Legal Philosophy

The Lockean Theory Of Rights

James R. Stoner

The Lockean Theory Of Rights:

The Lockean Theory of Rights A. John Simmons, 2020-11-10 John Locke's political theory has been the subject of many detailed treatments by philosophers and political scientists But The Lockean Theory of Rights is the first systematic full length study of Locke's theory of rights and of its potential for making genuine contributions to contemporary debates about rights and their place in political philosophy Given that the rights of persons are the central moral concept at work in Locke's and Lockean political philosophy such a study is long overdue *The Lockean Theory of Rights* Alan John Simmons, 1992 John Locke's political theory has been the subject of many detailed treatments by philosophers and political scientists But The Lockean Theory of Rights is the first systematic full length study of Locke's theory of rights and of its potential for making genuine contributions to contemporary debates about rights and their place in political philosophy Given that the rights of persons are the central moral concept at work in Locke's and Lockean political philosophy such a study is long overdue The book refers extensively to Locke's published and unpublished works arguing that they reveal a coherent and sophisticated theory of rights that relies far less directly on his theological foundations than is commonly supposed In the process A John Simmons reconstructs a plausible and interesting Lockean theory of rights and shows how it illuminates many issues in contemporary moral and political philosophy including the justification of punishment problems concerning ethical impartialism and familial morality the basis and extent of property rights and rights and duties of justice and charity Simmons takes Locke seriously as a philosopher examining and responding to his arguments in a philosophically sensitive fashion and developing and adding to them to produce a body of theory that can satisfy current standards of philosophical rigor and clarity **The Lockean Theory of Rights** Alan J. Simmons, *The Great Art of Government* Peter Josephson, 2002 Moving beyond previous scholarship he gives us a Locke as much concerned with the effective functioning of government as with the roots of its moral legitimacy BOOK JACKET **Canadian Philosophical Reviews**, 1993

Common Law and Liberal Theory James R. Stoner, 1992 In this book James Stoner's purpose is to recover the common law basis of American constitutionalism American constitutionalism in general he argues and judicial review in particular cannot be fully understood without acknowledging their roots in both common law and liberal political theory But for the most part the common law underpinnings of constitutionalism have received short shrift **Social Theory and Practice**, 2020 *The Locke Newsletter*, 1998 **Encyclopædia of Religion and Ethics: Dravidians-Fichte** James Hastings, John Alexander Selbie, Louis Herbert Gray, 1912 Scope theology philosophy ethics of various religions and ethical systems and relevant portions of anthropology mythology folklore biology psychology economics and sociology *Encyclopaedia of Religion and Ethics* James Hastings, John Alexander Selbie, Louis Herbert Gray, 1928
