael Prior Cm,Michael Prior,2005-08-12 Zionism and the State of Israel provides a topical and controversial analysis of the development of Zionism and the recent history and politics of Israel This thought provoking study examines the ways in which the Bible has been used to legitimize the implementation of the ideological and political programme of Zionism and the consequences this has had
