The Harried Leisure Class:

The Harried Leisure Class Staffan Burenstam Linder, 1970 Analysis of psychological aspects of social change with particular reference to leisure utilisation in the USA covers the cultural factors and time factor of leisure activities hours of work the decline of maintenance services behaviour towards productivity consumption and saving Motivation for economic growth trends etc Annotated bibliography pp 156 to 175 and statistical tables Redeeming the Time Leland Ryken, 1995-10 A fully developed biblical perspective of work and leisure finds the holistic balance missing from today in Puritan enjoyment of both as important to life *Encyclopedia of Consumer Culture* Dale Southerton, 2011-09-15 The Encyclopedia of Consumer Culture is the first reference work to outline the parameters of consumer culture and provide a critical scholarly resource on consumption and consumerism ThirdWay, 1981-05 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture **History of Intellectual Culture 3/2024** Charlotte A. Lerg, Johan Östling, Jana Weiß, Anne Kwaschik, Claudia Roesch, 2024-10-21 The third issue of the yearbook History of Intellectual Culture HIC devotes a thematic section to experimental spaces for knowledge production The articles in this section investigate the role of experimental environments as sites for knowledge production during the long nineteenth century thereby extending the scope beyond the confines of traditional academic institutions such as academies laboratories and universities By focusing on intentional communities colonial gardens agricultural colonies and artistic colonies as experimental spaces the authors investigate the intertwined social natural and aesthetic aspects of environments An overarching aim is to develop a distinct perspective rooted in the history of knowledge wherein experiments are conceptualized both as a category employed by the historical actors and as a methodological concept In addition the third issue comprises several individual papers covering a wide range of topics stretching from the U S patent system in the 1930s and anti intellectualism in interwar Britain to the cultural translation of knowledge in the wake of the Holocaust and the circulation of economic knowledge in postwar Sweden The issue also contains several theoretical historiographical and methodological interventions and reflections including a conversation on decolonizing knowledge in academia and beyond

Affluenza John de Graaf, David Wann, Thomas H. Naylor, 2014-01-28 Welcome to the enhanced edition of Affluenza Each chapter of this updated third edition features scenes from the popular national PBS specials Affluenza and Escape from Affluenza co produced by Affluenza co author John de Graaf and hosted by National Public Radio s Scott Simon This iconic book shows how problems ranging from loneliness endless working hours and family conflict to rising debt environmental pollution and rampant commercialism are all symptoms of this global plague In the enhanced edition you ll see hilarious skits including the frightening original diagnosis of affluenza and the shocking surrender of the Joneses You ll meet experts and hear from ordinary people about how affluenza has affected their lives and what they are doing about it You ll see victims of shopping fever and swollen expectations as they roam through the affluenza hot zones of tourist destination shopping malls

watch in horror as marketers plan the manipulation of children take a quick trip through the history of this dreaded disease and see its often invisible but terrible consequences made visible But it's not all gloom and doom far from it You'll also drop in on a simplicity circle affluholics anonymous wander through a magical marsh where you come out enriched and your wallet is still as full as when you left home and share the life of an urban family who is beating the bug The authors also trace the role overconsumption played in the Great Recession discuss new ways to measure social health and success such as the Gross Domestic Happiness index and offer policy recommendations to make our society more simplicity friendly Remember that nine out of ten doctors recommend this book as the cure for affluenza Happy reading and happy viewing There are a total of 23 videos spanning 39 36 minute File size 379 7 MB

The City and Quality of Life Peter K. Kresl, 2021-04-30 This unique and insightful work examines the importance of quality of life for the city which has become a key component of urban competitiveness over the past 30 years It argues that having a high or low quality of life will have important consequences for the vitality and status of any city The book's six substantive chapters explore this issue by each examining a distinct element that comprises quality of life including the approach of economists to quality of life links to urban competitiveness the economy urban amenities and attributes

The Celebration of Heroes William J. Goode, 2023-11-15 The Celebration of Heroes Prestige as a Social Control System explores the profound influence of prestige on social behavior presenting it as a central mechanism of social control that transcends cultures and eras This groundbreaking treatise delves into how prestige rooted in the universal human need for respect and esteem shapes individual and group interactions By drawing on historical examples field studies and experimental research the book outlines empirically grounded propositions that illuminate the ways prestige influences rewards punishments and the distribution of social roles From the structured allocation of honors to the complex dynamics of prestige subversion the author examines how these processes affect social cohesion organizational behavior and perceptions of justice At its core the book investigates critical questions about the nature and impact of prestige how it is distributed manipulated and institutionalized to guide behavior and sustain power structures It considers the interplay between personal ambition and societal expectations analyzing both the ethical implications of prestige systems and their practical applications in shaping norms By integrating exchange theory and equity concepts the study offers a nuanced perspective on the motivations behind human interactions shedding light on the enduring tension between individual self interest and collective values The Celebration of Heroes serves as an essential resource for understanding the enduring role of esteem in human societies while also challenging readers to reflect on the fairness and dynamics of prestige

