The Hawke Keating Hijack The Alp In Transition:

The Hawke-Keating Hijack Dean Jaensch, 1989 *Whitlam's Children* Shaun Crowe, 2018-09-17 Over the past three decades progressive politics in Australia has undergone a gradual but unmistakable transformation Where the Australian Labor Party once enjoyed dominance over the political left it now shares space with the Greens at times depending on minor party support to form government and even more often to pass contentious legislation Based on over forty interviews with politicians and party figures Whitlam s Children is the first study of this increasingly important relationship in Australian politics Did previous attempts at cooperation particularly minority government under Julia Gillard deliver successful government and how do each judge the experiment in hindsight Why are certain policy areas like refugee settlement and environmental policy so stubborn and divisive And will we ever see a more lasting coalition on the Australian left to mirror the established arrangement on the Australian right While revealing a variety of perspectives even within parties the research uncovers a productive if often hostile relationship united by a series of shared values but divided by different approaches to politics elections and parliament Featuring a preface by Geoff Gallop *The Death of Social Democracy* Ashley Lavelle, 2016-03-09 Whereas many writers and scholars interested in the field of social democracy have focused on factors such as the role of economic globalization and electoral pressures Ashley Lavelle explores the importance of the collapse of the post war economic boom and lower growth rates since then He examines how these pressures have led social democrats to embrace neo liberal policies and become threatened by minor parties and independent politicians Providing an original argument about the decline of social democracy the author investigates how its decline has increased the popularity of minor parties and independents along with the reasons for social democratic membership and electoral decline This is an important book for scholars of social democracy and the broader themes of world politics political parties social movements and globalization **Taming the Great South Land** William J Lines, William J. Lines, 1991-01-01 Taming the Great South Land is the first full length landscape history of an entire continent occupied by one nation It is also in William Lines s telling a brutal and controversial story Examining the ways European society rapidly radically transformed Australia s physical and human landscapes the author writes candidly of repeated environmental devastation from the early slaughter of seals and whales to the destructive spread of sheep through gold rushes and land settlement to British nuclear tests and the modern mining and timber industries Lines shows how Enlightenment ideas of progress economic growth and development were reconstructed on Australian soil and how the promise of the conquest of nature became a mockery in fact resulting in the mass dislocation and destruction of indigenous populations This shocking narrative thoroughly researched and accessibly written combines environmental social and political history to hard hitting effect Taming the Great South Land is the first full length landscape history of an entire continent occupied by one nation It is also in William Lines s telling a brutal and controversial story Examining the ways European society rapidly radically transformed Australia s physical and human

Australian Politics in the Twenty-First Century Glenn Kefford,Hannah Murphy-Gregory,Ian Ward,Stewart Jackson,Lloyd Cox,Andrea Carson,2018-09-20 Australian Politics in the Twenty First Century presents the many moving parts of Australia s political system from an institutional perspective It equips students with the requisite foundational knowledge and encourages them to critically examine the complex interplay between a centuries old system and a diverse modern Australian society

Neoliberal Labour Governments and the Union Response J. Schulman,2015-05-28 A cross country comparison of recent Labour Party governments in New Zealand Britain and Australia and an exploration of how those countries labour movements responded to their parties neoliberal policies in power

Constructing Neoliberalism Jonathan Swarts,2013-12-06 Constructing Neoliberalism presents a rich analysis of the shift to neoliberal economic policies in four Anglo American democracies Canada Britain Australia and New Zealand over the course of the 1980s and 1990s This period witnessed a dramatic shift away from traditional post war consensus policies of active state economic intervention public ownership and full employment toward those informed by an ideological commitment to deregulation privatization entrepreneurialism and freer trade Jonathan Swarts argues that this transformation was not simply a marginal adjustment in existing economic policies but rather the result of political elites seeking to reshape what he calls their societies political economic imaginaries Swarts demonstrates that this shift cut across traditional party lines and that in all four cases the result was a new set of intersubjective norms about appropriate economic policies the role of the state in the economy the expectations and aspirations of citizens and the very nature of an advanced industrial democracy in a globalizing world

Competing Capitalisms Mark Beeson,1999-07-12 Since the end of the Cold War capitalism has become the dominant form of economic and political organization across the globe This does not mean however that all forms of capitalism are the same Competing Capitalisms explains why some countries have developed very different forms of capitalism and what happens when they interact The book considers the distinctive experiences of Australia s market based and Japan s state led forms of capitalism and explains what this means for future international economic competition

The Prince's New Clothes David Burchell,Andrew Leigh,2002 Towards the end of the 20th century Australia was swept by a mood of cynicism towards politicians and government This comprehensive collection brings together politicians policy makers and scholars to answer difficult questions in the ethical dimension of Australian politics

Turning Points Robert Foster,Paul Sendziuk,2012 How distinctive is South Australia after all South Australia has often

been represented as different free of convicts more enlightened in its attitudes toward Aboriginal people established on rational economic principles and progressive in its social and political development Some of this is true some of it is not but mostly the story is more complex In this book eminent historians explore these themes by examining some key turning points in South Australia s history Henry Reynolds considers the question of Aboriginal rights to land Bill Gammage illustrates the nature of Aboriginal land management Paul Sendziuk unravels the myth of the colony s convict free origins while Robert Foster and Amanda Nettelbeck reveal a surprisingly strong sense of nationalism in colonial South Australia Susan Magarey traces the histories of two crucial events in the advancement of women Neal Blewett examines the political innovations of Don Dunstan Jill Roe looks at life in the country in twentieth century South Australia and Mark Peel life in the city in particular the migrant experience after World War Two Finally John Hirst asks How distinctive was South Australia after all

