Public Attitudes Towards Gender-Inclusive Language Falco Pfalzgraf,2024-09-02 The potential use of gender inclusive language is being discussed controversially in the public sphere Opinions on it have increasingly been voiced by individuals as well as organisations These include state institutions private associations subject specialists such as linguists and private individuals laypeople Views of and attitudes towards the use of gender inclusive language cover a broad spectrum between extreme ends and even subject specialists hold conflicting views Research on gender inclusive language is very much a current trend in linguistics including the so called genderless languages However the focus is mostly on structural issues while sociolinguistic research on attitudes towards the use of gender inclusive language is mostly missing Some scattered work in this area has been published but a more thorough understanding and conceptualisation of attitudes is still needed Furthermore a multilingual comparative perspective is still missing This edited volume will address these shortcomings

Lady Parts Kathryn D. Blanchard, Jane S. Webster,2012-11-13 How might women in the Bible tell their stories if they were prompted to do so by Eve Ensler's controversial play The Vagina Monologues This collection imagines some answers to that question The monologues herein are written by a variety of authors including scholars undergraduates clergy and laywomen the content of the narratives reflects this variety being at times faithful or irreverent tragic or even funny All seek to give twenty first century voices to women in canonical texts including the Hebrew Bible Deuterocanonical books and New Testament who are often speechless nameless or otherwise marginalized Not for the faint of heart these monologues not only end the silences but also add flesh and bone to characters whose experiences have too easily been

justified metaphorized or altogether ignored By naming the torn places in these women s stories this volume invites readers to encounter both the biblical characters and their contemporary interpreters with an attitude of compassionate listening Our hope is that such compassionate listening may contribute not only to more just readings of sacred texts but also to the mission of Eve Ensler and V Day to end global violence against women and girls
