When True Love Came to China Lynn Pan, 2015-11-01 The Guardian's Best Books of 2015 Most people suppose that the whole world knows what it is to love that romantic love is universal quintessentially human Such a supposition has to be able to meet three challenges It has to justify its underlying assumption that all cultures mean the same thing by the word love regardless of language It has to engage with the scholarly debate on whether or not romantic love was invented in Europe and is uniquely Western And it must be able to explain why early twentieth century Chinese writers claimed that they had never known true love or love by modern Western standards By addressing these three challenges through a literary historical philosophical biographical and above all comparative approach this highly original work shows how love's profile in China shifted with the rejection of arranged marriages and concubinage in favour of free individual choice monogamy and a Western model of romantic love This book Lynn Pan's best to date adds a wonderful new angle by encouraging us via comparison to better appreciate how unusual even in some ways exotic a part of the Western past we take for granted as though it were natural actually is While the reader will learn a great deal about Chinese literary and cultural traditions from this book if read with an open mind the Western reader may end up rethinking things about his or her tradition just as deeply Jeffrey N Wasserstrom Chancellor's Professor of History University of California at Irvine Nobody writes about China quite as brilliantly as Lynn Pan who in this new illuminating work on love showcases her trademark erudition entwined with a novelist's sensibility Pan's rare skill makes the book a treat from start to finish a sumptuous deft and moving analysis of China's relationship with love Mishi Saran author of *Chasing the Monk's Shadow A Journey in the Footsteps of Xuanzang and The Other Side of Light*

China and Africa Love Affair Mr. Francis Stevens George, 2014-02-06 China and Africa is a current hot topic The Love Affair is a strong enthusiasm which has seen an interest and eagerness by the Chinese to engage in Africa Chinese engagement in Africa has raised various concerns Although these concerns are real it seems much of the debate does not take into adequate sometimes no account of the historical relations between Africa and China Indeed one would be forgiven to think that China and Africa started their relations in the 1990s But this is not the case Already back in 1957 for example the Chinese were making large cotton purchases from Egypt China and Africa Love Affair is a short historical account of the relationship between China and Africa The objectives of the book are to provide an historical context through which the current debate can take place Most of the criticism leveled against both China and Africa does not take account of the history between the two It should do Its worrying that some criticism of Sino African relations emanates from non Africans Even more worrying is that these same sources are doing brisk business with China It's important that Africans know their own history It is equally important that we know the history of those that we have a relationship with

Understanding the history of Sino African relationships is critical to what Africans can gain from this relationship. It is also critical to how Africans respond to the Chinese. Sino African relations are evolving. Failure to understand the historical context in which this relationship has developed will lead to misunderstanding and perhaps even conflict which would be detrimental to both parties. *China's Literary and Cultural Scenes at the Turn of the 21st Century* Jie Lu, 2013-10-18 China's literary and cultural production at the turn of the twenty first century is marked by heterogeneity, plurality and diversity. Given its complexity, the literary cultural production of this period perhaps can be understood most productively as a response to a global modernity that has touched and transformed all aspects of contemporary Chinese reality. The eleven essays in this book offer an introduction to some of the most important works published at the turn of the twenty first century. In combining textual analysis of specific works with theoretical insights and in locating the texts in their sociocultural and socioeconomic contexts, the essays explore key theoretical issues and intellectual concerns of the time. They collectively draw a broad contour of new developments, major trends and radical changes capturing the intellectual and cultural Zeitgeist of the age. All in all, these essays offer new theoretical approaches to and critical perspectives on contemporary Chinese literature and culture.

Unlocking the Love-Lock Ceri Houlbrook, 2021-01-13 Explores the worldwide popularity of the love lock as a ritual token of love and commitment by considering its history, symbolism and heritage. This is an eminently enjoyable and thorough investigation of a popular phenomenon through the lens of heritage and folk tradition. Sara De Nardi, Western Sydney University. A padlock is a mundane object designed to fulfil a specific and secular purpose. A contemporary custom has given padlocks new significance. This custom is love locking, where padlocks are engraved with names and attached to bridges in declaration of romantic commitment. This custom became popular in the 2000s and its dissemination was rapid, geographically unbound and highly divisive, with love locks emerging in locations as diverse as Paris and Taiwan, New York and Seoul, Melbourne and Moscow. From the introduction, I was distractedly perusing the photo frame aisle, my eyes skimming the generically sentimental stock pictures of happy families smiling at the camera, pretty landscapes, cute pets and couples walking hand in hand, when I came across one that jumped out at me. I recognised the image instantly as a photograph of love locks, the padlocks that had been appearing en masse on bridges and other public structures on a global scale since the early 2000s. And having been researching the custom, known as lovelocking, for about five years, at that point it was with a peculiar sense of pride that I realised love locks had accomplished the status of a stock image.

For the Love of Mars Matthew Shindell, 2023-05-18 A tour of Mars in the human imagination from ancient astrologers to modern explorers. Mars and its secrets have fascinated and mystified humans since ancient times. Due to its vivid color and visibility, its geologic kinship with Earth and its potential as our best hope for settlement, Mars embodies everything that inspires us about space and exploration. *For the Love of Mars* surveys the red planet's place in the human imagination, beginning with ancient astrologers and skywatchers and ending in our present moment of exploration and virtual engagement. National Air and

Space Museum curator Matthew Shindell describes how historical figures across eras and around the world have made sense of this mysterious planet. We meet Mayan astrologer priests who incorporated Mars into seasonal calendars and religious ceremonies. Babylonian astrologers who discerned bad omens. Figures of the Scientific Revolution who struggled to comprehend it as a world. Victorian astronomers who sought signs of intelligent life. And twentieth and twenty-first century scientists who have established a technological presence on its surface. Along the way we encounter writers and artists from each of these periods who take readers and viewers along on imagined journeys to Mars. By focusing on the diverse human stories behind the telescopes and behind the robots we know and love, Shindell shows how Mars exploration has evolved in ways that have also expanded knowledge about other facets of the universe. Captained by an engaging and erudite expert, *For the Love of Mars* is a captivating voyage through time and space for anyone curious about Curiosity and the red planet.
