A History of the Dublin Metropolitan Police and its Colonial Legacy Anastasia Dukova, 2016-10-10 This book illuminates the neglected history of the Dublin Metropolitan Police a history that has been long overshadowed by existing historiography which has traditionally been preoccupied with the more radical aspects of Irish history It explores the origins of the institution and highlights the Dublin Metropolitan Police's profound influence on the colonial forces as its

legacy reached some of the furthest outposts of the British Empire In doing so Anastasia Dukova provides much needed nuance and complexity to our understanding of Ireland as a whole and Dublin in particular demonstrating that it was far more than a lawless place ravaged by political and sectarian violence Simultaneously the book tells the story of the bobby on the beat the policeman who made the organisation his work and day the conditions of service and how they affected or bettered his lot at home and abroad *Homicide in Pre-famine and Famine Ireland* Richard McMahon (Research fellow),2013 The book provides a quantitative and contextual analysis of homicide in pre Famine and Famine Ireland placing the Irish experience within a comparative framework and drawing wider inferences about the history of interpersonal violence in Europe and beyond *Women, Crime and Punishment in Ireland* Elaine Farrell,2020-10 Focusing on women s relationships life circumstances and agency Elaine Farrell reveals the voices emotions and decisions of incarcerated women and those affected by their imprisonment offering an intimate insight into their experiences of the criminal justice system across urban and rural post Famine Ireland **Irish Studies** Marti D. Lee,Ed Madden,2009-10-02 Highlighting the work of both established and emerging scholars in Irish studies this collection brings together fifteen essays working at the intersection of two important and developing fields of Irish studies gender studies and cultural geography Developed from papers first presented at a regional meeting of the American Conference for Irish Studies in South Carolina in 2006 not only does this work suggest the importance of linking gender and geography but it also suggests in the range of literary and historical topics the rich interdisciplinary nature of Irish studies at present Central to all of the essays is an attention to intersections of gender and sexual identity formation with the politics of place and space Although considerations of geographic space have long been staples of Irish cultural studies especially in relation to political identities these pieces suggest the critical importance of linking spatial and geographic analysis more clearly to ongoing examinations of gender and sexuality From institutions such as the Magdalen laundries and the prison to the domestic garden and home across urban and rural landscapes from the Dublin GPO to a St Patty s festival in the southern United States this book examines the local and human contexts of identity formation and performance **Violence in Europe** Sophie Body-Gendrot,Pieter Spierenburg,2008-01-08 Sophie Body Gendrot How much related are present and past violence The answers are complex due to the limited knowledge scientists have gathered even after spending a life time studying this very enigmatic and most serious social phenomenon called violence All authors agree that the present level of interpersonal violence cannot be sufficiently understood without taking the earlier long term decrease into account Ted Robert Gurr 1981 1989 was one of these pioneers who und took a statistical overview of the development of homicides from the Middle Ages to the present looking at England in particular On his curve 20 ho cides per 100 000 inhabitants were recorded in the High and Late Middle Ages and one case in the twentieth century put an end to the curb Gurr interpreted this long term decrease in interpersonal violence as a manifestation of cultural change in Western society especially the growing sensitization to violence and the

development of an increased internal and external control on aggressive behavior Gurr 1981 258 Currently both the present and the past have to be considered in any attempt to answer the following questions is the higher incidence of violence which still prevails a temporary exception or a new trend related to structural dynamics of modern societies In which regions of Europe is it more specifically pronounced More generally this volume claims that historical knowledge of changes in violent behavior and of violence forms an indispensable contribution to an understanding of the manifestations of violence in contemporary societies
