Summer Reading Program*, 1989 The Richard & Judy Book Club Reader Dr Helen Cousins, Dr Jenni Ramone, 2013-05-28 In January 2004 daytime television presenters Richard Madeley and Judy Finnigan launched their book club and sparked debate about the way people in Britain from the general reader to publishers to the literati thought about books and reading The Richard Judy Book Club Reader brings together historians of the book literature scholars and specialists in media and cultural studies to examine the effect of the club on reading practices and the publishing and promotion of books Beginning with an analysis of the book club's history and its ongoing development in relation to other reading groups worldwide including Oprah's the editors consider issues of book marketing and genre Further chapters explore the effects of the mass broadcast celebrity book club on society literature and its marketing and popular culture Contributors ask how readers discuss books judge value and make choices The collection addresses questions of authorship authority and canon in texts connected by theme or genre including the postcolonial exotic disability and representations of the body food books and domesticity In addition book club author Andrew Smith shares his experiences in a fascinating interview **St. Nicholas** Mary Mapes Dodge, 1898 **The Slave's Little Friends** Carme Manuel, 2022-04-13 The texts included in this anthology illustrate the wide range of possibilities that abolitionist writings offered to American children during the first half of the nineteenth century Composing their works under the wings of the antislavery movement authors responded to the unequal and controversial development of abolitionist politics during the decades that led up to the outbreak of the Civil War These writers struggled to teach children to feel right and attempted to instruct them to actively respond to the injustice of the slavery system as rendered visible by a harrowing visual archive of suffering bodies compiled by both English and American antislavery promoters Reading was equated with knowledge and knowledge was equated with moral responsibility and therefore reading about the abominations of slavery became an act of emotional personal transformation Children were thus turned into powerful agents of political change and potential activists to spread the abolitionist message Invited to comply with a higher law that entailed the breaking of their nation's edicts they were morally rewarded by the Christian God and approvingly applauded by their elders for their violation of these same American regulations These texts enclosed immeasurable value for young nineteenth century Americans to fulfill a more democratic and egalitarian role in their future Undoubtedly abolitionist writings for children took away American children's innocence and transformed them into juvenile abolitionists and empowered compassionate citizens