Policy Analysis in Australia Brian Head,Kate Crowley,2018-03-01 Policy Analysis in Australia offers a distinctly Australian interpretation of policy scholarship with eighteen chapters strongly reflecting the outstanding contributions of Australian scholars to the field of public policy It provides a coherent overview of the strengths and opportunities for policy analysis in Australia It recognises that government agencies are no longer regarded as the sole source of sound policy analysis and takes a broad view of policy analysis capacity both within institutions at all levels of government and beyond government in the media political parties business and non government associations It provides a valuable contribution to Australian scholarship about policy analysis in academic professional teaching and learning contexts and is a key addition to research and teaching in comparative policy analysis and policy studies more generally

The Cambridge Handbook of Social Sciences in Australia Ian McAllister,Steve Dowrick,Riaz Hassan,2003-08-07 First published in 2003 The Cambridge Handbook of Social Sciences in Australia is a high quality reference on significant research in Australian social sciences The book is divided into three main sections covering the central areas of the social sciences economics political science and sociology Each section examines the significant research in the field placing it within the context of broader debates about the nature of the social sciences and the ways in which institutional changes have shaped how they are defined taught and researched

Left-of-centre Parties and Trade Unions in the Twenty-first Century Elin Haugsgjerd Allern,Tim Bale,2017 This volume examines and assesses the contemporary relationships between old left of centre parties and trade unions in twelve countries that have been democracies since at least the mid to late 1940s

Governing Social Protection in the Long Term Gaby Ramia,2020-06-30 This open access book examines the comparative evolution of social protection in Australia and New Zealand from 1890 to the present day focusing on the relationship between employment relations and social policy Utilising longstanding and more recent developments in historical institutionalist methodology Ramia investigates the relationship between these two policy domains in the context of social protection theory He argues that treating employment relations as dynamic and as inextricably intertwined with changes in the welfare state over time allows

for more accurate portrayal of similarity and difference in social protection The book will be of most interest to researchers advanced undergraduate and postgraduate students in social policy employment relations public policy social and political history and comparative politics **Again, Dangerous Visions: Essays in Cultural Materialism** Andrew

Milner, 2018-08-07 Again Dangerous Visions Essays in Cultural Materialism brings together twenty six essays charting the development of Andrew Milner's distinctively Orwellian version of cultural materialism between 1981 and 2015 The essays address three substantive areas the sociology of literature cultural materialism and the cultural politics of the New Left and utopian and science fiction studies They are bookended by two conversations between Milner and his editor J R Burgmann the first looking back retrospectively on the development of Milner's thought the second looking forward prospectively towards the future of academia the political left and science fiction **Libertarian Alternative** Chris Berg, 2016-05-02

Libertarianism the philosophy of government that pairs free market economics with social liberalism presents a vigorous and viable political alternative to the old Left Right partisan shouting match Libertarianism offers surprising new solutions to stagnant policy debates over issues such as immigration and civil rights and provides a framework for tackling contemporary problems like privacy the environment and technological change In The Libertarian Alternative Chris Berg offers a new agenda for restoring individual liberty in Australia revitalising politics and strengthening our sagging economy **Overland**

, 1990 **Globalising Australian Capitalism** Robert Catley, 1996-10-07 Tells the story of Australia's integration into the international economy It traces the Australian economy from Federation to its downturn the 1970s and assesses the current state of play Topics include the rise of economic rationalism demographic and social repercussions of globalisation and the emerging power of the Asia Pacific region **Opposition Vanishing** Ashley Lavelle, 2017-09-02 This book questions the

common understanding of party political behaviour explaining some of the sharp differences in political behaviour through a focused case study drawing systematically on primary and archival research of the Australian Labor Party's political and policy directions during select periods in which it was out of office at the federal level from 1967-72 1975-83 and 1996-2001 Why is it that some Oppositions contest elections with an extensive array of detailed policies many of which contrast with the approach of the government at the time while others can be widely criticised as policy lazy and opportunistic seemingly capitulating to the government of the day Why do some Oppositions lurch to the right while others veer leftward Each of these periods was in its own way crucial in the party's history and each raises important questions about Opposition behaviour The book examines the factors that shaped the overall direction in which the party moved during its time in Opposition including whether it was oriented towards emphasising programmes traditionally associated with social democrats such as pensions unemployment support and investment in public health education infrastructure and publicly owned enterprises as well as policies aimed at reducing the exploitation of workers In each period of Opposition examined an argument is made as to why Labor moved in a particular direction and how this period compared to the other periods

surveyed The book rounds off with analysis of the generalisability of the conclusions drawn how relevant are they for understanding the behaviour of other parties elsewhere in the world Where are social democratic parties such as the ALP heading Is Opposition an institution in decline in the Western world Inequality in Australia Alastair Greig, Frank Lewins, Kevin White, 2003-02-17 This text seeks to analyse and explain inequality challenging traditional conceptions and providing a new critical perspective The authors provide a comprehensive historical account of inequality and show how that account no longer adequately explains the new and different forms of inequality experienced in recent decades As society has changed they argue new forms of inequality have emerged conditioning the subject s very experience of identity embodiment and politics The book is at once a critical overview of contemporary inequality and a thorough going textbook suitable for undergraduates
