The Living God:

The Living God Alister E. McGrath, 2014-01-01 In this book the second in the Heart of Christian Faith series Alister E McGrath provides an exploration of how we can best understand God using analogies illustrations and stories This short accessible guide also provides a pastoral and spiritual consideration of the difference that our belief in God makes to the way in which we think about ourselves and our world With future volumes to examine other core Christian principles McGrath s new series will define mere Christianity to a new generation for many years to come **The Living God** R. T.

France, 2003-02 This book is not an academic study of what the church has taught or what scholars have said but rather a challenging study of what the Bible itself says about God In **The Living God** author R T France encourages us to come to grips with the broad sweep of biblical data showing us that the God of the Bible is neither passive nor far removed from our everyday lives but rather a dynamic and living reality to be engaged Back cover **The Living God and the Fullness of**

Life Jürgen Moltmann, 2015-11-06 Modern humanity has accepted a truncated impoverished definition of life Focusing solely on material realities we have forgotten that joy purpose and meaning come from a life that is both immersed in the temporal and alive to the transcendent We have in other words ceased to live in God In this book renowned theologian Jürgen Moltmann shows us what that life of joy and purpose looks like Describing how we came to live in a world devoid of the ultimate he charts a way back to an intimate connection with the biblical God He counsels that we adopt a theology of life an orientation that sees God at work in both the mundane and the extraordinary and that pushes us to work for a world that fully reflects the life of its Creator Moltmann offers a telling critique of the shallow values of consumerist society and provides a compelling rationale for why spiritual sensibilities and encounter with God must lie at the heart of any life that seeks to be authentically human **The Book on The Living God** Bo Yin Ra, 2014-01-01 **The Book On The Living God**

The Living God Thomas C. Oden, 1992 **The Living God** Julia A. Lamm, 1996 German theologian F D E Schleiermacher s doctrine of God the first to be developed in the post Kantian era fundamentally changed the course of Christian theology The degree to which his doctrine of God was influenced by the philosophy of Benedict de Spinoza remains in dispute however This study examines the ways in which Schleiermacher actively adopted elements of Spinoza s thought in the development of his own theological doctrine of God Julia Lamm s analysis of little known but seminal essays by Schleiermacher reveals his young creative genius in daring to go beyond the neo Spinozism of Herder and the post Kantianism of Fichte by developing his own post Kantian Spinozism Schleiermacher s unique simultaneous appropriation of Kant and Spinoza is characterized by

four themes an organic monism an ethical determinism a critical realism and a nonanthropomorphic view of God which Lamm traces through his two major theological works *On Religion Speeches to Its Cultured Despisers* and *The Christian Faith* Ultimately Lamm finds that Schleiermacher departs from Spinoza in significant ways Most notably he talks about the living God who is best expressed through the divine attributes of love and wisdom This living God is what Schleiermacher refers to as the third alternative to on the one hand the anthropomorphized God of orthodox Protestantism and on the other hand Spinoza's *natura naturans* *God is a Living God* Elisha V Shim,2024-07-29 I have written this book because I believe believers in Jesus Christ should not surrender their lives to any person or influence from the world or any religious system but trust rely on and build a relationship with the true Living God I am firmly convinced that one of the greatest powers that God gave to humans is the power to choose Free will We can choose to believe in Jesus or not We can choose everlasting life in heaven or hell The Bible helps us and guides us in the Spirit of God what to choose We cannot trust our feelings or emotions to choose what is the right way I believe this testimony of Living God will touch the people through the Spirit of God as they read the all miracle story This book aims to help readers build faith in Christ or Introduce Living Jesus to those who want to meet with Him After you read this book I believe your life will never be the same You too will be changed by the power of God Becoming the author of this book itself is a great miracle to me something that I never thought about but the Spirit of Living God helped and led me to write this book Without the Spirit of Living God will not be able to write this book I Praise and give thanks to God alone The Living God Thomas Oden,2001 **Book on the Living God** B Yin R,2007-09-01 You should not read this book if you believe the teachings of your faith with heart and soul You should not read this book if you have never doubted God This book is written for all those who suffered bitter conflicts in themselves in their labours never found Him The Living God Romano Guardini,1957
