The Lost Tradition Of American Letters:

The Lost Tradition of American Letters Willard Thorp, 2013-10 This is a new release of the original 1945 edition History of the American Privateers, and Letters-of-marque, During Our War with England in the Years 1812, '13, and '14 George Coggeshall, 1861 **History of the American Privateers, and Letters-of-marque** George Coggeshall, 1856

Quoting Shakespeare Douglas Bruster, 2000-01-01 William Shakespeare is perhaps the most frequently quoted author of the English speaking world His plays in turn quote a wide variety of sources from books and ballads to persons and events In this dynamic study of Shakespeare s plays Douglas Bruster demonstrates that such borrowing can illuminate the world in which Shakespeare and his contemporary playwrights lived and worked while also shedding light on later cultures that quote his plays In contrast to the New Historicism s sometimes arbitrary linkage of literary works with elements drawn from the surrounding culture Quoting Shakespeare focuses on the resources that writers used in making their works Bruster shows how this borrowing can give us valuable insight into the cultural historical and political positions of writers and their works Because Shakespeare s plays have often been quoted by other writers this study also examines what subsequent uses of Shakespeare s plays reveal about the writers and cultures that use them In this way Quoting Shakespeare insists that literary production and reception are both integral to a historical approach to literature **American Literature: Classification**

Skemp, 2011-08-24 Judith Sargent Murray 1751 1820 poet essayist playwright and one of the most thoroughgoing advocates of women s rights in early America was as well known in her own day as Abigail Adams or Martha Washington Her name though has virtually disappeared from the public consciousness Thanks to the recent discovery of Murray s papers including some 2 500 personal letters historian Sheila L Skemp has documented the compelling story of this talented and most unusual eighteenth century woman Born in Gloucester Massachusetts Murray moved to Boston in 1793 with her second husband Universalist minister John Murray There she became part of the city s literary scene Two of her plays were performed at Federal Street Theater making her the first American woman to have a play produced in Boston There as well she wrote and published her magnum opus The Gleaner a three volume miscellany that included poems essays and the novel like story Margaretta After 1800 Murray s output diminished and her hopes for literary renown faded Suffering from the backlash against women s rights that had begun to permeate American society struggling with economic difficulties and concerned about providing the best possible education for her daughter she devoted little time to writing But while her efforts diminished they never ceased Murray was determined to transcend the boundaries that limited women of her era and worked tirelessly to have women granted the same right to the pursuit of happiness immortalized in the Declaration of Independence She questioned the meaning of gender itself emphasizing the human qualities men and women shared arguing that the apparent distinctions were the consequence of nurture not nature Although she was disappointed in the results of

her efforts Murray nevertheless left a rich intellectual and literary legacy in which she challenged the new nation to fulfill its promise of equality to all citizens

A New Literary History of America Greil Marcus, Werner Sollors, 2012-05-07 America is a nation making itself up as it goes along, a story of discovery and invention unfolding in speeches and images, letters and poetry, unprecedented feats of scholarship and imagination. In these myriad, multiform, endlessly changing expressions of the American experience, the authors and editors of this volume find a new American history. In more than two hundred original essays, *A New Literary History of America* brings together the nation's many voices. From the first conception of a New World in the sixteenth century to the latest re-envisioning of that world in cartoons, television, science fiction, and hip hop, the book gives us a new kaleidoscopic view of what Made in America means. Literature, music, film, art, history, science, philosophy, political rhetoric, cultural creations of every kind appear in relation to each other and to the time and place that give them shape. The meeting of minds is extraordinary as T. J. Clark writes on Jackson Pollock, Paul Muldoon on Carl Sandburg, Camille Paglia on Tennessee Williams, Sarah Vowell on Grant Wood's American Gothic, Walter Mosley on hard-boiled detective fiction, Jonathan Lethem on Thomas Edison, Gerald Early on Tarzan, Bharati Mukherjee on *The Scarlet Letter*, Gish Jen on *Catcher in the Rye*, and Ishmael Reed on Huckleberry Finn. From Anne Bradstreet and John Winthrop to Philip Roth and Toni Morrison, from Alexander Graham Bell and Stephen Foster to Alcoholics Anonymous, Life, Chuck Berry, Alfred Hitchcock, and Ronald Reagan, this is America singing, celebrating itself and becoming something altogether different, plural, singular, new.
