The Hawke Memoirs:

The Hawke Memoirs Bob Hawke, 1994 **The Hawke Memoirs** Robert James Lee Hawke, Bob Hawke, 1994-01-01 The provocative autobiography of former Australian Prime Minister Bob Hawke political pragmatist and national visionary From his leadership of the trade union movement to his leadership of the country Hawke s personal life and public is career is outlined in detail With sections on T Serving the Labour Movement T Reconciliation Recovery Reconstruction and T Diplomacy and Economics the background to Hawke s political motivations ascendancy and decline is revealed Memoirs Brian Mulroney, 2011-07-27 Politics was always Brian Mulroney s real love As an undergraduate in Nova Scotia he amazed his friends by getting Prime Minister Diefenbaker on the phone and he rose fast in the Tory ranks in Quebec as a young Montreal lawyer He tried for the leadership of the party in 1976 losing to Joe Clark then returned to win a rematch in 1983 The next year he ran the most successful election campaign in Canadian history winning 211 seats and taking office in September 1984 His first term in office was a stormy one marked by the launch of the Meech Lake Accord and the Free Trade Agreement with the United States In 1988 however he was re elected after a rollercoaster campaign and his second term in office was just as controversial featuring the Meech Lake and Charlottetown Accords still a source of bitter regret for him as opportunities missed This book falls into two main sections first his rise out of a working class family in Baie Comeau Second his immersion into the world of Ottawa politics in opposition and then in power The years in power are dealt with in fascinating detail and we receive his candid accounts of backstage dealings with Trudeau Clark and other Canadian leaders and on the international scene with Reagan Thatcher Mitterrand Kohl Gorbachev Mandela Clinton and many more This big book has a huge cast of major players Brian Mulroney is determined to make this the best prime minister s memoirs this country has ever seen and a full time researcher has been helping him for three years This account of his career is colourful and forthright and a number of opponents will be sorry that they caught his attention The manuscript is full of personal touches and reflects the fact that he wrote it by hand reading it aloud for rhythm and impact Studded with entries from his private journal this book by a son brother husband and father is deeply personal and includes some surprisingly frank admissions The book establishes the scale of his achievements and reveals him as a man of great charm Memoirs will allow that little known Brian Mulroney to engage directly with the reader This book is full of surprises as we fall under the spell of a great storyteller **Hawke Memoirs** Ramboro Books, 1998-06 *Australia 1901 - 2001* Andrew Tink, 2014-11-01 Andrew Tink s superb book tells the story of Australia in the twentieth century from Federation to the Sydney 2000 Olympics A century marked by the trauma of war and the despair of the depression balanced by extraordinary achievements in sport science and the arts A country underpinned by a political system that worked most of the time and the emergence of a mainly harmonious society Australians at the start of the century could hardly have imagined the prosperity enjoyed by their diverse countrymen and women one hundred years later Tink s story is driven by people whether they be prime ministers soldiers

shop keepers singers footballers or farmers a mix of men or women Australian born immigrants and Aborigines He brings the decades to life writing with empathy humour and insight to create a narrative that is as entertaining as it is illuminating

Commonwealth History in the Twenty-First Century Saul Dubow, Richard Drayton, 2020-07-05 This edited collection draws together new historical writing on the Commonwealth It features the work of younger scholars as well as established academics and highlights themes such as law and sovereignty republicanism and the monarchy French engagement with the Commonwealth the anti apartheid struggle race and immigration memory and commemoration and banking The volume focusses less on the Commonwealth as an institution than on the relevance and meaning of the Commonwealth to its member countries and peoples By adopting oblique de centred approaches to Commonwealth history unusual or overlooked connections are brought to the fore while old problems are looked at from fresh vantage points be this turning points like the relationship between old and new Commonwealth members from 1949 or the distinctive roles of major figures like Jawaharlal Nehru or Jan Smuts The volume thereby aims to refresh interest in Commonwealth history as a field of comparative international history

