The Logical Choice How Political Commercials Use Logic To Win Votes:

The Logical Choice Elizabeth M. B. G. Hughes,1994 **A Functional Analysis of Political Television**

Advertisements William L. Benoit,2014-04-01 A Functional Analysis of Political Television Advertisements examines theory and research on election advertisements William Benoit employs the Functional Theory of Political Campaign Discourse to understand the nature or content of television spots in election campaigns Beginning with a look at American presidential spots from 1952 2012 Benoit investigates the three functions acclaims attacks and defenses and the topics of policy and character for these groups of political commercials The following chapters are devoted to reporting similar data on presidential primary advertisements presidential third party spots other theories including Issue Ownership Theory and Functional Federalism Theory as well as nonpresidential and non U S election advertising Benoit considers the data discusses the development of political advertising over time and finally presents areas for further research This book is a uniquely comprehensive examination of the value and use of television spots in political election rhetoric Electronic Whistle-Stops Gary W. Selnow,1998-03-25 Fifty years ago the political whistle stop tour was thus named because trains blew their whistles twice when making unscheduled stops in backwater towns Like its distant cousin the electronic whistle stop brings the candidate s message directly to the people but with one outstanding difference the new whistle stop offers politicians an accuracy efficiency and success at voter persuasian unimaginable to by earlier whistle stoppers such as Harry Truman As Selnow shows American political campaigns have an extraordinary affinity for electronic devices They have seized upon electronic bulletin boards home pages and electronic libraries Since political campaigns are communication campaigns Selnow concludes that candidates who successfully inform persuade enlighten and even confuse voters will win votes Selnow also examines the debate between those who argue that new technologies have improved efficiency and those who believe that the innovations have affected society in other ways Scholars and students of American political communication must read this book the lively style will also make it exciting reading for anyone interested in this new political tool

Perspectives on Radio and Television F. Leslie Smith,David H. Ostroff,John W. Wright,2023-05-31 This textbook describes the field of radio and television in the United States presents the material in a manner the reader can grasp and enjoy and makes the book useful for the classroom teacher Written for adaptation to individual teaching situations the book is divided by subject matter into logical chapter divisions that can be assigned in the order appropriate for specific course students Each chapter stands by itself but the book is also an integrated whole It is easy to understand at first reading by beginning radio television majors or nonmajor elective students alike To give readers a complete picture of the field subjects such as ethics careers and rivals to U S commercial radio and television are included **Seeing Spots** William L. Benoit,1999-07-30 Benoit provides a comprehensive analysis of presidential television spots from every campaign that used this important message form from the 1952 campaign through the last national campaign in 1996 More than 1 600

presidential spots are analyzed from both primary and general campaigns Republican Democratic and third party candidate advertisements are analyzed He uses the Functional Theory of Political Campaign Discourse analyzing themes in spots as acclaims self praise attacks criticism and defenses responses to attacks Themes are classified according to topic Each of these topics is broken down further policy past deeds future plans general goals character personal qualities leadership ability ideals Contrasts are made between spots from Republicans and Democrats as well as third parties incumbents and challengers and winners and losers The spots from candidates who led trailed or were in close races also are contrasted Spots are becoming more negative over time Benoit concludes in both primary and general campaigns General campaigns are more negative than primary campaigns Democrats are more negative than Republicans and challengers are more negative than incumbents There are no differences between winners and losers However candidates who trailed throughout the campaign were most negative while candidates in close races were most positive An important analysis for scholars and researchers in political communication and American presidential politics A Comparative Study of the Political Communication Styles of Bill Clinton and Tony Blair Olugbenga Chris Ayeni,2005 Expands the database in comparative cross national political communication and thereby establishes the basis for generalizations about and comparisons of the campaign styles of Blair and Clinton **American Journalism** ,1996 **Argumentation and Advocacy** ,2006