driven social structures This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1978 **Rethinking Teaching in Higher Education** Alenoush Saroyan, Cheryl Amundsen, 2023-07-03 This book is intended for faculty and faculty developers as well as for deans chairs and directors responsible for promoting teaching and learning in higher education Intentionally non technical it engages readers reflectively with a process for developing teaching and details the planning necessary to apply this process to teaching within disciplines The book centers on McGill University s week long Course Design and Teaching Workshop that the contributors have offered together for more than ten years It follows the five day format of the workshop covering the analysis of course content conceptions of learning the selection of appropriate teaching strategies the evaluation of student learning and evaluation of teaching in a way that reflects the spontaneity of the debates it has engendered and the workshop s evolutionary changes The structure shows faculty members conceptualizing new courses or re examining their teaching of existing courses and translating the insights gained from the workshop to specific disciplinary content and learning outcomes In addition four previous participants of the workshop write about its influence on their personal thinking about the practice of teaching The final two chapters describe the structure and evolving role of McGill s Centre for University Teaching and Learning The authors describe its objectives in fostering an evidence based teaching culture and providing a practical support structure with limited resources They highlight achievements in disseminating teaching expertise across their campus and their vision for the future role of faculty development This book provides faculty developers and administrators with valuable non prescriptive models and challenging ideas that promote faculty development in general and university teaching in particular It engages faculty members in the process of course design in a way that is learning centered and can lead to deep student learning **The Wiley Blackwell Encyclopedia of Consumption and Consumer Studies** Daniel Thomas Cook, J. Michael Ryan, 2015-03-02 With entries detailing key concepts persons and approaches The Wiley Blackwell Encyclopedia of Consumption and Consumer Studies provides definitive coverage of a field that has grown dramatically in scope and popularity around the world over the last two decades Includes over 200 A Z entries varying in length from 500 to 5 000 words with a list of suggested readings for each entry and cross references as well as a lexicon by category and a timeline Brings together the latest research and theories in the field from international contributors across a range of disciplines from sociology cultural studies and advertising to anthropology business and consumer behavior Available online with interactive cross referencing links and powerful searching capabilities within the work and across Wiley s comprehensive online reference collection or as a single volume in print www.consumptionandconsumerstudies.com *The Dignity of Dependence* Leah Libresco Sargeant, 2025-10-01 The Dignity of Dependence argues that women s equal rights

depend on advocating for women as women The world is not ready to welcome women as women a culture that fears dependence and asks everyone to aim for autonomy and independence will always be a society hostile to women Women are expected to care for those around them while living in a society that despises need and penalizes those who care for the weak The Dignity of Dependence aims to liberate women and men from this corrosive and false ideal of the human person as strongest alone Leah Libresco Sargeant argues that to thrive human beings need to exist in webs of mutual dependence not in isolating radical autonomy Women s equal dignity doesn t require women to deny biological reality or attempt to be interchangeable with men Sargeant advocates for building a culture that accepts and celebrates women as they are rather than demanding that women keep their relationships and their bodies in check The fight for women s dignity is a fight for a full human dignity a dignity that isn t threatened by dependence It is our need for each other that makes us human

Shades of Loneliness Richard Stivers,2004 In this incisive and controversial book Richard Stivers rejects genetic explanations of psychological problems arguing instead that the very organization of technological societies is behind the pervasive experience of loneliness In its extreme form loneliness assumes pathological dimensions in neurosis and schizophrenia which reflect the contradiction between power and meaninglessness that characterizes modern life Loneliness in its many manifestations seems to be the price we must pay for living in a technological world Yet nurturing family friend and community ties can mitigate its culturally and psychologically disorganizing power This book is a clarion call for a renewal of moral awareness and custom to combat the fragmentation and depersonalization of our technological civilization Visit our website for sample chapters **Social Limits to Growth** Fred Hirsch,2005-06-23 The promise of economic growth which has dominated society for so long has reached an impasse In his classic analysis Fred Hirsch argued that the causes of this were essentially social rather than physical Affluence brings its own problems As societies become richer an increasing proportion of the extra goods and services created are not available to everybody Material affluence does not make for a better society Fred Hirsch s classic exposition of the social limits to growth manages to connect many of the apparently disparate factors that blight modern life alienation at work and deteriorating cities as well as inflation and unemployment

Russell Revisited Alan Schwerin under the auspices of the Bertrand Russell Society,2009-03-26 Bertrand Russell has played a central role in the development of modern western philosophy especially analytic philosophy An appreciation of the main themes and arguments of the thinkers who contributed to this modern movement in philosophy must include references to and analyses of Russell s important contributions It would seem that many do recognize the significance of his thought and have shown this in a somewhat dramatic manner Russell s Google number for instance is about 2 35 million If the number of entries listed in this search engine is any indication of the level of interest online in Russell we can surely conclude that the thought and life of this aristocratic English philosopher logician and humanist still captures the imagination of tens of thousands if not millions around the globe even some thirty seven years after his death How do we account for this abiding

interest in Russell In a word it is accessibility Whether it is the complex epistemological issue of the veracity of sense data the conundrums associated with the possibility of non existent objects the intricacies of the debates on the nature of language or the interminable search of a clear understanding of happiness Russell inevitably has something profound and clear to say on the matter Readers of Russell Revisited Critical Reflections on the Thought of Bertrand Russell will be reminded of this fact time and time again as they explore the analyses here Representing some of the best of the most recent scholarship on Russell the articles gathered in this collection serve as a testament to the value of Russell s diverse contributions to a wide range of challenging philosophical issues

The World of Economics John Eatwell,Murray Milgate,Peter Newman,1991-05-13 What are the central questions of economics and how do economists tackle them This book aims to answer these questions in 100 essays written by economists and selected from The New Palgrave A Dictionary of Economics It shows how economists deal with issues ranging from trade to taxation

Children Of The Great Depression Glen H Elder,2018-10-08 In this highly acclaimed work first published in 1974 Glen H Elder Jr presents the first longitudinal study of a Depression cohort He follows 167 individuals born in 1920 1921 from their elementary school days in Oakland California through the 1960s Using a combined historical social and psychological approach Elder assesses the influence of the economic crisis on the life course of his subjects over two generations The twenty fifth anniversary edition of this classic study includes a new chapter on the war years entitled Beyond Children of the Great Depression
