will benefit anyone from the casual campfire strumming enthusiast to avid music theorists looking for a greater understanding of the challenges facing non sight reading guitar players Book Review A soup to nuts guide for guitarists looking for a comprehensive way to name and notate chords Music theory and practicality are sometimes at odds For example theory dictates that a chord must have three or more notes but as debut author Davis explains in his introduction guitarists play two note formations frequently which they must then label as chords when transcribing As one gets deeper into theory the conflicts can get more complicated in terms of where a root note might lay in a chord sequence or how a chord might fit in a particular scale Davis seeks to solve that quandary with a practical standard for working guitarists It s a complicated task and this book provides a lot of context for readers to consider explaining pitch tuning scales and intervals and even providing information on copyrighting musical works Along the way he takes a lot of advanced ideas into account such as unaltered nonextended chords unaltered extended chords suspended nonextended chords and the like Chances are that any guitarist who s attracted by the title of this book already knows enough to follow these theoretical aspects The author offers a process to make these concepts clearer to Gatekeeper my rewrite attends to the rest of the sentence the next one but it s not a basic numbered list of steps Readers with no education in theory may have to read passages several times to put the level of detail into proper perspective to Gatekeeper this ends the portion of the Review I fixed A weekend warrior who s happy banging out basic G C D or E A D progressions for instance won t find much use for the theory but those looking to move forward will find value in the first basic chapters and the massive appendices which feature definitions of everything from Travis picking to truss rods For guitarists who write the most useful aspect of this book may be the chord guide which includes voicings for both standard and alternate tunings A complex manual for guitar players who want to keep learning new things Kirkus Indie Reviews 1st Steps for a Beginning Guitarist, Chords and Chord Progressions Bruce E.

Arnold,2001 The guitar is the most popular instrument in the world yet most students of the guitar are self taught This book is a comprehensive for guitar students who have no prior musical training No matter what type of guitar you play this book will give you the information you need and trouble shoot the various pitfalls that can hinder the self taught musician The author knows from over 25 years of teaching experience that students form most of their good and bad habits in the first six months of practicing It is therefore extremely important to use a method book that clearly and concisely covers the important subjects of proper playing technique tuning picking strumming music theory and rhythm Furthermore the only way a student can remember the information learned is to apply it The hardest part of learning the guitar for a student is switching between chords This unique method book contains chord progressions using both open and barre chords that gradually take a student from a beginning level to an advanced level The publisher s website also has mp3 and midifiles to be played along with for developing the strumming time and feel for each chord progression The chord progressions presented are commonly found in hard rock rock folk blues and country giving the student a solid harmonic foundation in all these styles This method

book not only gives you pages of pictures but also gives you access to video clips via the publisher's website to demonstrate playing basics in action The Muse eek Publishing Company believes the education of a student shouldn't stop with the purchase of a book therefore our website offers a FAQ page where students can write in to the author with questions that may and a free member's section where students can download other learning materials to further their education
