B. James, 2016-10-21 Little Berry born in the savage Maine wilderness watches as her father is swept away by a flood wave and her mother is carried off by savage wolves never to be seen again Orphaned and alone she is discovered by the kindly Ms Parks who operates a trading store in the remote valley not far from Bar Harbor known as the Valley of the Four Ponds Mentored by Ms Parks Little Berry stuns her when she begins to speak and soon can read books Not only can Little Berry speak English she can speak numerous languages It was if she had been alive for many years and even perhaps had existed as many beings and maybe had once been human Surrounded by savage wolves and bears Little Berry rallies a small band of young beavers to her side Realizing Little Berrys great abilities the beavers elect her as their queen Her cousins the twins better known as Chunk and Crunch become her bodyguards Soon the Queen is winning over some of the bears such as Sleepy Pete with great kindness while fighting the wolves led by such fierce leaders as One Eyed Jack and the Devils Breath Along the way Toasty a tall lean bull beaver learns to start fires and fly a plane The Queen with the help of the twins finds a giant egg in a cave which reveals the greatest surprise of all Added to the mix of tales is Catalina Cougar who kidnaps the Queen but in the end she is saved by a small kit beaver known as Little Ace There are beaver baseball games and many other tales of adventure as the Queen and her furry friends meet the wolves in the climatic battle Within these pages are many tales of fun and adventure as told by the Queen and her bucktoothed friends **Most Secret** Nevil Shute, 2022-08-10 In *Most Secret* Nevil Shute masterfully intertwines elements of suspense and espionage within a narrative centered on the secretive operations of World War II The novel is marked by Shute s characteristic prose which strikes a delicate balance between straightforward storytelling and layered thematic exploration As reader follows the protagonist a haunting sense of urgency permeates the tale shedding light on the moral quandaries that arise in times of war and the

sacrifice required for the greater good Shute's acute attention to detail not only builds a realistic portrayal of wartime aviation but also reflects the anxieties of a society on the brink of uncertainty and conflict Nevil Shute an accomplished aeronautical engineer and novelist drew upon his own experiences in aviation and his keen understanding of human nature to craft this compelling narrative His background not only informs the technical aspects of the story but also imbues it with an authenticity that resonates with readers Shute's acute observations of humanity's resilience in times of crisis often mirror his own life experiences during the tumult of the war echoing the complexities of loyalty and morality *Most Secret* is highly recommended for readers interested in historical fiction that delves into the psychological depths of wartime decisions Shute's nuanced character development and engrossing plot twist invite contemplation on the ethics of espionage and the clandestine operations that define conflicts This title is essential for those wanting to gain insight into the intricate landscape of human motivations amidst the chaos of war