Bob Hawke Blanche d'Alpuget, 2019-11-18 To mark Bob Hawke s extraordinary life and legacy this master work brings together the story of the man in full in a definitive hardback commemorative biography Bob Hawke began life as a good Christian boy from a teetotal family became a wild drinking womanising student a Rhodes Scholar a champion of workers a folk hero recognised throughout the country a dynamic politician who was elected four times as Australia s Prime Minister and transformed his country He was our longest serving Labor Prime Minister and considered by many our greatest By the early 1980s Australia was on the road to becoming the poor white trash of Asia Hawke as prime minister with Paul Keating as treasurer changed all that Australia became a forward looking and humane country whose voice commanded respect on the international stage Hawke was an environmentalist before it was fashionable he loathed racism helped end apartheid in South Africa sent ministers to end the war in Cambodia foresaw that China would become a great world power and established the first Chinese investment in an iron ore mine in Australia His journey from the manse of a small South Australian country town to the palaces of Europe Asia and the United States is the odyssey of a leader it is hard to imagine we will ever see the like of again a man of towering passions and commitment to causes and an unshakeable love of humanity

The Routledge Handbook of the Global 1980s Jonathan Davis, 2025-08-18 The 1980s was a decade of enormous global change Upheaval from the top of governments to the bottom of societies saw a new world order begin to emerge A new form of capitalism redefined global economics on both the right and left as market forces were unleashed The ideological conflict of the previous four decades petered out as superpower relations improved A more interconnected world introduced new consumer products and forms of popular culture to societies across the globe And protest movements saw new battles fought and new alliances forged in an increasingly interdependent world The Routledge Handbook of the Global 1980s brings together specialists from across the world to examine how the decade was shaped by these changes to politics

economics culture societies and protest movements The Handbook is divided into five parts focusing on the global environment globalisation and neoliberalism politics and society culture and society and the closing stages of the global Cold War By taking an international approach to the history of the 1980s this book offers a wide ranging and important new perspective of this hugely transformative decade It will appeal to students and scholars alike as well as all those interested in the political social economic and cultural shifts of the 1980s

Power Of Speech James Curran,2014-07-18 The subjects of this book are five fascinating prime ministers Gough Whitlam Malcolm Fraser Bob Hawke Paul Keating and John Howard and how they view Australia Until the 1960s our nation believed itself to be British Then during a decade of momentous change this concept of our national identity collapsed It was buried by the forces of cultural and political renewal by disturbing and exciting developments in Asia and by a dawning recognition that the global era of colonial power was over The result was a crisis of national meaning reflected in public debates about multiculturalism Australia's relationships with its Asian neighbours the dispossession of indigenous Australians and the nation's involvement in war In recent years our political leaders have played a conspicuous role in the controversy In *The Power of Speech* James Curran explores the end of the idea of British Australia and how successive prime ministers have attempted to assert personal and often competing visions of Australian nationalism in its place This highly original study of prime ministerial rhetoric exposes the sources of our most powerful leaders' beliefs about Australia

Let My People Go Sam Lipski,Suzanne D Rutland,2018-11-01 For 50 years until the Berlin Wall fell in 1989 the Soviet Union ran a campaign of repression imprisonment political trials and terror against its 3 million Jews In Australia political leaders and the Jewish community contributed significantly to the international protest movement which eventually triumphed over Moscow's tyranny and led to the modern Exodus of Soviet Jews to Israel and other countries Lipski and Rutland make this largely unknown Australian story come alive with a combination of passion personal experience and ground breaking research The struggle for the freedom of Soviet Jewry was one of the most powerful displays of strength and solidarity by the world Jewish community even those intimately familiar with the struggle will be surprised to discover in *Let My People Go* how the Australian Jewish community and its leaders were among the campaign's initiators and how they saw it through to its successful conclusion This is a unique testament to how a small group can play a big role in history Natan Sharansky Chairman Jewish Agency for Israel Prisoner of Zion 1977 86

Making Public Policy Decisions Damon Alexander,Jenny M. Lewis,2014-12-05 To understand public policy decisions it is imperative to understand the capacities of the individual actors who are making them how they think and feel about their role and what drives and motivates them However the current literature takes little account of this preferring instead to frame the decisions as the outcomes of a rational search for value maximising alternatives or the result of systematic and well ordered institutional and organisational processes Yet understanding how personal and emotional factors interact with broader institutional and organisational influences to shape the deliberations and behaviour of politicians and bureaucrats is

paramount if we are to construct a more useful nuanced and dynamic picture of government decision making This book draws on a variety of approaches to examine individuals working in contemporary government from freshly trained policy officers to former cabinet ministers and prime ministers It provides important new insights into how those in government navigate their way through complex issues and decisions based on developed expertise that fuses formal rational techniques with other learned behaviours memories emotions and practiced forms of judgment at an individual level This innovative collection from leading academics across Australia Europe the United Kingdom and North America will be of great interest to researchers educators advanced students and practitioners working in the fields of political science public management and administration and public policy

