THE GROUNDWORK: Genesis of the mediaeval genius Henry Osborn Taylor, 1911 The Mediaeval Mind Henry Osborn Taylor, 1925 *Art History at the Crossroads of Ireland and the United States* Cynthia Fowler, Paula Murphy, 2022-05-12 Taking the visual arts as its focus this anthology explores aspects of cultural exchange between Ireland and the United States Art historians from both sides of the Atlantic examine the work of artists art critics and art promoters Through a close study of selected paintings and sculptures photography and exhibitions from the nineteenth century to the present the depth of the relationship between the two countries as well as its complexity is revealed The book is intended for all who are interested in Irish American interconnectedness and will be of particular interest to scholars and students of art history visual culture history Irish studies and American studies

Ireland and the Reception of the Bible Bradford A. Anderson, Jonathan Kearney, 2018-04-19 Drawing on the work of leading figures in biblical religious historical and cultural studies in Ireland and beyond this volume explores the reception of the Bible in Ireland focusing on the social and cultural dimensions of such use of the Bible This includes the transmission of the Bible the Bible and identity formation engagement beyond Ireland and cultural and artistic appropriation of the Bible The chapters collected here are particularly useful and insightful for those researching the use and reception of the Bible as well as those with broader interests in social and cultural dimensions of Irish history and Irish studies The chapters challenge the perception in the minds of many that the Bible is a static book with a fixed place in the world that can be relegated to ecclesial contexts and perhaps academic study Rather as this book shows the role of the Bible in the world is much more complex Nowhere is this clearer than in Ireland with its rich and complex religious cultural and

social history This volume examines these very issues highlighting the varied ways in which the Bible has impacted Irish life and society as well as the ways in which the cultural specificity of Ireland has impacted the use and development of the Bible both in Ireland and further afield Irish Arts Review ,2007 **Art Studies** Frank Jewett Mather,1928
