The Logic Of The Humanities

EW Minium

The Logic Of The Humanities:

The Logic of the Humanities Ernst Cassirer, 1967 *The Logic of the Sciences and the Humanities* Filmer Stuart Cuckow Northrop, 1983 *The Logic of the Sciences and the Humanities* Filmer S. C. Northrop, 1957 *The Logic of the Sciences and the Humanities* Filmer S. C. Northrop, 1971 **The Logic of the Cultural Sciences** Ernst Cassirer, 2000 This new translation of *The Logic of the Cultural Sciences* formerly entitled *The Logic of the Humanities* makes Ernst Cassirer's classic study long out of print available to English readers. A German Jew living in exile at the beginning of the Second World War, Cassirer wrote this book, one of his clearest and most concise, in response to the crises besetting his era. It represented to him a rethinking and completion of his magnum opus *The Philosophy of Symbolic Forms*. S. G. Lofts's translation stays close to the original German and accurately reflects the echoes of the philosophical debates of Cassirer's day. In the book's five linked studies, Cassirer considers the intellectual structure of the disciplines we commonly refer to as the humanities. He defines and justifies the basic philosophical perspective of the philosophy of symbolic forms and he contributes a wealth of ideas to continuing debates about culture and what is unique in human nature. *A New Approach to Logic in the Humanities* Chad Hansen, 2015-01-12 **Pluralism in Management** Eirik Irgens, 2011-05-09 In *Pluralism in Management*, author Eirik Irgens utilizes Ernst Cassirer's pluralistic philosophy in order to investigate how different but connected forms of knowing including art, myth, religion, science, and history may help us become better organizational scholars and management educators, forcing us to consider elements outside of a purely practical existence. Revitalizing Cassirer's almost forgotten philosophy, the book illustrates the value of philosophical application to organizational study. **The Novelness of Bakhtin** Jørgen Bruhn, Jan Lundquist, 2001 During the last 30 years, the Russian thinker M. M. Bakhtin has achieved great international recognition for his work with, among other subjects, literary theory and philosophy of language, and inspiration from his research is to be seen in almost all fields of the human sciences. However, Bakhtin's authorship focused primarily on one particular phenomenon: the novel. In this book, the world's leading Bakhtin scholars discuss Bakhtin's special understanding of the novel both in relation to the status the novel occupies in the existing theoretical and philosophical debate and in the historical context in which it was created. Articles such as Michael Holquist's *Why is God's Name a Pun?*, Bakhtin's *Theory of the Novel*, and Theo Philology and Derek Littlewood's *Epic and Novel in Magic Realism* have been revised and augmented for the publication. **Hermann Cohen** Samuel Moyn, Robert S. Schine, 2021-07-15 Hermann Cohen (1842-1918) was among the most accomplished Jewish philosophers of modern times. This newly translated collection of his writings illuminates his achievements for student readers and rectifies lapses in his intellectual reception by prior generations. *Tropological Thought and Action* Marko Živković, Jamin Pelkey, James W. Fernandez, 2021-01-14 From twilight in the Himalayas to dream worlds in the Serbian state, this book provides a unique collection of anthropological and cross-cultural inquiry into the power of rhetorical tropes and their relevance to the formation and analysis of social thought and action through a series of ethnographic essays offering in

depth studies of the human imagination at work and play around the world

Enjoying the Melody of Appearance: An Emotional Symphony within **The Logic Of The Humanities**

In some sort of taken by displays and the ceaseless chatter of fast interaction, the melodic splendor and emotional symphony developed by the prepared word often disappear in to the backdrop, eclipsed by the relentless noise and distractions that permeate our lives. But, nestled within the pages of **The Logic Of The Humanities** an enchanting literary treasure brimming with organic emotions, lies an immersive symphony waiting to be embraced. Crafted by a masterful musician of language, that charming masterpiece conducts viewers on an emotional journey, skillfully unraveling the concealed songs and profound impact resonating within each cautiously constructed phrase. Within the depths with this poignant evaluation, we will examine the book is key harmonies, analyze their enthralling writing model, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