Changing Fortunes Paul Tilley, 2019-08-06 Treasury has been at the centre of every major economic policy issue the Australian Government has faced its role evolving from the government's bookkeeper at Federation in 1901 to the economic policy advising agency it is today Throughout its history Treasury has been a robust and stable institution with a consistent market oriented economic framework but its policy influence has waxed and waned It has supported reformist Treasurers such as Keating and Costello and been a voice of caution when political imperatives have pushed governments down economically damaging paths At times though Treasury advice has been ignored and it has been pushed out into the cold Amidst the political chaos of recent times Treasury has been dragged closer to government and become a less effective policy adviser The consequent lack of a consistent government economic reform narrative over the last decade is plain for all to see Changing Fortunes tracks Treasury's history since Federation with a focus on the modern era since its 1976 split with Finance

Who Saved Antarctica? Andrew Jackson, 2021-10-04 This book provides a diplomatic history of a turning point in Antarctic governance the 1991 adoption of comprehensive environmental protection obligations for an entire continent which prohibited mining Solving the mining issue became a symbol of finding diplomatic consensus The book combines historiographic concepts of contingency conjuncture and accidental events with theories of structural entrepreneurial and intellectual leadership Drawing on archival documents it shows that Antarctic governance is more adaptive than some imagine and policy success depends on the interplay of normative practices serendipitous events public engagement and influential players able to exploit those circumstances Ultimately the events revealed in this book show that the protection of the Antarctic Treaty itself remains as important as protecting the Antarctic environment

The Oxford Handbook of Australian Politics Jenny M. Lewis, Anne Tiernan, 2021-10-20 The Oxford Handbook of Australian Politics is a comprehensive collection that considers Australia's distinctive politics both ancient and modern at all levels and across many themes It examines the factors that make Australian politics unique and interesting while firmly placing these in the context of the nation's Indigenous and imported heritage and global engagement The book presents an account of Australian politics that recognizes and celebrates its inherent diversity by taking a thematic approach in six parts The first theme addresses Australia's unique inheritances examining the development of its political culture in relation to the arrival of British colonists

and their conflicts with First Nations peoples as well as the resulting geopolitics The second theme improvisation focuses on Australia's political institutions and how they have evolved Place making is then considered to assess how geography distance Indigenous presence and migration shape Australian politics Recurrent dilemmas centres on a range of complex political problems and their influence on contemporary political practice Politics policy and public administration covers how Australia has been a world leader in some respects and a laggard in others when dealing with important policy challenges The final theme studying Australian politics introduces some key areas in the study of Australian politics and identifies the strengths and shortcomings of the discipline The Oxford Handbook of Australian Politics is an opportunity for others to consider the nation's unique politics from the perspective of leading and emerging scholars and to gain a strong sense of its imperfections its enduring challenges and its strengths

Opposition Vanishing Ashley Lavelle, 2017-09-02 This book questions the common understanding of party political behaviour explaining some of the sharp differences in political behaviour through a focused case study drawing systematically on primary and archival research of the Australian Labor Party's political and policy directions during select periods in which it was out of office at the federal level from 1967-72 1975-83 and 1996-2001 Why is it that some Oppositions contest elections with an extensive array of detailed policies many of which contrast with the approach of the government at the time while others can be widely criticised as policy lazy and opportunistic seemingly capitulating to the government of the day Why do some Oppositions lurch to the right while others veer leftward Each of these periods was in its own way crucial in the party's history and each raises important questions about Opposition behaviour The book examines the factors that shaped the overall direction in which the party moved during its time in Opposition including whether it was oriented towards emphasising programmes traditionally associated with social democrats such as pensions unemployment support and investment in public health education infrastructure and publicly owned enterprises as well as policies aimed at reducing the exploitation of workers In each period of Opposition examined an argument is made as to why Labor moved in a particular direction and how this period compared to the other periods surveyed The book rounds off with analysis of the generalisability of the conclusions drawn how relevant are they for understanding the behaviour of other parties elsewhere in the world Where are social democratic parties such as the ALP heading Is Opposition an institution in decline in the Western world

