The Lovemakers:

The Lovemakers Alan Wearne, 2004 Part Two of the award winning verse novel *The Lovemakers* which has been described by Garrie Hutchinson as a Tour de force of style and observation with an Australian language that is as artfully constructed as C J Dennis as deadly and ironic as Barry Humphries as locquaciously imagined as Jack Gibberd and more mordantly observant than David Williamson *The Verse Novel* Linda Weste, 2023-07-28 In these thirty five interviews with verse novelists from Australia and Aotearoa New Zealand Linda Weste explores the uniqueness of storytelling through poetry and the genre of the verse novel Her subjects are notable representatives of a region where verse novels for Adults Children and Young Adults thrive among them is Steven Herrick winner of the prestigious Deutscher Jugendliteraturpreis in 2019 and what they have to say enriches our understanding of the verse novel across each of its publishing categories *Inside the Verse Novel* Linda Weste, 2023-07-28 In these twenty two interviews with verse novelists from the UK USA Australia and Canada Linda Weste explores the uniqueness of storytelling through poetry and the genre of the verse novel Her subjects are notable representatives of countries where the genre thrives among them is Bernardine Evaristo joint winner of the Booker Prize in 2019 and what they have to say enriches our understanding of the many ways poetry and narratives can meld to create a unique reading experience *The Pesthouse* Jim Crace, 2010-06-04 During the years of America s ascendancy the great ships brought waves of immigrants to the promised land In sight of the Statute of Liberty the huddled masses disembarked in search of the American dream In the imagined future the great ships play a different role In a work of outstanding originality Jim Crace s *The Pesthouse* envisions a future America in ruins and a reversal of history desperate Americans seeking passage to the promised land of Europe Crace s future United States is a lawless wasteland The economy collapses industry ceases and the remaining populace returns to subsistence farming The only hope rests with reaching the east coast and obtaining passage by ship to Europe Like many Americans Franklin Lopez and his brother Jackson leave their farm to begin the long trek east Within sight of their goal Franklin is forced by an enflamed knee to stop While Jackson continues forward Franklin seeks rest in a seemingly abandoned stone building in a forest Inside Jackson discovers Margaret Margaret is feverish with a deadly illness and is confined to the Pesthouse with little hope of recovery Franklin should flee Instead he is drawn to Margaret and stays by her side while she sweats out the fever After her recovery Margaret joins Franklin on the journey east This journey is fraught with danger Rule of law no longer exists and the land is plagued by roaming bandits and slave traders The threat of danger slowly draws Margaret and Franklin closer to each other A bond of love begins to form They also draw comfort from joining a group of like minded pilgrims The illusion of safety is soon shattered While resting from a day of travel the group is taken captive by mounted bandits Franklin is taken as a slave On account of her recent illness Margaret is spared along with an elderly couple and a baby Margaret must continue on without Franklin A bewildered Margaret slowly pushes eastward with the elderly couple and the baby She is eventually separated

from them and must take sole responsibility for the baby With hope fading Margaret stumbles upon the refuge of the Ark a religious community which provides food and shelter in exchange for denouncing all metal technologies Margaret accepts the laws of the Ark and is allowed to enter with her baby While safe Margaret secretly hopes to be reunited with Franklin Their paths cross again under tragic circumstances The Ark is attacked by the same mounted bandits that enslaved Franklin While the Ark is looted and the community massacred Margaret and her baby escape They are reunited with Franklin by chance following a slave uprising in the vicinity of the Ark Narrowly escaping their pursuers Franklin Margaret and the baby continue the journey to the East coast Upon finally reaching their destination the dream is shattered Margaret discovers there is no room for women with young children on the ships bound to Europe There is no choice but to turn back With the end of one dream a new one is born Inspired by their growing love Franklin and Margaret decide to return west with the baby as a family Jim Crace concludes going westward they would go free

A Genealogy of the Verse Novel Catherine Addison, 2017-11-06 The present age has seen an explosion of verse novels in many parts of the world Australia is a prolific producer as are the USA and the UK Novels in verse have also appeared in Canada New Zealand India South Africa Jamaica and several other countries A novel written in verse contradicts theories that distinguish the novel as essentially a prose genre The boundaries of prose and verse are however somewhat fluid This is especially evident in the case of free verse poetry and the kinds of prose used in many Modernist novels The contemporary outburst may seem a uniquely Postmodernist flouting of generic boundaries but in fact the verse novel is not new Its origins reach back to at least the eighteenth century Byron's Don Juan in the early nineteenth century was an important influence on many later examples Since its first surge in popularity during the Victorian era it has never died out though some fine examples most of them from the earlier twentieth century have been neglected or forgotten This book investigates the status of the verse novel as a genre and traces its mainly English language history from its beginnings The discussion will be of interest to genre theorists prosodists narratologists and literary historians as well as readers of verse novels wishing for some background to this apparently new literary phenomenon

[Historical Dictionary of Italian Cinema](#) Gino Moliterno, 2020-12-08 Italian cinema is now regarded as one of the great cinemas of the world Historically however its fortunes have varied Following a brief moment of glory in the early silent era Italian cinema appeared to descend almost into irrelevance in the early 1920s A strong revival of the industry which gathered pace during the 1930s was abruptly truncated by the advent of World War II The end

of the war however initiated a renewal as films such as *Roma città aperta* Rome Open City Sciucci Shoeshine 1946 and *Ladri di biciclette* Bicycle Thieves 1948 flagbearers of what soon came to be known as Neorealism attracted unprecedented international acclaim and a reputation that only continued to grow in the following years as Italian films were feted worldwide Ironically they were celebrated nowhere more than in the United States where Italian films consistently garnered the lion's share of the Oscars with Lina Wertmüller becoming the first woman to ever be nominated for the Best Director award This second edition of *Historical Dictionary of Italian Cinema* contains a chronology an introduction and an extensive bibliography The dictionary section has over 400 cross referenced entries on major movements directors actors actresses film genres producers industry organizations and key films This book is an excellent resource for students researchers and anyone wanting to know more about Italian Cinema
