Leone di San Marco Bianca Maria Scarfi,1990 *The Lion of Venice* Mark Frutkin,1997-10-16 This magical new novel by Governor General and Trillium Prize nominee Mark Frutkin set in 13th century Venice and Cathay is a dazzling fresco of shimmering language brimming with golden tableaux of arid deserts and cobblestone alleys the wafting scent of cardomin and the mystical trill of a praying friar It is the story of Marco Polo as he is about to set sail on an arduous and lengthy pilgrimage with his father uncle and faithful guide across the sun soaked silk route the rich path of the carpet makers and the black seas of the Indian Ocean Doggedly pursued by a vengeful assassin of the Venetian Doge Marco is eager to arrive in the promised land of the mighty Kublai Khan and bask in the safety offered by his royal legions But while enjoying the myths of the new land Polo is haunted by the recurring appearance of a winged lion which lurks behind his dreams and roams the palace of his heart Even upon his return to Venice a naval battle and capture by their rival Genoa even as he languishes in an enemy jail cell recounting his trials to an incredulous inmate there is always the heartbeat of the lion **The Controversy of Renaissance Art** Alexander Nagel,2011-09 Sansovino successively dismantled and reconstituted the categories of art making Hardly capable of sustaining a program of reform the experimental art of this period was succeeded by a new era of cultural codification in the second half of the sixteenth century Bazaar to Piazza Rosamond E. Mack,2002 From Italian textiles featuring Islamic and Asian motifs to ceramics and glassware that reflected Syrian techniques and ornamental concepts this book gives an extraordinary view of the influence of imported Oriental goods in Italy over three crucial centuries of artistic development from 1300 to 1600 **Wagner and Venice Fictionalized** John W. Barker,2012 The first account of how Wagner s last years and his death in Venice have been mythologized in novels and other works of the creative imagination The vast literature about Richard Wagner and his works includes a surprising number of fictional works including novels plays satires and an opera Many of these deal with his last years and his death in Venice in 1883 and even a fabricated eleventh hour romance These fictional treatments many presented here in English for the first time reveal a striking evolution in the way that Wagner s character and reputation have been viewed over more than a century They offer insights into changing contexts in Western intellectual and cultural history And they make clear how much Wagner s associations with Venice have become part of the accumulated mythology of the floating city John Barker s *Wagner and Venice Fictionalized* Variations on a Theme will be of interest to all lovers of opera Venice and European culture generally John W Barker is Emeritus Professor of History at the University of Wisconsin Madison specializing in medieval including Venetian history He is also a passionate music lover and record collector and an active music critic and journalist **Venice** Martin Gayford,2023-10-05 Venice was a major centre of art in the Renaissance the city where the medium of oil on canvas became the norm The achievements of the Bellini brothers Carpaccio Giorgione Titian Tintoretto and Veronese are a key part of this story Nowhere else has been depicted by so many great painters in so many diverse styles and moods Venetian views

were a speciality of native artists such as Canaletto and Guardi but the city has also been represented by outsiders J M W Turner Claude Monet John Singer Sargent Howard Hodgkin and many more Then there are those who came to look at and write about art The reactions of Henry James George Eliot Richard Wagner and others enrich this tale Nor is the story over Since the advent of the Venice Biennale in the 1890s and the arrival of pioneering modern art collector Peggy Guggenheim in the late 1940s the city has become a shop window for the contemporary art of the whole world and it remains the site of important artistic events In this elegant volume Gayford who has visited Venice countless times since the 1970s covered every Biennale since 1990 and even had portraits of himself exhibited there on several occasions takes us on a visual journey through the past five centuries of the city known La Serenissima the Most Serene It is a unique and compelling portrait of Venice that will delight lovers of the city and lovers of its art *Reimagining the Silk Roads* Julian Henderson, Stephen L.