Dictionary of World Biography Barry Jones, 2017-05-05 Jones Barry Owen 1932 Australian politician writer and lawyer born in Geelong Educated at Melbourne University he was a public servant high school teacher television and radio performer university lecturer and lawyer before serving as a Labor MP in the Victorian Parliament 1972-77 and the Australian House of Representatives 1977-98 He took a leading role in reviving the Australian film industry abolishing the death penalty in Australia and was the first politician to raise public awareness of global warming the post industrial society the IT revolution biotechnology the rise of the Third Age and the need to preserve Antarctica as a wilderness In the Hawke Government he was Minister for Science 1983-90 Prices

and Consumer Affairs 1987 Small Business 1987 90 and Customs 1988 90 He became a member of the Executive Board of UNESCO Paris 1991 95 and National President of the Australian Labor Party 1992 2000 2005 06 He was Deputy Chairman of the Constitutional Convention 1998 His books include Decades of Decision 1860 1965 Joseph II 1968 Age of Apocalypse 1975 and he edited The Penalty is Death 1968 Sleepers Wake Technology and the Future of Work was published by Oxford University Press in 1982 became a bestseller and has been translated into Chinese Japanese Korean Swedish and braille The fourth edition was published in 1995 Knowledge Courage Leadership a collection of speeches and essays appeared in 2016

Winning the Peace Andrew Carr, 2015-01-05 Winning the Peace seeks to explore and explain how Australian governments during the modern period of Australia's engagement with Asia from 1983 till today have attempted to use their defence and foreign policies to shape the region While there were certainly times of tension during this period such as the spikes around the end of the Cold War and during the early years of the War on Terror the region has been largely defined by peace Because of this peace and thanks to Australia's relative size as a middle power the government's attempt to change how other states act and think was not sought through the deployment or use of force but through military and diplomatic engagement and persuasion Australia's smaller size also meant it had to be strategic in its efforts It had to determine which changes were priorities it had to reorganise and develop its resources it had to deploy them effectively and efficiently and it had to be able to sustain the effort in the face of competition and rejection This book focuses on the three main campaigns the Australian government has undertaken since the early 1980s to reshape the Asia Pacific in pursuit of its national interests

A Life on the Left Bill Guy, 1999 Bill Guy's biography of Labor legend Clyde Cameron takes the reader from shearing shed to cabinet room telling the story of the Australian left its history and its challenges for the future Cameron's life spans four fifths of the ALP's history and many of the great political events of Australia since World War II **Former Leaders in**

Modern Democracies K. Theakston, J. de Vries, Jouke de Vries, 2012-04-05 What comes next for a former leader in a democracy a Prime Minister or President obliged to leave office because they have lost an election come to the end of their constitutionally fixed term lost the backing of their party or chosen to leave This book analyses the role and political influence of former leaders in Western democratic states **The Time of Their Lives** Julie Kimber, Peter Love, Lyn

Beaton, Margo Beasley, Drew Cottle, Angela Keys, Helen Masterman-Smith, Charles Fahey, John Lack, Patricia Grimshaw, Nell Musgrove, Shurlee Swain, Claire Higgins, Rob Hitchcock, Val Noone, Ben Maddison, Bobbie Oliver, Mikael Ottosson, Calle Rosengren, Kerry Taylor, Jeff Rich, Barbara Webster, 2007-07-01 On 21 April 1856 Melbourne building workers won an industry wide agreement to establish the Eight Hour Day In the 150 years since then the slogan Eight Hours Labour Eight Hours Recreation Eight Hours Rest has symbolised workers efforts to take control over the time of their lives and in doing so strike a civilised balance between work rest and play It was an assertion that they were not simply operatives in a labour market but also family members and citizens in what they hoped could become a civilised community This book offers

historical perspectives on that continuing campaign to give readers a long term context for our current debates over the work life balance and power in the workplace
