Scott, 2011-03-10 The Last Goodbye and Other Short Stories by the writer R W Scott are based on some of his life experiences stories told to him from his childhood and from the lives of others The stories will delight the reader with their variety and easy to read language Stories of a man s love for his wife a young man s trials during the civil war a struggle for life between a moonshiner and a squirrel stories of love lost found discovered the humor of the daily live s of every day people in the work place and in their homes Stories written not to impress but to bring enjoyment to the reader **Russian Women and the End of Soviet Socialism** Judith McKinney, 2019-08-17 Initially expected to bring efficiency to the Russian economy and prosperity to Russian society the shock therapy of price liberalization privatization and macroeconomic stabilization introduced under Boris Yeltsin was quickly condemned as having worsened the lives of most Russians Based on conversations with more than two dozen women in a provincial Russian capital this book takes a retrospective look at these economic policies and explores how they transformed the trajectory of the lives of these women both positively and negatively in the family and in the workplace McKinney considers the everyday experiences of the women as they provided for their families established businesses travelled abroad and adjusted to the new economic political and social environment of the Late Soviet and Post Soviet era Through their divergent experiences Russian Women and the End of Soviet Socialism casts light on how these women view issues of gender ethnicity domestic and international politics and the end of the Soviet experiment Students and scholars across a range of disciplines including gender studies sociology economics and history will find this book of interest Figurally Colored Narration Wolf Schmid, 2022-04-04 Figurally colored narration FCN is narrator s discourse whether in the first or third person that adopts salient features of character s text mainly valuation and designation without signaling the figural part in any way Unlike free indirect discourse FCN does not refer to current acts of consciousness but to typical characteristic segments of the character s text There are two main modes of FCN contagion of the narrator s discourse with a character s text and the more or less ironical reproduction of a character s text in narrative discourse In the latter case the narrator s criticism may refer to either the content of the character s text or to its form of expression This study begins with a definition and an example of FCN as a narrative device followed by an analysis of terms used for FCN in German Anglophone and Russian literary criticism Building on the

perception of FCN as a phenomenon of interference between narrator s and character s text text interference this book analyses the function and applications of FCN in narratives written in German English and Russian Revolt of the Filmmakers George Faraday,2010-11-01 One of the many unforeseen consequences of the fall of the Soviet Union has been the sudden collapse of the domestic film industry probably the most privileged mass cultural medium of the Soviet Union By the mid 1980s some 150 feature films were produced annually for audiences numbering nearly four billion per year Since 1991 however cinema attendance has plummeted by a factor of at least one hundred and the remnants of the once huge audiences now watch an overwhelming number of imported mostly American films Revolt of the Filmmakers is the first account of Russia s film industry since this disastrous decline According to Faraday who was film correspondent for The Moscow Times during the mid 1990s the turning point came during the years of perestroika when Russian filmmakers achieved an unprecedented degree of freedom from managerial control They immediately used their newfound liberty to dismantle the industry s central administrative structures in the name of artistic autonomy Filmmakers were at last free to follow their own aesthetic criteria and many began to orient their work entirely toward critical acclaim at festivals But the unintended result of this revolution in the name of art was the alienation of the mass Russian audience Today some filmmakers are attempting to regain a mass audience by celebrating and mythologizing national cultural identity but the Russian film industry has never fully recovered from the revolt of the filmmakers For this book Faraday has interviewed Russian filmgoers critics directors and other industry insiders Among those directors whose work he considers are Alexei Balabanov The Castle Nikita Mikhalkov Burnt by the Sun Karen Shakhnazarov American Daughter Pyotr Todorovsky Moscow Country Nights and Marina Tsurtsumia Only Death Comes for Sure He also draws upon documentary evidence including the Russian press and the diaries of Andrei Tarkovsky The Sacrifice Solaris Few predicted that the loosening of state ideological and institutional controls would threaten the survival of Russia s once mighty film industry Even today Lenin s often quoted if apocryphal declaration that cinema is the most important of all the arts remains emblazoned over the gateway to Mosfilm studios but its relevance is in doubt at the start of a new millennium
